Sec. 52. Continuing Officers & Employees. Sec. 56. Impartial & Binding Arbitration for Police & Fire Department Employee Disputes.

(a) It is hereby declared to be the policy of the City of Santa Rosa that strikes by firefighters and police officers are not in the public interest and should be prohibited, and that a method should be adopted for peacefully and equitably resolving disputes that might otherwise lead to such strikes. It is further acknowledged that strikes by firefighters and police officer are unlawful in the State of California.

(b) Prohibition against Strikes. No City of Santa Rosa police department employee or fire department employee covered by the provisions of this section shall willfully engage in a strike against the City. Any such employee against whom the City brings charges of failing to report for work as part of a strike shall be subject to dismissal from ~~his or her~~ their employment in the event the charges are sustained upon conclusion of the proceedings that are required by law for the imposition of disciplinary action upon said employee.

(c) In the event that the City and any employee organization that is recognized by the City as the exclusive representation unit or representation units composed solely of employees of the police department and/or fire department, as such units are currently constituted or as they may be amended through negotiation or arbitration as provided in this section, fail to reach agreement on a memorandum of understanding after negotiating in good faith as required by the Meyers-Milias-Brown Act, Government Code § 3500 et seq., then either party may request that the issues be submitted to binding arbitration. Except as otherwise provided in this section to the contrary, all provisions of the Meyers-Milias-Brown Act shall apply to the negotiations and impasse procedures between the City and said employee organizations.

(d) In the event that the City and any employee organization that is recognized by the City as the exclusive representative of a representation unit or representation units composed solely of employees of the police departments and/or fire department, as such units are currently constituted or as they may be amended through negotiation or arbitration as provided in this section, fail to resolve any grievance over the application or interpretation of any provision in the memorandum of understanding between the City and said employee organization, except for any issue relating to discipline of an individual employee or employee(s), either party may request submission of the grievance to binding arbitration for final resolution.

(e) The City and the representatives of the employee organization may stipulate to have the issues resolved by a single arbitrator agreed upon by the parties. If the parties are unable to agree to a single arbitrator, then within fourteen days after either party has notified the other in writing that it desires to proceed to arbitration, each party shall select and appoint one arbitrator to the Arbitration Board. The third member of the Arbitration Board shall be selected by agreement between the City and the employee organization and shall serve as the neutral arbitrator and Chairperson of the Board. In the event that the City and the employee organization cannot agree upon the selection of the neutral arbitrator within ten days after the appointment of the arbitrators referenced above, then either party may request the State Mediation and Conciliation Service of the State of California Department of Industrial Relations to provide a list of seven persons to act as the neutral arbitrator, the parties shall alternately strike names from the list of nominees until one name remains and that person shall then become the neutral arbitrator and the Chairperson of the Board.

(f) The Arbitrator(s) in arriving at a decision shall consider the factors set forth in Government Code Section 3505.4 (d) in the following order of priority and importance:

- (1) State and federal laws that are applicable to the City;
- (2) Local rules, regulations, or ordinances;
- (3) Stipulations of the parties;

(4) The interests and welfare of the public and the financial ability of the City as these terms are defined in paragraph (g) below;

(5) Comparison of the wages, hours, and conditions of employment of the employees involved in the arbitration with the wages, hours, and conditions of employment of other employees performing similar services in comparable cities;

(6) The consumer price index for goods and services, commonly known as the cost of living; and

(7) The overall compensation presently received by the employees, including direct wage compensation, vacations, holidays, and other excused time, insurance and pensions, medical and hospitalization benefits, the continuity and stability of employment, and all other benefits received.

(g) The interests and welfare of the public and the financial ability of the City to pay shall be determined based on an evaluation of evidence submitted by both parties based on all of the following criteria:

(1) The documented cost of the respective proposals submitted by both parties to the general fund and other dedicated public safety funding sources;

(2) A genuine general fund budget deficit of the City;

(3) Inability of the City to pay its debts to third parties;

(4) Legislative action by the City declaring a financial emergency;

(5) Long term cash flow problems in the general fund or other dedicated public safety funding sources;

(6) The City's bond rating and inability to sell bonds and other obligations at a reasonable interest rate;

(7) Decline in general fund or other dedicated public safety tax revenues over a period of years;

(8) Documented increases or decreases in benefit costs or other City mandatory expenditures in the general fund or other dedicated public safety funding sources;

(9) Projected costs to the general fund of pending litigation against the City;

(10) Condition of the City's physical infrastructure, especially safety and liability issues arising from poorly maintained facilities;

(11) Reduction in the number of positions by attrition and layoffs of employees in the two fiscal years prior to the fiscal year under negotiation;

(12) Layoffs proposed for the fiscal year under negotiation;

(13) Consideration of salary and benefit increases or decreases to other City general fund employees in the fiscal year prior to the year(s) under negotiation and the current fiscal year(s) at issue;

(14) The relative wealth of the City when comparing general fund revenue per capita with the comparable agencies; and

(15) If the proposed contract is a multiyear contract, the arbitrator must consider ability to pay over the life of the contract being arbitrated.

