ORDINANCE OF THE COUNCIL OF THE CITY OF SANTA ROSA ENACTING COMPREHENSIVE REGULATIONS FOR CANNABIS THROUGH THE AMENDMENT OF SANTA ROSA CITY CODE SECTIONS 20-23.030, TABLE 2-2 (ALLOWED LAND USES AND PERMIT REQUIREMENTS FOR RESIDENTIAL ZONING DISTRICTS), TABLE 2-6 (ALLOWED LAND USES AND PERMIT REQUIREMENTS FOR COMMERCIAL ZONING DISTRICTS), SECTION 20-24.030, TABLE 2-10 (ALLOWED LAND USES AND PERMIT REQUIREMENTS FOR INDUSTRIAL DISTRICTS), SECTION 20-36.040, TABLE 3-4 (AUTOMOBILE AND BICYCLE PARKING REQUIREMENTS BY LAND USE TYPE), SECTION 20-70.020 (DEFINITIONS), THE REPEAL AND REPLACEMENT OF CHAPTER 20-46 (MEDICAL CANNABIS CULTIVATION) WITH CHAPTER 20-46 (CANNABIS), THE REPEAL OF CHAPTER 10-40 (MEDICAL CANNABIS DISPENSARIES) AND THE ADOPTION OF EXEMPTION FINDINGS PURSUANT TO THE CALIFORNIA ENVIRONMENTAL QUALITY ACT – FILE NUMBER REZ17-002

THE PEOPLE OF THE CITY OF SANTA ROSA DO ENACT AS FOLLOWS:

Section 1. The Council finds, based on evidence and records presented, that:

A. Pursuant to its police powers, and as authorized by the California Compassionate Use Act, the California Medical Cannabis Regulation and Safety Act (“MCRSA”), the Adult Use of Marijuana Act (“AUMA”), SB 94 and the Medicinal and Adult Use Cannabis Regulation and Safety Act (“MAUCRSA”), the City may enact laws or regulations pertaining to cannabis cultivation, dispensing, manufacturing, distribution, transporting, and testing within its jurisdiction.

B. The City has previously adopted ordinances governing medical cannabis dispensaries and cultivation within the City, and the Zoning Administrator has previously issued a Zoning Interpretation concerning medical cannabis support uses in the City which addresses medical cannabis manufacturing, testing laboratories, and distribution.

C. The City wishes to establish a uniform regulatory structure for all cannabis uses in the City in accordance with state law.

D. The proposed zoning amendments contained herein are consistent with the goals and policies of all elements of the General Plan, and any applicable specific plan in that the amendments will direct commercial cannabis businesses to appropriate commercial and industrial districts designated to support such uses. The proposed zoning amendments are internally consistent with other applicable provisions of Title 20 of the Code in that the entirety of the Code will apply to medical and adult use cannabis as a new land use classification, such as identifying where the use is allowed, under what permit authority, development and parking standards and locational and operating requirements. The proposed zoning changes will result in land uses in residentially, commercially and industrially zoned areas that are compatible with existing and future uses and will not be detrimental to the public interest, health, safety, convenience, or welfare of the City.

E. Chapter 20-46 of the Code is a permissive ordinance and, except as otherwise expressly provided, the amendments adopted herein do not confer any additional rights or permits related to medical use or adult use cannabis activities.

Section 2. Amend Section 20-23.030, Table 2-2, to read and provide as follows:

- C. Land use permit requirements. The uses that are subject to the standards in this Chapter shall not be established or maintained except as authorized by the land use permit required by Division 2.
- D. Development standards. The standards for specific uses in this Chapter supplement and are required in addition to those in Division 2 and Division 3 (Site Planning and General Development Regulations), and the City Code. In the event of any conflict between the requirements of this Chapter and those of Division 2 or 3 or other applicable provisions of this Code, the requirements of this Chapter shall control.

20-46.050 General Operating Requirements.

The following general operating requirements are applicable to all Cannabis Businesses. In addition, requirements specific to each Cannabis Business subtype are set forth in subsections 20-46.60 (Cannabis Cultivation), 20-46.70 (Cannabis Support Uses) and 20-46.80 (Cannabis Retail and Delivery).

