Jessica, Please follow through with the revocation of the STR permit for this property. These owners have been some of the most egregious violators of the STR ordinance. They have consistently ignored provisions of both the STR ordinance and the building code. Their actions have created an ongoing nightmare for all their neighbors. All of us who have been actively involved with the STR issue over the past few years have found these owners to be some of, if not the most, disrespectful of both the neighbors and the ordinances of the city. Please, please, please shut them down. Rick Abbott

Subject: [EXTERNAL] Revocation of short term rental permit: 1611 Manzanita Ave
Date: Wednesday, July 31, 2024 4:19:40 PM

I am sending this note to strongly support the revocation of the STR permit for 1611 Manzanita Ave.

The owners of this property have subjected the neighborhood to a SIGNIFICANT number of abuses during their operation, most of which have been identified to the city enforcement system, to no avail.

The behavior of this operator is the textbook story of the very worst nightmare activity for a neighborhood, and they should not be allowed to continue.

Please deny their appeal and revoke the STR permit.

Thank you.

Rob Senn