(h) The decision of the Arbitrator(s) shall provide a written explanation as to the application of the factors set forth above in the decision. Compliance with the provisions of the Charter shall be mandatory and enforceable by either party pursuant to Section 1085 of the Code of Civil Procedure; failure to comply with these provisions shall also constitute an act in excess of jurisdiction.

(i) After reaching a decision, the Arbitrator(s) shall mail or otherwise deliver a true copy of its decision to the parties. The decision shall not be publicly disclosed and shall not be binding until 10 days after it is delivered to the parties. During that 10 day period the parties shall meet privately, attempt to resolve their differences, and by mutual agreement amend or modify the decision of the Arbitrator(s). At the conclusion of the 10 day period, which may be extended by mutual agreement between the parties, the decision of the Arbitrator(s), as it may be modified or amended by the parties, shall be publicly disclosed and shall be binding on the parties. The City and the employee organization shall take whatever action is necessary to carry out and effectuate the arbitration award. No other actions by the City Council or by the electorate to conform or approve the decision of the Arbitrator(s) shall be permitted or required.

(j) The expenses of any arbitration proceeding convened pursuant to this Section, including the fee for the services of the Chairperson of the Arbitration Board and the costs of preparation of the transcript of the proceedings shall be borne equally by the parties. All other expenses which the parties may incur individually are to be borne by the party incurring such expenses.

(k) The terms and language of this Section have been conceived in good faith and based on best known practices and applicable law at the time of its creation; however if after adoption any portion of this Section should be enjoined or declared invalid or otherwise vacated, other than by a vote of the electorate, the court shall determine whether the disputed portion of this Section is severable from the remaining portions of this Section and whether the remaining portions of this Section without the disputed portion maintains the intent of the voters in adopting this Section. The court shall set forth the basis for its determination on this issue as part of any judgment which invalidates any portion of this Section.

Sec. 57. Campaign Finance Reform. The Council shall consider and by ordinance enact new election campaign finance reform measures, the purpose of which, in part, shall be to reduce the cost of Council election campaigns and increase the accessibility of Council candidates to the electorate. The ordinance shall include at least the following provisions:

1. New limits on campaign contributions that are lower than the current \$1,000 limitation.
2. A new schedule for reporting campaign contributions for all Council candidates, including all independent expenditures, that shall allow the greatest public knowledge of all campaign contributions.
3. Provisions that provide for public financing of Council election campaigns.

Sec. 58. Design Build Procurement. Notwithstanding any provision to the contrary in the California Public Contracts Code, in Charter Section 44, or any other law or regulation of the City of Santa Rosa, the use of design-build procurement by competitive negotiation is authorized. The City Council shall establish by ordinance regulations for the award, use and evaluation of such design-build contracts, in which the design and construction of a public works project are procured from a single entity.

Mayor Rogers and members of the City Council,

We were honored to be selected to serve on the 2022 Charter Review Committee.

Over the past five months, the committee reviewed a number of items referred to us by the City Council and one introduced by a committee member. All were important issues to consider, and as can be expected, there were differing opinions on some critical topics. One of those was the review and discussion about council compensation. We did not support either proposal for City Council compensation and wanted to provide the Council with our perspective.

While we agree that the council compensation should align with the Council and mayor's current duties and responsibilities, we do not believe the two proposals are in the City's best interest.

Increasing the compensation as outlined would change the community's expectation of their Council. The proposed increase is a significant jump from the current salary and may result in pushback from community members.

The Council already has a mechanism to increase their salary as allowed by state law. However, past councils forfeited this option due to concerns about public perception. The proposed committee options would accelerate council salaries well beyond what they would have received if they had implemented increases as authorized by state law. In considering the appetite of Santa Rosa voters to approve such a significant increase, we believe either proposal would fail and, therefore, would be a hollow gesture. Instead, the Council should act without delay to bring its salary in line with what would have been permitted by state law.

One of the other items submitted to the Council for consideration is to amend the City Charter to allow a charter review sooner than the current 10-years. If this charter amendment is approved, we encourage the Council to delve deeper into the issues of Council compensation to ensure adequate information and research are available to the voters.

Changes to Council compensation are long overdue, and we encourage the current Council to take the required steps to make a retroactive salary adjustment as authorized by state rules.

