Ms Toomians

I am writing in regards to the 100 Sebastopol Rd project. As a 16 yr resident of Roseland who raised kids here, sent them to school at 100 Sebastopol Rd and am now raising my grandson in the district, I think the proposed cannabis operation would be a welcomed addition.

I am the current Executive Director of FISH of Santa Rosa located at 1710 Sebastopol Rd. I was contacted last week in regards to the project and it was discussed how they would be able to help. I jumped at the opportunity to partner in several different ways that would benefit FISH of Santa Rosa and allow us to continue the work we do feeding our community.

On a personal level, and more importantly, I would love to see that vacant building be occupied by a woman owned business that could potentially bring revenue to the area. We are under valued and under funded here in Roseland. It's up to people like them to bring the much needed financials into our community. We can be more than just food trucks.

Sincerely

Jennifer Emery

Long time Roseland resident

Dear Kristinae Toomians,

Dear Santa Rosa City Council Members,

On December 14, 2021, the proposed cannabis project at 100 Sebastopol Road will be going to a hearing to determine if it will be permitted for operation.

The 100 Sebastopol Rd. Project will provide a much-needed economic boost to Santa Rosa through cannabis taxes and will provide numerous employment opportunities for the Roseland community. Additionally, the presence of a cannabis operation on Sebastopol Rd. will deter illegal activity and encourage participation in the regulated cannabis market, creating a safer neighborhood for everyone.

I support the project and believe that this operation will be a positive force for the Roseland area and City of Santa Rosa. They are a local team, led by two inspirational women, who have their hearts set on the betterment of their community. I urge you to vote in favor of women-owned, local, farm-to-table cannabis.

Sincerely,  
Jennifer Emery

**Date:** Tuesday, December 14, 2021 4:09:28 PM

---

Dear Santa Rosa City Council,

Thank you for the opportunity to comment on Agenda Item 15.1 of today's City Council meeting. My name is Laima and I'm a resident of Petaluma who was been involved in community work both in Petaluma and Santa Rosa.

I'm writing to you today to express my concern regarding the construction of a cannabis facility in the Roseland community. It is to my understanding that many of the residents of this area have not been properly informed about the project (notice was only given in English). The lack of transparency has resulted in a failure to provide the public with an opportunity to learn about the implications of this project on the community and to have a voice on the subject. I believe the Roseland community deserves to have their needs and concerns heard; they have already expressed their opposition to the project and have proposed other uses for that space that would greatly benefit the people who reside in that neighborhood. For this, I would like to encourage the Santa Rosa City Council to reject this project and uphold the appeal; the Roseland community deserves respect, not political neglect. Please listen to the needs of the people you serve.

Best regards,  
Laima Díaz Vepstas

Dear Santa Rosa City Council Members:

I am writing in response to the proposed cannabis facility at 100 Sebastopol Road. I own the commercial property at 949 Sebastopol Road and as a landlord in the area I strongly support this project. To help revitalize a neighborhood capital investment needs to be made and quality jobs need to be added, both of which are provided by this project. My concern is that if the city does not allow this project to move forward the building will continue to remain vacant for a long period time. Such a vacancy with a property of this size has the potential to further hold back the Roseland neighborhood, which has been working so hard over the years to become an area of growth and opportunity.

Best Regards,

# Get the SR City Council to meet the demands of Roseland!

[Latinx Student Congress](#) started this petition to Santa Rosa City Council

The City of Santa Rosa Planning Commission has approved a Conditional Use Permit for the development of a Cannabis Dispensary on the former Roseland University Prep Campus in the heart of Roseland. The community has spoken out against the repurposing of this student learning space to be converted into a business that further gentrifies Roseland and capitalizes on the community. The demand for a community oriented space (i.e. a Library, Community Center, Multicultural Center, Daycare, etc.) has been made and the local government have not followed through on their promises. Sign this petition to let the SR City Council you reject the cannabis dispensary and support the needs of the community!

La Comisión de Planificación de la ciudad de Santa Rosa ha aprobado el Permiso de Uso Condicional para un Dispensario de Cannabis en la antigua escuela de Roseland University Prep en el corazón de Roseland. La comunidad ha hablado y rechaza el desarrollo de este espacio dedicado al aprendizaje de jóvenes para ser convertido en un negocio que gentrifica y se aprovecha de la comunidad. Se exigen las demandas de tener un lugar dedicado a la comunidad (como una biblioteca o centro multicultural, o cuidado de niños) pero el gobierno local no ha cumplido con sus promesas. Firme esta petición para dejar saber al concilio de Santa Rosa que rechazamos el dispensario de cannabis y apoyamos las necesidades de la comunidad!

On December 14, 2021, the proposed cannabis project at 100 Sebastopol Road will be going to a hearing with the Santa Rosa City Council to determine if it will be permitted for operation. We need your support to show the City of Santa Rosa that this project is a desired addition to the community that will bring many benefits.

The 100 Sebastopol Rd. Project will provide a much-needed economic boost to Santa Rosa through cannabis taxes, and will provide numerous employment opportunities for the Roseland community.
