Dear Kristinae Toomians,

Dear Santa Rosa City Council Members,

On December 14, 2021, the proposed cannabis project at 100 Sebastopol Road will be going to a hearing to determine if it will be permitted for operation.

The 100 Sebastopol Rd. Project will provide a much-needed economic boost to Santa Rosa through cannabis taxes and will provide numerous employment opportunities for the Roseland community. Additionally, the presence of a cannabis operation on Sebastopol Rd. will deter illegal activity and encourage participation in the regulated cannabis market, creating a safer neighborhood for everyone.

I support the project and believe that this operation will be a positive force for the Roseland area and City of Santa Rosa. They are a local team, led by two inspirational women, who have their hearts set on the betterment of their community. I urge you to vote in favor of women-owned, local, farm-to-table cannabis.

Sincerely,  
Everardo Robledo

ADDITIONALLY, much of the opposition appears to be generally anti-cannabis, which is an outdated and alarmingly conservative standpoint in this day and age. Since this hearing is not a referendum on California's enthusiastically voter passed cannabis laws, I am hoping that their stance will be seen for what it is, and not reflect upon the appropriateness of this fantastic project.

I support the project and believe that this operation will be a positive force for the Roseland area and City of Santa Rosa. They are a local team, led by two inspirational women, who have their hearts set on the betterment of their community. I urge you to vote in favor of women-owned, local, farm-to-table cannabis.
