15. REPORT ITEMS

15.1 REPORT - RE-CERTIFICATION OF SEWER SYSTEM MANAGEMENT PLAN (SSMP) AND DELEGATION OF APPROVAL AUTHORITY FOR FUTURE RE-CERTIFICATIONS TO THE BOARD OF PUBLIC UTILITIES

BACKGROUND: On May 2, 2006, the State Water Resources Control Board (SWRCB) adopted Order No. 2006-0003 Statewide General Waste Discharge Requirements (WDR) for Sanitary Sewer Systems, developing a regulatory mechanism to provide a consistent statewide approach for reducing sanitary sewer overflows (SSOs). The City's sanitary sewer system is subject to this WDR, which required each agency to create a Sewer System Management Plan (SSMP). The WDR requires that the SSMP be updated and re-certified every five years. Re-certification and submittal to the State is due by May 1, 2019. Delegating approval authority for future re-certifications to the Board of Public Utilities will streamline the process of adopting future revisions and is consistent with the general policy and management authority over the water and sewer utilities granted to the Board under Section 25 of the Charter of the City of Santa Rosa.

RECOMMENDATION: It is recommended by the Water Department and the Board of Public Utilities that Council, by resolution, approve re-certification of the Sewer System Management Plan (SSMP) as required by the State Water Resources Control Board Order No. 2006-0003 Statewide General Waste Discharge Requirements for Sanitary Sewer Systems and delegate authority to the Board of Public Utilities to approve future re-certifications of the SSMP.

The Laguna Treatment Plant is a tertiary-level treatment facility permitted for 21.34 million gallons per day (MGD) average dry weather flow. The operating Agreement requires that the City annually prepare a Preliminary Budget and Allocation of Costs for the Subregional System and notify the User Agencies of these costs by May 1 of each year. Each year, Santa Rosa Water staff present the proposed budget and allocation of costs to be reviewed by the Subregional Technical Advisory Committee (TAC), the Board of Public Utilities (BPU) and the Council of the City of Santa Rosa prior to noticing the partners of operating and debt service costs due.

The Subregional Operations and Maintenance (O&M) Fund budget request is \$31,354,411 the Subregional cash-funded Capital Improvement Program (CIP) request is \$6,000,000 and the Subregional debt service due is \$22,966,151.

15.3 REPORT - REIMBURSE 50% SHARE OF REPAIR COSTS TO SONOMA COUNTY LIBRARY FOR REPAIR OF SCREW COMPRESSOR

BACKGROUND: The City of Santa Rosa and Sonoma County Library have a Joint Powers Agreement signed April 30, 2014 for three Santa Rosa libraries - Coddington, Rincon Valley, and Central. recently failed at the central library. Labor and material costs for the completed repair are \$92,983.60. The library requests a 50% reimbursement for the City's share of costs.
