YEAR 2020-21 STATE OF GOOD REPAIR PROGRAM

AGENDA ACTION: RESOLUTION

RECOMMENDATION

It is recommended by the Transportation and Public Works Department that the Council, by resolution, approve the SB1 State of Good Repair Project List for Fiscal Year 2020-21 for preventative maintenance, and authorize the Director of Transportation and Public Works or his designee to request the City's allocated Fiscal Year 2020-21 State of Good Repair funding in the amount of \$25,473 from the California Department of Transportation.

EXECUTIVE SUMMARY

State of Good Repair (SGR) funds will assist Santa Rosa CityBus in maintaining the fixed-route fleet of buses, providing efficient and reliable service to the community.

BACKGROUND

1. The State Transit Assistance (STA) funding from the SGR account authorized under Senate Bill 1 (2017) is funded from a portion of a new Transportation Improvement Fee on vehicle registration.
2. The SGR program goal is to provide funding for capital assistance to rehabilitate and modernize California's existing local transit system. The City of Santa Rosa will receive an estimated \$25,473 based on the revenue allocation method; that is, the amount of revenue generated by the operator's transit system relative to other transit operators statewide.
