

MILGARD TUSCANY WHITE VINYL BLOCK FRAME SLOPE SILL WITH LOW-E GLASS

- Tuscan Series can be used for new construction or retrofit applications as it offers block frame and Z-bar frames in addition to nail fins.
- Awning and Casement Hardware - Tuscan Series awning and casement windows come with folding nesting hardware
- The block frame style is a window frame profile without a nail fin. The block frame allows an installer to insert the replacement window into the existing frame, without disturbing the home's internal or external wall surfaces. Installation method includes carefully drilling through the jamb.
- Tuscan - windows currently meet or exceed ENERGY STAR® performance in all climate zones with a 0.35 u-factor or lower. Specialty glass options are available upon request which can help achieve as much as a 26% improvement in u-factor. Specialty glass options for privacy, noise abatement and aesthetics are available upon request.
- Screen - Milgard's exclusive PureView® screen frames are cambered aluminum, assembled with rigid nylon corner clips. Rolled pull rail provides simple installation and removal. Screens come standard with matching frame color.
- Windows using block frame design for impact to exterior stucco. Windows can be removed from the interior with only removal of interior jams and can be easily replaced back to wood.

Single Hung and Double Hung Window

Single Hung

On the Tuscany Series and Montecito® Series single hung window, the bottom sash slides upward—the top sash is permanently fixed. The double hung window gives you its unique high and low ventilation with both sashes operable. They can be ordered as individual windows, in double or triple wide combinations or even with a center fixed lite.

The Tuscany Series and Montecito Series vinyl single and double hung windows offer the outstanding insulating properties, low maintenance, and contemporary aesthetic appeal only vinyl can provide. Available in white, tan, and clay (select regions), as well as premium painted exteriors. The windows will maintain their color and shape and can be constructed to your exact size specifications, subject to engineering review.
