**Subject:** [EXTERNAL] Roseland Library support

[View this email in your browser](#)

**My name is Sue Bates-Pintar. I'm commenting on item 3.1 REVIEW OF FISCAL YEAR 2020-21 O&M AND CIP BUDGETS. I support your continued allocation of \$150,000 for the operation of the Roseland Library Branch and the prioritization of Capital Improvement Funds from the PG&E settlement towards the building of a permanent Roseland Community Library. This is critically important to deliver what was promised. A full-service library in Roseland will feature bilingual librarians, embedded in the community and committed to its success. Services will include:**

- **Partnerships with local schools and community organizations that support educational attainment, literacy and civic involvement.**
- **Access to reliable and accurate information and resources, digitally and in person.**
- **Job training, career coaching, and workforce development.**
- **Computer literacy training and one-on-one tech assistance.**
- **Free high-speed internet and access to technology.**
- **A valuable place for community gatherings and meetings**

**Your support for the Library will address the long-term commitment made to our newest neighborhood to build infrastructure and achieve equity with the rest of our City.**

Thank you for your support!

Sue Bates-Pintar
