City Attorney Gallagher informed the Council that for Council to place this item on the ballot in 2024, they would need to call the special election for 2024 prior to taking a vote to add it and they could not vote on the issue at this meeting as it was not an item for action on the agenda.

These statutes require any state or local law enforcement agency that uses or wants to acquire "military equipment" defined in the statute to have created a written policy detailing the acquisition and use of the equipment which is adopted by ordinance.

Enumerated through the above Government Codes, AB 481 creates 15 categories of items deemed military equipment.

14. REPORT ITEMS

- 14.1** **REPORT - MAHONIA GLEN - REQUEST FOR SUMMARY VACATION
OF ONE STORM DRAIN EASEMENT**

BACKGROUND: Mahonia Glen is an approved project that involves the redevelopment of the former Prickett's Nursery site at 5173 Hwy 12. This affordable housing project was approved in June 2020 pursuant to Senate Bill 35, which mandates a streamlined, ministerial review process for projects which would typically require discretionary design review. The multi-structure housing complex will include 99 residential units, 98 of which will be deed-restricted as affordable housing and one of which will be reserved for an onsite manager. The campus will also have a community building, outdoor common areas, trash and storage areas and parking. MidPen Housing is the applicant and operator of the housing development.

On April 20, 2022, Planning and Economic Development received an application seeking a summary vacation of the subject easement. Vacating the easement is necessary for the construction of the Mahonia Glen housing project because no structures are allowed within storm drain easements.

RECOMMENDATION: It is recommended by the Planning and Economic Development Department that the Council, by resolution: 1) approve a summary vacation of the storm drain easement that bisects the property at 5173 Highway 12, to allow the development of Mahonia Glen, a 99-unit, affordable housing project; and 2) delegate the authority to the City Engineer to execute a quitclaim deed and/or any other documents necessary to effectuate the summary vacation.

Susie Murray, Senior Planner, presented and answered questions from Council.

PUBLIC COMMENT

The motion carried by the following vote:

Yes: 7 - Mayor Rogers, Vice Mayor Alvarez, Council Member Fleming, Council Member MacDonald, Council Member Rogers, Council Member Sawyer, and Council Member Schwedhelm

14.2 REPORT - UTILITY CERTIFICATE - 1793 FULTON RD - UC16-005

BACKGROUND: The project consists of a Utility Certificate request that would allow for a property that is outside of Santa Rosa City limits and Urban Growth Boundary to be connected to City sewer service. The property is currently served by an existing, damaged septic system, but as demonstrated by the evaluation performed by Apex Septic Design (Attachment 6) repairs are unlikely to be successful due to the septic system's age and high groundwater level present at the property. Further, there is not sufficient space to install a new septic system when accounting for required setbacks to property lines.

RECOMMENDATION: It is recommended by the Planning and Economic Development Department that the Council, by resolution, approve a Utility Certificate (UC16-005) to extend City sewer services to the property located at 1793 Fulton Road (APN 034-091-023), which is outside the City limits and outside the Urban Growth Boundary.

Susie Murray, Senior Planner, presented and answered questions from Council.

14.3 REPORT - SONOMA COUNTY VISION ZERO ACTION PLAN

BACKGROUND: The Vision Zero (VZ) project is a regional plan that recommends actions for reducing traffic fatality rates in Sonoma County.

The purpose of the project is to launch VZ initiatives in the nine cities and the unincorporated areas of Sonoma County.

The Sonoma County Transportation Authority (SCTA), the Department of Health Services (DHS), representatives from local jurisdictions (including Santa Rosa), non-profit organizations, community members, and public health and safety agencies formed the VZ Advisory Committee.

The SCTA Board of Directors adopted the Vision Zero Action Plan at their March 14, 2022, meeting. Participating agencies are also asked to consider adopting the Vision Zero Action Plan.

RECOMMENDATION: It is recommended by the Transportation and Public Works Department that the Council, by resolution, adopt the Sonoma County Vision Zero Action Plan.

Nancy Adams, Transportation Planner, presented and answered questions from Council.

PUBLIC COMMENT

14.4 REPORT - LOCAL ROAD SAFETY PLAN; CORRIDOR STUDY AND GRANT APPLICATION

BACKGROUND: In 2020, the City of Santa Rosa was awarded a state grant from Caltrans to perform a Local Road Safety Plan (LRSP). The LRSP aims to meet goals set forth in the Bicycle and Pedestrian Master Plan of increasing access and comfort for bicycle and pedestrian facilities for people of all ages and abilities by identifying safety countermeasures to help mitigate primary crash type trends and reducing the overall collision severity. The LRSP is a collaborative process involving City Departments, businesses, and local organizations. An LRSP is also required to become eligible to compete for Cycle 11 Highway Safety Improvement Program grants.

RECOMMENDATION: It is recommended by the Transportation and Public Works Department that Council, by resolution: 1) approve the Local Road Safety Plan; 2) approve the 2021 Stony Point Road Corridor Study; and 3) authorize the Director of Transportation and Public Works to submit a Highway Safety Implementation Plan grant application for Stony Point Road enhancements.

Rob Sprinkle, Deputy Director Traffic Engineering Transportation and Public Works, presented and answered questions from Council.
