5. COST PROPOSAL

We have provided a specific cost proposal for the City of Santa Rosa. Our fees include the estimated cost per year for each individual position, the estimated annual cost for the staffing levels we propose initially, and anticipated incidentals such as overtime or meetings outside of normal business hours. Bureau Veritas is committed to providing the right staffing levels to the City and as a result, we are capable of adjusting staffing levels to fit with the workload. We understand the City may elect to contract with multiple consultants and that fees will be negotiated. Our team is available to discuss the fees, or any other item, with the City at a mutually convenient time.
