Short Title Description of Project: E Street Class II Bike Lanes

Amount of claim: \$ 90,000

Functional Description of Project:

Install (Class II bike lanes) on E Street between College Avenue and Sonoma Avenue. Project will restripe segments of roadway to include bike lanes and will reduce a travel lane in each direction. Design will include a review of lane configuration and operations to ensure that any changes made will have minimal reduction to the level of service at the intersections. This project will connect to the existing Class II bike lanes on Sonoma Avenue and to the Humboldt Street bike boulevard via Cherry Street. No parking will be taken as part of this project rather it may include adding some on street parking.

Financial Plan:

List the project elements for which TDA funding is being requested (e.g., planning, engineering, construction, contingency). Use the table below to show the project budget for the phase being funded or total project. Include prior and proposed future funding of the project. Planning funds may only be used for comprehensive bicycle and pedestrian plans. Project level planning is not an eligible use of TDA Article 3.
