

## **Cooperative Agreement for Implementation of the Sonoma-Mendocino Immediate Drought Relief Project**

This agreement (“Agreement”) is by and between **Sonoma County Water Agency**, a body corporate and politic of the State of California (“Water Agency”) and **City of Santa Rosa**, a government agency (“City”). The Effective Date of this Agreement is the date the Agreement is last signed by the parties to the Agreement, unless otherwise specified in Article 8 (Term of Agreement).

### **RECITALS**

- A. California recently experienced a significant drought that has reduced water storage levels to unprecedented low levels and caused critical water shortages in some communities in Sonoma and Mendocino Counties. The Sonoma-Mendocino Immediate Drought Relief Project (Project) offers immediate drought relief and long-term water savings. The Project will increase water use efficiency and increase drought resilience in the region for years to come and is in part a response to the Governor’s emergency drought declaration that set a 20 percent water demand reduction goal. The Project will reduce demand for water from Lake Mendocino and from local groundwater supplies and launch a scalable water conservation program in areas affected by the drought that have not historically implemented water conservation programs by providing incentives directly to customers.
- B. This Project is financed under Proposition 84 (The Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006) Integrated Regional Water Management (IRWM) Grant Program, administered by the California Department of Water Resources (DWR) through the County of Humboldt. The Project was one of twelve projects funded through the North Coast Resource Partnership.
- C. The grant will fund Best Management Practices including a turf conversion rebate program to convert high-water-using landscaping (turf) to climate appropriate landscaping (low water-use plants).
- D. The participating entities are committed to water use efficiency to ensure adequate water supply during future drought periods.

In consideration of the foregoing recitals and the mutual covenants contained herein, the parties hereto agree as follows:

"Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. Nothing in this Article 13 limits Water Agency's right to terminate this Agreement pursuant to Article 9 (Termination).

### **14. ASSIGNMENT AND DELEGATION**

14.1. *Consent:* Neither party hereto shall assign, delegate, sublet, or transfer any interest in or duty under this Agreement without the prior written consent of the other, and no such transfer shall be of any force or effect whatsoever unless and until the other party shall have so consented.

- 14.3. *Change of Subcontractors or Subconsultants*: If, after execution of the Agreement, parties agree that subconsultants not listed in Paragraph 14.2 will be utilized, City may enter into subcontracts with subconsultants to perform other specific duties pursuant to the provisions of this Paragraph 14.2. The following provisions apply to any subcontract entered into by City other than those listed in Paragraph 14.2 above:
- a. Prior to entering into any contract with subconsultant, City shall obtain Water Agency approval of subconsultant. All agreements with subconsultants shall (a) contain indemnity requirements in favor of Water Agency and the State of California in substantially the same form as that contained in Article 10, (b) contain language that the subconsultant may be terminated with or without cause upon reasonable written notice, and (c) prohibit the assignment or delegation of work under the agreement to any third party.
- 14.4. *Summary of Subconsultants' Work*: City shall provide Water Agency with a copy of subconsultant contract and summary of work performed by subconsultants with each invoice submitted under Paragraph 7.3. This restriction shall not apply when potable water is not available.

- 15.4. *Consent:* Wherever in this Agreement the consent or approval of one party is required to an act of the other party, such consent or approval shall not be unreasonably withheld or delayed.

No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed by both parties.
- 15.9. *Survival of Terms:* All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.
- 15.10. *Time of Essence:* Time is and shall be of the essence of this Agreement and every provision hereof.