To: Patti Cisco, Chair

Charter Review Commission

Dear Chair Cisco:

Thank you for your excellent work as Chair, and for producing the Report. Using equity as a guiding principle was very helpful. Hopefully council compensation will be favorably considered by the voters. (Money does not solve all concerns and introduces new concerns, but fair compensation appears to be a highly justified step in the right direction.)

A few comments on the Commission and the Report:

1. Process of Framing Issues for Consideration

The City Council might review and refine its process of framing issues for consideration by the Commission. The framing of the issue is an important factor in how the issue is reviewed and acted on. Two examples:

Directly elected mayor: this was framed so the decision was whether to redistrict from seven to six districts and have a mayor with a vote on the council elected at large. Making this a redistricting issue basically doomed this idea from the outset.

Ranked choice voting: this was framed so that ranked choice meant the system where the candidate with the fewest votes is dropped, and votes then re-assigned. There are other alternative voting systems (some of which don't eliminate votes). Perhaps the system that was presented is the only legally permissible alternative, but if not, other systems could have been presented and considered.

2. Directly elected mayor.

Santa Rosa should revisit a directly elected mayor. Alternatives to redistricting should be considered. Perhaps an at-large, non-voting mayor (which is not unusual) can be considered – meaning seven district councilmembers, one at-large, non-voting mayor.

3. Non-citizen voting.

Non-citizens that are permanent residents and/or authorized to work by definition have a 'stake in the system' and there is merit to having them vote in local elections. Review of this issue is appropriate; threshold issues (such as whether and how a voting process in which the County can play no role can be effectively and legally conducted) should be addressed.

Thank you again –

Chris Mazzia

"Equity is **fairness** and **justice** achieved through systematically assessing disparities in opportunities, outcomes, and representation and redressing [those] disparities through targeted actions."¹

Mission

We will provide charter recommendations to City Council that create and reinforce equitable access to government for all. We begin by acknowledging that not all residents are situated equally in our community; therefore, we must target specific strategies to mitigate and remove barriers and amplify assets so that all residents can participate, thrive, and have a sense of belonging in our City.

Values

Compassion, empathy, humility, respect, dignity, integrity, transparency, begin from love, inclusivity, trust, equity, and belonging

Norms

1. Access. Provide a diverse array of channels through which the public can provide input. Welcome all comments and questions.
2. Transparency. Have clear and open communication, clear expectations, and provide a realistic picture of project constraints. (complexity, it is new, timeline)
3. Trust. Engage with a humble approach. This process that centers on equity is new to the charter committee; nobody is an expert. We are all learning this together as we go.
4. Kindness and Respect. Treat others with the same respect that we want to be treated.

Principles

1. Knowledge and access for all. Information, knowledge, and access are power. Ensure that community members understand and have access to the charter review process regardless of socio-economic status, immigration status, race/ethnicity, language, differently-abled, gender identity, sexual orientation, etc.
2. Design for all. The goal is for every community member to thrive. The outcomes are universal. The strategies are what need to be nuanced and intentional. Equitable design accommodates differences in historical contexts for BIPOC and other underrepresented communities.
3. Acknowledge historical implications. Race blindness is harmful to communities of color; we will start with recognizing historical harm to Black, Indigenous, and People of Color (BIPOC) and other marginalized communities.
4. Commitment to equity. We will ensure that we are not treating all communities the same. We will give special attention to historically disenfranchised communities and equity priority communities.
5. Explore targeted strategies. Identify and strive to fully engage equity priority communities and other historically disenfranchised members of the City with the most inclusive and equitable opportunities to ensure diversity of voice and leadership, a redistribution of social and political power, and belonging for all.
6. Commit to learning. Enacting equity requires a continual process of learning, deconstruction of assumptions, inviting new concepts and experiences, and analyzing impact data.
7. Ensure equity in the process and the outcome. Apply equity principles across all parts of the charter review process.

4.3 NATURE OF CHARTER AMENDMENTS AND REVIEW OF PAST

CHARTER REVIEW BALLOT MEASURES

At the Committee's request, the City Attorney's Office will provide a brief primer on the differences between Charter Amendments, City Ordinances and Council Resolutions. The City Attorney's Office will also provide a brief summary of the measures placed on the ballot for voter consideration in the last two Charter reviews (reviews conducted in 2002 and 2012).

In 2002, three measures were placed on the ballot, including:

- Measure L: Combined Charter Amendments (passed)
- Measure M: Council Compensation (failed)
- Measure O: Campaign Finance Reform (passed).

In 2012, four measures were placed on the ballot, including:

- Measure Q: District Council Members Elections (failed)
- Measure R: Binding Arbitration for Police and Fire Employee Disputes (passed)
- Measure S: Design Build Procurement (passed)
- Measure T: Charter Reorganization, Update and Clarifications (passed).