- A. Dual licensing. The City recognizes that state law requires dual licensing at the state and local level for all Cannabis Businesses (Medical and Adult Use). All Cannabis Operators shall therefore be required to diligently pursue and obtain a state cannabis license at such time as the state begins issuing such licenses, and shall comply at all times with all applicable state licensing requirements and conditions, including, but not limited to, operational standards such as, by way of illustration but not limitation, background checks, prior felony convictions, restrictions on multiple licenses and license types, and locational criteria.
 - 1. Operators in good standing. Cannabis Businesses which have received land use permit approval pursuant to this Chapter prior to or within 10 months of date the state begins issuing state licenses shall be considered “operators in good standing”. Operators in good standing shall be allowed to obtain building occupancy permits and commence operations in compliance with City permit approvals while diligently pursuing all necessary state licenses and subject to any deadlines established by the state. Operators in good standing shall demonstrate to the City that complete applications for all necessary state licenses and agency permits have been filed and are being pursued by the applicant in compliance with deadlines established by the state.
 - 2. New operators. Cannabis Businesses which have received land use permit approval pursuant to this Chapter after the state begins issuing state licenses and after the 10-month transition period noted in subsection A.1 above, shall not be allowed to commence operations until the Cannabis Business can demonstrate that all necessary

state licenses and agency permits have been obtained in compliance with any deadlines established by the state.

3. Existing permitted operators. Cannabis Businesses which have received land use permit approval prior to the adoption of this Chapter shall be required to comply with all operational requirements set forth in this Chapter. In addition, a Cannabis Business that has obtained a valid land use permit for medical use issued prior to the adoption of this Chapter may incorporate adult use into their land use permit upon issuance of a Zoning Clearance by the Department. The Zoning Clearance shall, as a condition of issuance, require compliance with all operational provisions of this Chapter. The Zoning Clearance to incorporate adult use in addition to or in place of medical use shall not authorize any physical or operational expansion of the facility unless determined in compliance with this Chapter.
 4. Grounds for Revocation. Once state licenses and agency permits become available, failure to demonstrate dual licensing in accordance with this Chapter and within any deadlines established by state law shall be grounds for revocation of City approval. Revocation of a local permit and/or a state license shall terminate the ability of the Cannabis Business to operate until a new permit and/or state license is obtained.
- B. Minors. Medical Cannabis Businesses shall only allow on the premises a person who is 18 years of age or older and who possesses a valid government-issued photo identification card. Adult Use Cannabis Businesses shall only allow on the premises a person who is 21 years of age or older and who possesses a valid government-issued photo identification card.

- D. Multiple permits per site. Multiple Cannabis Businesses proposed on any one site or parcel shall be granted permit approval only if all of the proposed Cannabis Businesses and their co-location are authorized by both local and state law. Cannabis Operators issued permits for multiple license types at the same physical address shall maintain clear separation between license types unless otherwise authorized by local and state law.
- E. Building and fire permits. Cannabis Operators shall meet the following requirements prior to commencing operations:
1. The Cannabis Operator shall obtain a building permit to confirm with the appropriate occupancy classification and compliance with Chapter 18 of the City Code.
 2. The Cannabis Operator shall obtain all annual operating fire permits with inspections prior to operation.

Cannabis Operators shall also obtain all required Certified Unified Program Agency (CUPA) permits including completing a California

Environmental Reporting System (CERS) submission for hazardous materials inventory that meet or exceed State thresholds and any waste generation for accountability.

4. Access with a Fire Department lock box for keys to gates and doors shall be provided.
- F. Transfer of ownership or operator. A permittee shall not transfer ownership or operational control of a Cannabis Business or transfer a permit for a Cannabis Business to another person unless and until the transferee obtains a zoning clearance from the Department stating that the transferee is now the permittee. The zoning clearance shall commit the transferee to compliance with each of the conditions of the original permit.
- G. Security. Cannabis Businesses shall provide adequate security on the premises, including lighting and alarms, to insure the public safety and the safety of persons within the facility and to protect the premises from theft. Applications for a Cannabis Business shall include a security plan that includes the following minimum security plan requirements:

Security surveillance video cameras shall be installed and maintained in good working order to provide coverage on a twenty-four (24) hour basis of all internal and exterior areas where Cannabis is cultivated, weighed, manufactured, packaged, stored, transferred, and dispensed. The security surveillance cameras shall be oriented in a manner that provides clear and certain identification of all individuals within those areas. Cameras shall remain active at all times and shall be capable of operating under any lighting condition. Security video must use standard industry format to support criminal investigations and shall be maintained for sixty (60) days.

Section 6-68.130 of the City Code requires that an alarm permit be obtained by the Santa Rosa Police Department prior to installing an alarm system. The alarm system shall include sensors to detect entry and exit from all secure areas and all windows. Cannabis Operators shall keep the name and contact information of the alarm system installation and monitoring company as part of the Cannabis Business's onsite books and records.
