

CITY OF SANTA ROSA
CITY COUNCIL

TO: MAYOR AND CITY COUNCIL
FROM: MEGAN BASINGER, DIRECTOR
HOUSING AND COMMUNITY SERVICES
SUBJECT: SUBMITTAL OF AN APPLICATION TO THE STATE OF
CALIFORNIA DEPARTMENT OF HOUSING AND COMMUNITY
DEVELOPMENT'S INFILL INFRASTRUCTURE GRANT
PROGRAM FOR AN AMOUNT NOT TO EXCEED \$22 MILLION
FOR A QUALIFIED INFILL AREA

AGENDA ACTION: RESOLUTION

RECOMMENDATION

It is recommended by the Housing and Community Services and the Transportation and Public Works Departments, in conjunction with the Renewal Enterprise District, that the Council, by resolution: 1) approve the submittal of a grant application to the State of California Department of Housing and Community Development's Infill Infrastructure Grant Program in an amount not to exceed \$22 million for a Qualified Infill Area – 2022 Santa Rosa Infill QIA; and 2) authorize the approval and execution of a Standard Agreement and any amendments thereto and any other necessary documents related to the grant.

EXECUTIVE SUMMARY

The Renewal Enterprise District (RED) has coordinated and prepared an application to the California Department of Housing and Community Development's (HCD) Infill Infrastructure Grant (IIG) Program for up to \$22 million in infrastructure associated with a Qualified Infill Area (QIA) known as the "2022 Santa Rosa Infill QIA." The QIA incorporates projects located within the greater downtown area. The IIG funds for capital improvements will be dedicated to improvements at Martin Luther King Jr. Memorial (MLK) Park in the South Park neighborhood. The QIA's identified units must include at least 15% of the units as affordable through regulatory restrictions.

BACKGROUND

In June 2022, HCD released the Infill Infrastructure Grant (IIG) Program Notice of Funding Availability (NOFA) for approximately \$160 million; IIG Guidelines require the applicant for a QIA to be either a city, county or public housing authority with jurisdiction

of the area. The RED, in coordination with City staff, has developed an application for a QIA that incorporates several development projects in the greater downtown area.

As required by the IIG NOFA, the proposed QIA incorporates several proposed housing developments that will incorporate at least 15% affordable units for a minimum of 55 years. Awarded funds are used to pay the costs of the infrastructure associated with the units. The projects that are included in the QIA are:

	Project	Total Units	Market Rate Units	Affordable Units
1	Ponderosa Village	50	1	49
2	556 Ross Street Apartments	118	118	0
3	Bennett Valley Apartments	61	0	61
4	Caritas Homes Phase II	63	0	63
5	Downtown Station Phase I	114	105	9
6	Pullman Phase III	44	38	6
		450	262	188

HCD's IIG Guidelines require the City to submit the application for up to \$22 million in capital infrastructure improvements associated with the QIA, as the City has jurisdiction over the development sites. Receipt of the grant funds from HCD will provide funding that does not require repayment and contributes to the financing for the projects identified in the QIA.

PRIOR CITY COUNCIL REVIEW

Not applicable.

ANALYSIS

Pursuing this grant opportunity and being awarded up to \$22 million in IIG funds will assist with the construction of infrastructure associated with 450 new housing units, including 173 units affordable to households at or below 60% of AMI, and will assist the City in meeting the following goals:

- Meet housing needs – assist with financing construction of 450 housing units; and
- Invest in and sustain infrastructure and transportation – construct infrastructure improvements associated with the QIA.

PAGE 3 OF 3

The submittal of the grant application to HCD allows the City to compete for resources needed to construct the infrastructure that benefits market rate and affordable housing units. If the application is not submitted or if the application is not awarded funds, the timelines for the identified residential developments may be delayed, and the developers may be required to seek other financial resources to construct the projects.

If the grant funds are awarded, the funds will be distributed as work is completed in the QIA. Program guidelines require that the housing units begin construction within two (2) years of grant award and that construction of the housing units is completed within three (3) years of award. The developers of the identified housing projects have indicated that it will be able to meet HCD's timeliness requirements. The City will not be held liable for the construction and continued operation of the housing units.

FISCAL IMPACT

Approval of this action does not have a fiscal impact on the General Fund.

ENVIRONMENTAL IMPACT

This action is exempt from the provisions of the California Environmental Quality Act (CEQA) under CEQA Guidelines Section 15061(b)(3) and 15378 in that there is no possibility that the implementation of this action may have significant effects on the environment, and no further environmental review is required.