A brief summary of each measure and the results of the vote will be provided.

City Attorney Sue Gallagher presented information on the nature of Charter amendments, resolutions, ordinances, and past Charter amendments. She reported charter amendments require a ballot measure and are the most permanent change to the City's constitution and require a vote of the people to amend or change it; ordinances are local laws adopted by City Council addressing a variety of subjects, are generally applicable, not project or person specific, enforced by civil code enforcement and can be changed by the City Council; resolutions are actions on specific contracts, projects and policies, may establish new programs, and adopt Council policies. City Attorney Gallagher also provided a summary of the three Measures placed on the ballot in 2002 and the four Measures placed on the ballot in 2012.

No public comments were made.

4.4 COUNCIL COMPENSATION

The City Council has recommended that, among other topics, the Committee research and consider preparing a Charter amendment to increase Council member compensation. Currently, the Charter allows for the establishment of Council compensation in accordance with formulas set forth in state law. For a city the size of Santa Rosa, state law allows for Council member salary of up to \$800 per month. State law allows for an annual increase in salary of up to 5% (not compounded). State law also allows the city's voters to approve a higher salary. The voters of Santa Rosa have approved a higher salary for the Mayor, currently equal to \$1200 per month (150% of Council member salary). This agenda item will outline details of the current state law and options for increasing Council compensation.

Attachments: [Attachment 1 - Measure M Presentation](#)

City Attorney Sue Gallagher presented information on the current pay for Santa Rosa City Council Members, what the current Charter and the State allow for pay increases, when Measure M was on the ballot in 2002 for voter consideration, the failure of the Measure, current salaries from other cities in the county and bay area, and answered questions from Committee members.

Committee discussion ensued on the political difficulty for Council to increase their salaries, cities that have a strong mayor system or directly elected mayor, the budget needed to support an increase in salaries, formulas used to determine salaries, conducting polling of residents on the issue, the difference in pay between the City Council and Board of Supervisors, and educating the public on what it takes to serve on a city council or serve as the mayor.

PUBLIC COMMENT

World Affairs Council of Sonoma County spoke on being a big fan of voting and suggested the Committee reach out to tax payer

advocates to get their concerns on this issue.

[Presentation \(REVISED 1-4-2022\)](#)

City Attorney Sue Gallagher presented and answered questions from the Committee.

Discussion ensued on being cautious in setting compensation too high and possibly dissuading some sectors of the community, the impact to the City's budget resulting in the lay-off of staff in order to maintain increases in Council compensation, possibly changing compensation increases tied to state law, bundling charter amendment topics on the ballot, and the full cost of benefits for council members.

No public comments were made.

Further discussion ensued on conducting polls, not having an exact number for compensation, the need to tell the story of how much work is involved in serving as a council member, a definite number for compensation not creating a diverse pool of candidates, tying compensation to Area Median Income (AMI); restructuring the compensation message with possible term limits, term limits being a

more comprehensive discussion than compensation, rational being used to increase compensation (increase diversity), compensation being compared to executives, not attaching compensation to judicial system as some cities do, having an elected mayor affecting the decision on how to compensate, the benefit of health care in exchange for less pay, the structure of family making a difference on who can run for Council, having compensation be an average of the income for city employees, the role and expectations of the council changing over the years, the optics of council increasing their own salaries, making the compensation increase effective at the next election cycle after passage, the need for the ballot argument to justify the increase, term limits promoting diversity and movement on the council by not creating career politicians, and the importance of being mindful when using acronyms in documents.

4. SCHEDULED ITEMS

4.1 EQUITY PRINCIPLES

The principles of diversity, equity, inclusion and belonging remain in the forefront of the Charter review process. This standing agenda item provides the Committee with the opportunity, at the outset of each of its meetings, to refine, reaffirm and recommit to its Statement of Principles. The Statement of Principles regarding diversity, equity, inclusion and belonging provides a procedural and substantive lens through which the Committee undertakes all of its work.

Socorro Shiels, Diversity, Inclusion & Equal Employment Officer, asked the Committee if there were any changes to the principles. There were no changes made and Ms. Shiels stated they would be finalized.

No public comments were made.

4.2 DIRECT ELECT AT-LARGE MAYOR

The City Council has recommended that, among other topics, the Committee research and consider preparing a Charter amendment to establish the position of an elected at-large Mayor, a Mayor elected by a City-wide vote.

Currently, the City Council is comprised of seven Council members, each elected by district. After each Council election, the Council itself selects one of its members to serve as Mayor for a two year term. The Mayor serves at the pleasure of the Council and can be removed from the Mayorship by a vote of the Council.

