Hello Jana,

Thank you for your question. The tree will not be impacted – there is already an existing garage with driveway access. The garage is being expanded in the same location, and the driveway access will not change:

Thank you,
Noor

Subject: [EXTERNAL] 522 Orchard St, Santa Rosa

Hello Sachnoor,

We received notification of the Somerville garage and remodel. I would like to know whether the beautiful tree (it may be a cherry or other blossoming species) will remain intact during the remodel. The drawing appears to show that the owners must remove the tree to gain access to the new garage. I oppose the project if this is the case. The tree has been there for many years, beautifying the neighborhood. Too many trees in this city have been destroyed and not replaced.

Please let me know the homeowner's plan for the blossoming tree in their front yard.
