

DRAFT

AGRICULTURE RECYCLED WATER MISCELLANEOUS FEE SCHEULE

Per Resolution # _____

Approved October 3, 2019 / Effective December 3, 2019

YEAR	Fee
December 3, 2019	\$0.00 per acre foot
January 1, 2021	\$12.50 per acre foot
January 1, 2022	\$25.00 per acre foot
January 1, 2023	\$37.50 per acre foot
January 1, 2024 forward	\$50.00 per acre foot

- *Fees will be suspended if agriculture users are using recycled water at the request of Santa Rosa Water to assist with a reduction in capacity in the storage ponds or for additional disposal options.*
- *Users currently paying fees would be at the amount listed above when the fee goes into effect.*
- *Users currently in agreements with no fees due would begin to pay fees at the expiration of the current agreement and execution of a new agreement at the rate in effect for that year.*