Under this proposal, the City Charter would be revised to create the new position of at-large Mayor. The City Council would likely be reconfigured such that six Council members would be elected by district and the Mayor would be selected by the voters in a single City-wide vote. Under this scenario, the current seven Council districts would be reduced and realigned into six districts. Other configurations, however, may be considered, including, for example, retaining all seven district Council members and adding an at-large Mayor as an eighth member of

the City Council.

This agenda item will outline the steps entailed in moving to a directly elected at-large Mayor, the pros and cons of having a directly elected Mayor, the possible roles and responsibilities of a directly elected Mayor and a review of possible Council configurations.

City Attorney Sue Gallagher and Assistant City Attorney Rob Jackson presented information on the current composition of the Council, the role and responsibilities of the Mayor and Vice Mayor, a proposal for an elected Mayor and answered questions from Council.

Discussion ensued on concerns having a direct elected mayor could be detrimental to equity issues with the risk of diluting district elections, a direct elected mayor being in conflict with district elections, the changing nature of a mayor's job responsibilities, concerns representation will revert back to where the city was prior to district elections, an elected mayor possibly adding another layer of approval before things can get accomplished, the possibility of making the direct elected Mayor a non-voting member of the Council to balance the power on the Council, a direct elected mayor may affect the ability to recruit a quality person for the City Manager position, the merits of a rotational appointment process allowing for team building and collegiality, the current appointment system working, having someone accountable for every resident of the city, giving district elections a chance to get established and work before making a major change, the possibility of having undocumented residents vote in local elections, adding procedures for removal of a mayor for misconduct, and changing the charter to be reviewed every five to seven years instead of 10.

4.2 DIRECT ELECT AT-LARGE MAYOR

The City Council has recommended that, among other topics, the Committee research and consider preparing a Charter amendment to establish the position of an elected at-large Mayor, a Mayor elected by the voters in a City-wide vote.

Currently, the City Council is comprised of seven Council members, each elected by district. After each Council election, the Council itself selects one of its members to serve as Mayor for a two year term. The Mayor serves at the pleasure of the Council and can be removed from the Mayorship by a vote of the Council.

Under this proposal, the City Charter would be revised to create the new position of an elected at-large Mayor. The City Council would be reconfigured to accommodate the new position. Several options for reconfiguration might be considered, including: (a) restructuring the Council such that six Council members are elected by district and the Mayor is elected by a single City-wide vote (under this scenario, the current seven Council districts would be reduced and realigned into six districts); or (b) retaining all seven district Council members and adding the at-large Mayor as an eighth member of the City Council.

This agenda item will outline the steps entailed in moving to a directly elected at-large Mayor, the pros and cons of having a directly elected Mayor, the possible roles and responsibilities of a directly elected Mayor, and the legal limitations on Council reconfiguration.

City Attorney Sue Gallagher provided information clarifying a mayor's power and position, the Voting Rights Act implications and the Act's four key elements of At-large election system, presence of protected classes, racially polarized voting, impairment of voting influence, and information on voter turn-out by District for the 2020 election. City Attorney Gallagher presented information on possible implications for an At-Large Mayor, and information for later consideration by the Committee on the removal of a mayor for misconduct, voting rights for undocumented individuals, more frequent charter amendments, and the scope of responsibilities for a mayor.

Petaluma Mayor Teresa Barrett and San Rafael Mayor Kate Colin provided information on their experiences, on the pros and cons of being an At-large directly elected Mayor, and answered questions from Committee members.

No public comments were made.

Discussion ensued on if a problem exists that having a directly elected mayor will solve, if the average resident knows who the mayor is in the city, a directly elected mayor being a symbol in the community, an appointed mayor possibly not being viewed by constituents and colleagues as having the same power authority as elected officials, providing residents the opportunity to vote for two council members instead of one, mitigating inequities in the election process, possible term limits for the Mayor, raising Council member compensation to a middle-class wage to allow for more equity of candidates, changing campaign contribution limits, amendments to the charter being implemented in phases, and changing charter amendments to happen more frequently than every 10 years.

A straw vote was taken on whether or not to support putting a measure on the ballot for a directly elected mayor. Ten Committee members present did not support, and seven members present were in support. Chair Cisco will provide the City Council the Committee's decision to not move forward with a ballot measure for a directly elected mayor on the ballot.

5. COMMITTEE CHAIR'S/CITY ATTORNEY'S REPORTS

Chair Cisco reported she provided an update to the City Council at their meeting on January 25, 2022, on the Committee's progress and process to date, and shared Council Member Natalie Rogers thanks and praise to the Committee for their service and commitment to this process.

