## **14. REPORT ITEMS**

### **14.1 REPORT - URGENCY ORDINANCES - RESILIENT CITY (-RC) COMBINING DISTRICT**

**BACKGROUND:** Beginning on the evening of October 8, 2017, and continuing for days thereafter, a series of wildfire events damaged or destroyed thousands of residential and commercial structures within the City of Santa Rosa. On October 13, 2017, the City Council ratified a proclamation of local emergency in the City of Santa Rosa. To facilitate and expedite the reconstruction process, on October 24, 2017, the Council adopted an urgency ordinance establishing the Resilient City (-RC) Combining Zoning District, to be applied to the base zoning of each property most severely impacted by the Fires.

As field surveys and new information became available, twenty-one additional properties with destroyed or damaged structures were identified outside of the -RC Combining Zoning District boundaries. As a result, an urgency ordinance was prepared to add the -RC District to the base zoning district for these properties.

Also proposed is an urgency ordinance to amend Section 20-28.100, -RC Combining District, to add the option for applying residential small lot development standards for parcels less than 6,000 square-feet and within the -RC Combining District.

The proposed urgency ordinances would be effective immediately upon enactment. Under the City Charter, five affirmative votes are necessary to adopt an urgency ordinance.

**RECOMMENDATION:** It is recommended by the Planning and Economic Development Department that the Council 1) adopt an urgency ordinance amending Title 20 of the Santa Rosa City Code, adding residential small lot development standards to the Resilient City (-RC) Combining District; and 2) adopt an urgency ordinance reclassifying twenty-one additional properties, directly impacted by the Tubbs and Nuns Fires of October 2017, to the Resilient City (-RC) Combining District.
