All,

I would like to state that the most qualified individual seeking the Interim Council position is Dianna MacDonald. She knows how government agencies work. There will be a very short learning curve for her. Her involvement in many different aspects of our community is a plus as are her skills in public finance. I recommend she be your choice.

Hi there City Council!

Have reviewed all the applications/resumes and talked to people who know people, and have concluded **James DeVore would be the best representative for Oakmont.**

Thank you,

Judie