4.2 RANKED CHOICE VOTING

The City Council has recommended that, among other topics, the Committee research and consider preparing a Charter amendment to move the City to a ranked choice voting system in the election of Council members. Currently, in each Council district, each voter votes for one candidate and the candidate with the most votes wins the Council seat. Under a ranked choice voting system, each voter would rank the candidates in order of preference. If no candidate receives a majority of the “first choice” votes, a process of elimination will be used to select the winning candidate. This agenda item will outline the key elements of the most common ranked choice voting systems, the pros and cons of such systems, and the experiences of jurisdictions utilizing ranked choice voting.

Deva Proto, Sonoma County Clerk, Assessor, Recorder, presented information on Ranked Choice Voting and answered questions from Committee Members.

No public comments were made.

Discussion ensued on concerns of voter fatigue and the possibility of disenfranchising voters, the small size of district candidates not meeting the needs of voters, concerns on the cost to implement, educating the community, opening the field for diverse candidates to run, not needing to address this issue so soon after the transition to

district elections, if the process generates more involvement by the public, the process possibly being perceived as unfair and met with skepticism on the outcome of elections, possible confusion with the ballot for the voters, and the process that would be used for a council appointment when a vacancy occurs.

A straw vote was taken on whether or not to support putting a measure on the ballot for Ranked Choice Voting. Three Committee Members present voted in support, and 17 Committee Members voted to not support. At the conclusion of the straw vote, the Committee did not move forward with a ballot measure on Ranked Choice Voting.

4.2 COMMITTEE WORKPLAN AND PRIORITIES UPDATE

The Committee has considered and given staff direction on three issues recommended for consideration by the Council, including Council compensation, direct elect Mayor, and ranked choice voting. In the course of its discussions, the Committee has raised two new issues for consideration, including authorization for non-citizen voting and possible revisions to the procedures for filling a Council vacancy. Nine additional issues still remain on the list of topics recommended by Council for Committee consideration. The public has also offered suggestions. This agenda item will give the Committee an opportunity to review the outstanding matters, identify priorities and establish a work plan for its remaining meetings.

City Attorney Gallagher presented the Committee with a list of issues for prioritization and next steps in the Charter Review Process, reviewed the three new issues identified by Committee Members, the remaining issues brought forward by Council, reviewed the issues that require a Charter Amendment, items that are subject to an ordinance or resolution, and one additional issue recommended for consideration by a member of the public. City Attorney Gallagher reviewed the current procedure for filling a council vacancy, voting rights for non-citizens, the timing of charter amendments, the possibility of allowing the mayor to serve two

consecutive terms, police auditor position and a citizen oversight commission, items subject to ordinance or resolution such as climate change, diversity, equity, inclusion and belonging.

PUBLIC COMMENT

Gregory Fearon spoke on changing the Community Advisory Board to a neighborhood based committee and naming it a Council of Neighborhoods, and asked who has the authority to name committees, and if there is a process if a resident wants to rename one.

Joe Leadem spoke calling attention to his proposal reducing the signature requirements for referendums and stated his reasons why this should move forward.

Each Committee member shared their top three issues of interest with the following three proposals receiving the most votes:

Voting Rights for Non-Citizens
Council Vacancy Procedures
Changing the Frequency of Charter Amendments

Chair Cisco informed the Committee that the remaining issues that did not score in the top three proposals for a deeper discussion, will be included in the final report to Council noting the Committee found them to be of concern or interest for the Council to discuss. Chair Cisco informed the Committee they will have an opportunity to review the report prior to submission to Council.

4.3 CHARTER UPDATE AND CLARIFICATION

In addition to the separate ballot measures currently under consideration on significant substantive issues, the City Attorney recommends that the Committee consider an additional measure to include a number of non-controversial amendments to update and clarify the City Charter. The proposed measure is intended to clarify and streamline City procedures, remove ambiguities, and delete

outdated provisions. Similar measures were placed on the ballots in 2002 and 2012 and were passed with strong voter approval. Proposed amendments may include clarification of the timing of Charter review and amendments, clarification of emergency management responsibilities, allowance for a two-year budgeting process, streamline provisions for procurement, clarification of scope of authority of the Board of Public Utilities, establishment of a date certain for the seating of new Council members, and others.

City Attorney Gallagher presented information on updates that can be made to the City Charter that include potential elements that can be included in a Measure to ensure consistency with state law, clarify ambiguities, and modernize City procedures, noting it will not include issues that will be addressed in a separate measure. City Attorney Gallagher presented a list of potential elements for inclusion in the update to include District Elections, the timing of review of the City Charter, clarification of the Mayor's role in an emergency response, the Chief of Police and Fire Chief's authority and responsibilities in an emergency response; clarify the Community Advisory Board appointments, update and clarify language as it relates to the hiring of a City Attorney; clarify the scope of responsibility of the Board of Public Utilities to include "dry" utilities including electricity, broadband and potentially others; adopt a two-year budget cycle; revise language to allow flexibility in contract procurement; a proposal for a date certain for induction of new Council Members after an election; address voting process in the event of a Council vacancy; clarify vacancy process created by a recall of a Council member be by appointment or special election; remove reference to the Santa Rosa School District; possible removal of reference to the Public Library; and to clarify language in the hiring of Deputy Officials. City Attorney Gallagher answered questions from Committee Members.

