To:Toomians, Kristinae < KToomians@srcity.org>

Dear Ms. Toomians,

I recently met with Dr. Rajesh Kalra and learned about his proposal to the Planning Commission to convert the building at 6575 Oakmont to a Memory Care Facility.

As the business owner of a Home Care Organization, I support this project. I believe it would be a great resource to seniors living in the Oakmont area, should they need specialized memory care and not be able to continue living in their own home.

It would also make it easier for an elderly spouse residing in Oakmont to visit a loved one if the facility they receive care from is also in Oakmont.

Sincerely,

## Gabriella Ambrosi
