CITY’S UNIT #8 – TRANSIT

JULY 1, 2017 THROUGH JUNE 30, 2020

Management and Unit 8 Compact

Management and Unit 8 represented by SEIU, Local 1021, wish to formalize a relationship which will survive differences in interests, endure changes in leadership, and extend beyond legal and contractual requirements based on the following principles. We understand and accept that a high degree of trust is essential. Therefore, we will focus on developing and maintaining trust.

We will use the City's Basic Principles in our communication and interactions with one another:

- Focus on the situation, issue, or behavior, not on the person
- Maintain the self-confidence and self-esteem of others
- Maintain constructive relationships
- Take initiative to make things better
- Lead by example
- Think beyond the moment

We will be more responsive to each other's complaints and issues by acting in a timely fashion, informing each other of follow up action taken and working to resolve issues at an informal level.

We agree to establish a labor management meeting that initially meets bi-monthly to utilize the principles outlined above to address issues of mutual concern.

26.1.2 BID GROUP: Groupings, by order of immediate bid seniority, of several bus operators who place their shift bids at the same scheduled time.

26.1.3 NON-WORKING STATUS: For the purpose of Article 26, “non-working status” is defined as an operator not being cleared for work by a physician at the time of the bid.

26.1.4 OPERATOR’S BID REQUEST FORM: Form submitted by operators to select work assignments. An example of this form is in the Bus Operator’s Handbook.

26.1.5 BID LIST: Form posted to show bid status and assignments that are taken, available, and available as proxy. An example of this form is in the Bus Operator’s Handbook.

26.1.6 PROXY BID: Operators, who are non-working status at the time of the bid, secure a shift by seniority they will occupy upon return to work and the next weekly schedule is posted (This process allows operators in a working status and of

lesser seniority to bid on shifts occupied by senior operators in a non-working status at the time of the bid).

26.2 Quarterly Bid:

26.2.1 The bidding of regular and scheduled relief assignments for full-time bus operators shall be conducted every three (3) months. The bidding process shall be conducted within a period of seven (7) working days exclusive of Saturday, Sundays and fixed holidays. The bid shall usually be conducted during the first two (2) weeks of the month prior to the month in which the new bid is to be implemented.

26.2.2 A schedule indicating the deadline by which each operator, within a Bid Group, is to submit their request will be made available to all eligible operators. Operators whose Bid Group is scheduled to bid in the A.M. must submit their bids by no later than noon on their designated day. Operators whose Bid Group is scheduled to bid in the P.M. must do so by no later than 9:00 P.M. on their designated day. Any operator who is unable to deliver their bid in person during their scheduled bidding period may have their bid delivered by other means or submit it ahead of time.

26.2.3 Operators must prioritize their bid selections, by order of preference, in accordance with the grid on the Operator's Bid Request Form. A sufficient number of selections must be made and prioritized to ensure one will remain unclaimed following selections by those operators of higher seniority within their Bid Group.

26.2.4 Operators who do not submit their bids by their posted deadline may still participate in the bidding process. Late bids will be administered in order of seniority following the scheduled bids of all other operators within their Bid Group who have timely submitted bids.

26.2.5 All bids must be submitted to a Transit Field Supervisor or designee on an official Operator's Bid Request Form. Bids tendered by other means will not be accepted. Upon receipt of each Bid Request form, a Transit Field Supervisor or designee shall sign the form and note on it the time that it was submitted. A bid will be considered final upon receipt and signature by a Transit Field Supervisor or designee. A final bid may not be modified by the Operator.

26.2.6 The progress of the bid may be monitored on the Bid List, which will be posted on the Drivers' Lounge notice board. This will be updated by 5:10 A.M.

and 12:20 P.M. daily, following the completion of each Bid Group, for the duration of the bidding period. Each full-time regular Bus Operator, in descending order of seniority, shall select an assignment from among those remaining following the selection by employees of greater seniority. Information describing the available assignments shall include start and stop times, routes, and days off.

26.2.7 Operators who are on vacation during the bidding process are required to submit their bids in advance. Operators who are absent on industrial leave or with an extended illness at the time of the bid process shall indicate their non-working status on the Operator's Bid Request, and their Proxy bid choice will be available to operators of lesser seniority. Shifts that are available from Proxy Bids will be indicated on the Bid List. Operators who submit a Proxy Bid, upon returning from non-working status, shall occupy an open shift until the next published work schedule, at which time they will assume their regular bid shift.

26.2.8 Operators who select an assignment with a Proxy Bid on it may occupy that shift until the operator who submitted the Proxy Bid returns to work. An operator may only bid on one (1) assignment that has a Proxy Bid on it, in addition to their seniority bid shift. All operators must indicate on their bid Request form as to whether or not they wish to accept an assignment which has a Proxy Bid. Operators in a non-working status at the time of the Quarterly Bid cannot bid on assignments that have Proxy Bids.

26.2.9 It is the responsibility of operators who are on vacation, and assigned a shift with a Proxy Bid, to ascertain if their assignment has been changed prior to returning from vacation, due to the return to work of the Proxy Bid operator.

26.3 Limited Re-Bid: If during the first forty-five (45) days following the implementation of a quarterly bid one or more operators leave the classification of Full-time Bus Operator, a limited re-bid will be conducted among those operators of lesser seniority. Only vacated assignments will be available for selection during such limited re-bids.

26.4 Service Change bid: In the event a planned service change which affects the bidding of work assignments does not coincide with the normal bid schedule, operators will be advised a minimum of two (2) weeks prior to the service change and a

new bid shall be conducted in the same manner as a Quarterly Bid. Regular bidding of assignments will resume on the normal schedule following this Service Change Bid.

26.5 Service Change Limited Re-Bid: Minor service changes which effect less than 50% of a single route will be implemented immediately. The Bus Operator impacted by the minor change will have up to five (5) working days following implementation of the change to request a Service Change Limited Re-Bid. A Service Change Limited Re-Bid will be posted within two (2) business days of any such request and be conducted in the same manner as a Limited Re-Bid, from the impacted Bus Operator to the least senior Bus Operator.

26.6 UNION Review of the New Bid Schedules: Upon conclusion of each of the bids and re-bids as detailed above, a Transit field Supervisor shall prepare a Bus Operator Work Schedule reflecting the bid results. This work schedule shall be provided to a UNION representative for review twenty-four (24) hours in advance of issuing the work schedule to the unit. 27.4 Management shall retain the right to adjust TSR schedules, regardless of bid preference in order to meet coverage obligations during periods of reduced staffing. TSR's will remain on their bid work schedule when all TSR's are working

27.5 TSR absences of more than one week require schedule revisions for the remaining TSRs. The shifts available during that period shall be offered to the available TSR's for bid in seniority order. 55.8 The intent of this plan is for the eligible retiree payments to remain at the amount specified when the retiree first became eligible. However, based on actuarial recommendations and in accordance with the Plan, benefit amounts may be decreased proportionately to all recipients. Increases to recipients' benefits will only occur if active employees in the respective bargaining unit make that decision consistent with the terms of the Plan Document. For any benefit amount change to be effective, the unit must submit a notice to the City's Risk Manager which includes (i) the date and results of the unit's vote, (ii) the new benefit amounts approved by the unit, and (iii) the effective date for those changes. The current stipend amounts are listed in the Plan Document. Any changes to the stipend amounts will require an amendment to the Unit 8 appendix to the Plan Document. The City of Santa Rosa will provide each active employee with a copy of the plan documents within thirty (30) days of any change to the stipend amounts.