4.2 CHARTER UPDATE AND MODERNIZATION

The Committee is currently considering several proposed Charter amendments to address significant substantive issues, including, but not limited to Council compensation, directly elected Mayor and ranked choice voting. In addition, the City Attorney recommends that the Committee consider a ballot measure to include more minor amendments, designed to update, clarify and modernize the City Charter.

The proposed measure would be intended to remove ambiguities, streamline City procedures, and revise outdated provisions. Similar update measures were placed on the ballots in 2002 and 2012 and were passed with strong voter approval. For 2022, the proposed amendments may include clarification of the timing of Charter review and amendments, clarification of emergency management responsibilities, allowance for a two-year budgeting process, streamlined provisions for procurement, clarification of scope of authority of the Board of Public Utilities, alignment with District-based elections and others.

City Attorney Sue Gallagher presented language that could be included in the general charter update related to district elections, council vacancy procedures, frequency of charter amendments, revisions to provide flexibility related to the Board of Public Utilities, budget, contract procurement, emergency response, Community Advisory Board appointments, and making language gender neutral.

Chief Financial Officer Alan Alton answered questions from Committee members regarding factors on the flexibility and benefits of a two-year budget and outlined the process that would be used.

No public comments were made on this portion of the presentation.

City Attorney Gallagher presented information on District Elections and language revisions for the charter to align with the City's district elections, state law and the Voting Rights Act with the boundaries established by ordinance. Information was provided on the current process for filling a Council vacancy and discussion ensued whether procedures to fill a vacancy should be changed, a review of the pros and cons of a council appointment versus a special election, the process for more frequent charter revisions, and the pros and cons for the allowance of more frequent reviews and possible charter amendments through an initiative by the voters.

City Attorney Gallagher provided proposed language amendments to Charter Section 25 - Board of Public Utilities to clarify the scope of responsibilities to include "dry" utilities, the pros and cons of expanding their role, for contract procurement to allow for flexibility and innovation on contracting for public works, clarifying emergency response language by revising the charter to avoid ambiguity in leadership during emergency response, clarifying appointment to the Community Advisory Board to one at large and one from the Council Member's district, revising language to be gender neutral, and making the seating of new council members to a date certain.

City Attorney Gallagher answered questions from Committee members.

Discussion on this item was continued to the next meeting.

4.3 COUNCIL COMPENSATION

The City Council has recommended that, among other topics, the Committee research and consider preparing a Charter amendment to increase Council member compensation. Currently, the Charter allows for the establishment of Council compensation in accordance with formulas set forth in state law. For a city the size of Santa Rosa, state law allows for Council member salary of up to \$800 per month. State law allows for an annual increase in salary of up to 5% (not compounded). State law also allows the city's voters to approve a higher salary. The voters of Santa Rosa have approved a higher salary for the Mayor, currently equal to \$1200 per month (150% of Council member salary).

The Committee began its discussion of Council compensation at its December 15, 2021 meeting and expanded its discussion at its meeting on January 5, 2022. This agenda item will provide the Committee with the opportunity to provide final direction on its recommendation for Council compensation.

This item was continued to the April 13, 2022, meeting.

4.2 VOTING RIGHTS FOR NON-CITIZENS

The Charter Review Committee has requested, as a high priority, the opportunity to consider a possible Charter amendment to allow non-citizens to vote in local City elections. This agenda item will provide the Committee with general background on voting rights for non-citizens, arguments for and against granting such rights, and the logistics of implementation. The Committee may provide direction to staff on recommended next steps.

City Attorney Sue Gallagher presented information and introduced Deva Proto, Sonoma County Registrar of Voters, who presented information on non-citizen voting rights and answered questions from the Committee.

PUBLIC COMMENT

Joe Leadem spoke asking the Committee to check with leaders

of the non-citizen communities to see if the right to vote is a desired value for them before the Committee embarks on the issue.

Committee discussion ensued on the need to do more research on the topic, for Council to decide if this is an issue to explore, whether to make voting available only for permanent non-citizen residents who are authorized to work, concerns on the cost to implement, concerns voting registration is a public record with members of the community possibly being exposed to U.S. Immigration and Customs Enforcement officials (ICE), to let non-citizens decide if they want to take the risk of exposure, weighing the cost to implement should not be considered when giving the under served community a voice, asking the Council to form a subcommittee to explore the issue, and making a very specific recommendation to Council on a specific timeline to implement.

