I live at Woodgate Glen , Condominium Complex , and have been living here for over 20something yrs , directly behind Olivers Market , on Wall Place !! I - am Opposed to this Stony Point Wellness , at 411 Stony Point Rd , coming into Fruition , because of Spirit Creek Behind Stony Point Shopping Center , that the city doesn't take responsibility for , and is already open to , Homelessness/ Encampment , Drug Use , Leaving Needles around , Litter , People Defecating In public , Mental Illness , and thinking they can do what ever they want because they are either on drugs or do not care or want help because of there condition ! Stony Point Shopping Center already has enough Pot smoking / Drug Dealing in the parking lot and crime , besides the Homelessness , to have this kind of business coming into it . At the Woodgate Glen Condominium complex , behind Stony Point Shopping Center , all the goings on which Ive described , runs over into our neighborhoods here , and specially on Wall Place at the end of the street , which backs up to Spirit Creek , which the city doesn't monitor , and we have no Walls or fences to keep the riffraff out , and showing up behind our Garages back here . The Homeless comes back behind our garages , and bushes and Defecates , litters , does drugs , leaves needles , garbage/trash/their clothes , and one , Mentaly ill lady who died behind our garages , Off her meds ! Stony Point Shopping Center does not have Decent Security , and all that I mentioned Shows up here in Woodgate Glen Condominium Complex ! I am Burned out on Having to watch for people popping out of bushes at 4am , in the dark on drugs and spooking anyone living in the condo complex , day or night , woman and children just living their lives , specially children ! This business needs to go somewhere else , where the City can monitor it and stop relying on how to make taxes on yes legal drugs sales , but Already persistent crime in the area of these businesses !
