CONDITIONAL USE PERMIT PROJECT DISCRPTION

Tattoo Haven will be a tattoo and art studio. As the sole proprietor, I plan on being open Sunday through Wednesday from approximately 11am to 7pm. As the business expands I plan to have the shop open seven days a week for roughly the same hours of operation. Tattoo Haven will begin with one artist and no employees, but as I bring on apprentices I plan to top out at four employees all performing tattoos only on site, and one office manager who will handle the clerical side of the business. On occasion I will host guest artists from around the world to tattoo at the studio, but they will be short stays not exceeding a week.

At Tattoo Haven, we will not be performing piercing, permanent make-up, or tattoo removal on premises. I may expand to selling merchandise on property including sweat shirts, tank tops, t-shirts, hats, art prints, paintings, and stickers.

The shop will start out as an appointment only establishment, not catering to walk-in requests for tattoos. However, as the shop procures new artists, the shop may need to revisit the appointment only modality and allow for walk-ins to be accommodated. As clients are scheduled for appointments, they will be directed to park in the long term parking lot between 5th and 6th street west of Santa Rosa Ave as not to congest 4th St street parking.

If any of these items need clarification, or if I missed an important detail, please do not hesitate to contact me for an immediate response at troy.harper@yahoo.com. Thank you for your consideration.