A motion was made by Committee Member Pitts, seconded by Committee member Martinez, to recommend Council examine non-citizen voting as part of the Charter Review process by conducting a study session, consider costs, define groups, verification process to identify voter registration as a non-citizen, explore how it has been implemented in other cities, and various other information deemed necessary related to this topic.

Committee Member Minor made a friendly amendment to place this on the ballot at a future time, for Council to explore the best process either through a study session, subcommittee or listening session, to look at data on how many residents will be able to vote in the next few years, to explore how other cities have implemented non-citizen voting, costs, and clarification and definition on the meaning of non-residents.

The friendly amendment was not accepted.

A motion was made by Committee Member Klose, seconded by Committee Member Gudino, to recommend to Council to undertake whatever process they deem necessary to place non-citizen voting on a ballot on or before 2026 and for cost consideration not to be a factor in the decision making process.

The motion failed by the following vote:

- Yes:** 9 - Committee Member Arrizon, Committee Member Byrne, Committee Member Diaz, Committee Member Gudino, Committee Member Klose, Committee Member Martinez, Committee Member Miller, Committee Member Minor and Committee Member Walsh
- No:** 9 - Chair Cisco, Committee Member Badenfort, Committee Member Bartley, Committee Member Condrón, Committee Member Ling, Committee Member Mazzia, Committee Member Olivares, Committee Member Pitts and Committee Member Weeks

4.3 COUNCIL COMPENSATION

The City Council has recommended that, among other topics, the Committee research and consider preparing a Charter amendment to increase Council member compensation. Currently, the Charter allows for the establishment of Council compensation in accordance

with formulas set forth in state law. For a city the size of Santa Rosa, state law allows for Council member salary of up to \$800 per month. State law also allows for an annual increase in that salary of up to 5% (not compounded), which increase may accumulate if not immediately applied. In addition, State law allows the city's voters to approve a higher or alternative salary. The voters of Santa Rosa have approved a higher salary for the Mayor, currently equal to \$1200 per month (150% of Council member salary).

The Committee began its discussion of Council compensation at its December 15, 2021 meeting and expanded its discussion at its meeting on January 5, 2022. This agenda item will provide the Committee with the opportunity to provide final direction on its recommendation for Council compensation.

4.2 COUNCIL COMPENSATION

The City Council has recommended that, among other topics, the Committee research and consider preparing a Charter amendment to increase Council member compensation. Currently, the Charter allows for the establishment of Council compensation in accordance with formulas set forth in state law. For a city the size of Santa Rosa, state law allows for Council member salary of up to \$800 per month. State law also allows for an annual increase in that salary of up to 5% (not compounded), which increase may accumulate if not immediately applied. In addition, State law allows the city's voters to approve a higher or alternative salary. The voters of Santa Rosa have approved a higher salary for the Mayor, currently equal to \$1200 per month (150% of Council member salary).

The Committee began its discussion of Council compensation at its December 15, 2021 meeting and expanded its discussion at its

meeting on January 5, 2022. This agenda item will provide the Committee with the opportunity to provide final direction on its recommendation for Council compensation.

City Attorney Sue Gallagher presented information on the current Charter provision for Council compensation in accordance with State law and provided information on the following options for Committee consideration:

Option 1: Let Council vote whether to proceed with state law provision that allows a 5% increase of up to \$40/month per calendar year multiplied by 17 years, when Council last approved their compensation in 2005, with compensation increased from \$9,600 to \$17,760 for Council Members and \$26,640 annually for the Mayor. Health, vision, dental, life insurance, long-term disability, retirement and other benefits are also provided.

Option 2: Tying Council compensation to City staff income. The lowest salary would be equal to \$32,968 annually with the average salary approximately \$95,000.

Option 3: Area Median Income (AMI). In 2021 AMI being \$72,3000 for a one person household, \$84,650 for a two persons household, and \$92,950 for a three person household.

City Attorney Gallagher provided information on the City of Berkeley's Measure JJ which tied compensation to AMI and approved by the voters in 2020.

No public comments were made.

Discussion ensued on the three options presented, a possible monetary penalty for unexcused absences, creating a high level of expectation from the public for Council Members with the increase in compensation, cutting Council's compensation before employee compensation when budget cuts are needed, making the Mayor's compensation the same as the 3rd District Board of Supervisor's compensation, additional benefits Council already

receives, using the average Council compensation of comparable cities to set the compensation for Santa Rosa Council Members, making compensation increases justifiable to the voters, and whether to make compensation increases automatically placed on a ballot as a separate measure.
