Exhibit A is attached hereto for the purpose of defining the manner and scope of services to be provided by Contractor and is not intended to, and shall not be construed so as to, modify or expand the terms, conditions or provisions contained in this Agreement. In the event of any conflict between this Agreement and any terms or conditions of any document prepared or provided by Contractor and made a part of this Agreement, including without limitation any document relating to the scope of services or payment therefor, the terms of this Agreement shall control and prevail.

2. COMPENSATION

a. City shall pay Contractor for services rendered pursuant to this Agreement at the rates, times and in the manner set forth in Exhibit B. Contractor shall submit monthly statements to City which shall itemize the services performed as of the date of the statement and set forth a progress report, including work accomplished during the period, percent of each task completed, and planned effort for the next period. The provisions of this Section 4 shall survive any expiration or termination of this Agreement.

5. INSURANCE

Maintenance of the insurance coverage set forth in Attachment One is a material element of this Agreement and a material part of the consideration provided by Contractor in exchange for City's agreement to make the payments

EXHIBIT A

prescribed hereunder. Failure by Contractor to (i) maintain or renew coverage, (ii) provide City notice of any changes, modifications, or reductions in coverage, or (iii) provide evidence of renewal, may be treated by City as a material breach of this Agreement by Contractor, whereupon City shall be entitled to all rights and remedies at law or in equity, including but not limited to immediate termination of this Agreement. Notwithstanding the foregoing, any failure by Contractor to maintain required insurance coverage shall not excuse or alleviate Contractor from any of its other duties or obligations under this Agreement. In the event Contractor, with approval of City pursuant to Section 6 below, retains or utilizes any subcontractors or subContractors in the provision of any services to City under this Agreement, Contractor shall assure that any such subcontractor has first obtained, and shall maintain, all of the insurance coverages set forth in the Insurance Requirements in Attachment One.

b. It is further understood and agreed by the parties hereto that Contractor, in the performance of Contractor's obligations hereunder, is subject to the control and direction of City as to the designation of tasks to be performed and the results to be accomplished under this Agreement, but not as to the means, methods, or sequence used by Contractor for accomplishing such results. To the extent that Contractor obtains permission to, and does, use City facilities, space, equipment or support services in the performance of this Agreement, this use shall be at the Contractor's sole discretion based on the Contractor's determination that such use will promote Contractor's efficiency and effectiveness. 14. CONFLICTS OF INTEREST

Contractor covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, that would conflict in any manner with the interests of City or that would in any way hinder Contractor's performance of services under this Agreement. Contractor further covenants that in the performance of this Agreement, no person having any such interest shall be

employed by it as an officer, employee, agent or subcontractor, without the written consent of City. Contractor agrees to avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City at all times during the performance of this Agreement.

15. CONFLICT OF INTEREST REQUIREMENTS

a. **Generally.** The City's Conflict of Interest Code requires that individuals who qualify as "Consultants" under the Political Reform Act, California Government Code sections 87200 *et seq.*, comply with the conflict of interest provisions of the Political Reform Act and the City's Conflict of Interest Code, which generally prohibit individuals from making or participating in the making of decisions that will have a material financial effect on their economic interests. The term "Consultant" generally includes individuals who make governmental decisions or who serve in a staff capacity.

b. **Conflict of Interest Statements.** The individual(s) who will provide services or perform work pursuant to this Agreement are "Consultants" within the meaning of the Political Reform Act and the City's Conflict of Interest Code:

_____ yes X no (check one)

- (2) Cause these individuals to file with the City Clerk the assuming office statements of economic interests required by the City's Conflict of Interest Code.

Thereafter, throughout the term of the Agreement, Contractor shall cause these individuals to file with the City Clerk annual statements of economic interests, and "leaving office" statements of economic interests, as required by the City's Conflict of Interest Code.

The above statements of economic interests are public records subject to public disclosure under the California Public Records Act. The City may withhold all or a portion of any payment due under this Agreement until all required statements are filed.

16. CONFIDENTIALITY OF CITY INFORMATION

During performance of this Agreement, Contractor may gain access to and use City information regarding inventions, machinery, products, prices, apparatus, costs, discounts, future plans, business affairs, governmental affairs, processes, trade secrets, technical matters, systems, facilities, customer lists, product design, copyright, data, and other vital information (hereafter collectively referred to as "City Information") that are valuable, special and unique assets of the City. Contractor agrees to protect all City Information and treat it as strictly confidential, and further agrees that Contractor shall not at any time, either directly or indirectly, divulge, disclose or communicate in any manner any City Information to any third party without the prior written consent of City. In addition, Contractor shall comply with all City policies governing the use of the City network and technology systems. A violation by Contractor of this Section 16 shall be a material violation of this Agreement and shall justify legal and/or equitable relief.

In this Agreement, the term "information" shall be construed to mean and include: any and all work product, submittals, reports, plans, specifications, and other deliverables consisting of documents, writings, handwritings, typewriting, printing, photostatting, photographing, computer models, and any other computerized data and every other means of recording any form of information, communications, or representation, including letters, works, pictures, drawings, sounds, or symbols, or any combination thereof. City shall make reasonable efforts to notify Contractor not later than ten (10) days after City is served with any such claim, action, lawsuit or other proceeding, provided that City's failure to provide such notice within such time period shall not relieve Contractor of its obligations hereunder, which shall survive any termination or expiration of this Agreement.

c. All proprietary and other information received from Contractor by City, whether received in connection with Contractor's proposal, will be disclosed upon receipt of a request for disclosure, pursuant to the California Public Records Act; provided, however, that, if any information is set apart and clearly marked "trade secret" when it is provided to City, City shall give notice to Contractor of any request for the disclosure of such information. Contractor shall then have five (5) days from the date it receives such notice to enter into an agreement with the City, satisfactory to the City Attorney, providing for the defense of, and complete indemnification and reimbursement for all costs (including plaintiff's attorneys' fees) incurred by City in any legal action to compel the disclosure of such information under the California Public Records Act. Contractor shall have sole responsibility for defense of the actual "trade secret" designation of such information.

d. The parties understand and agree that any failure by Contractor to respond to the notice provided by City and/or to enter into an agreement with City, in accordance with the provisions of subsection c, above, shall constitute a complete waiver by Contractor of any rights regarding the information designated "trade secret" by Contractor, and such information shall be disclosed by City pursuant to applicable procedures required by the Public Records Act.

The City will provide travel training to Paratransit riders as requested and/or needed by the applicant.

C. ELIBIGIBILITY PROCESS AND ASSESSMENT

Contractor is required to be available by phone and email during normal business hours Monday – Friday 8:00 A.M. - 5:00 P.M. not including holidays observed by City transit services.

The Contractor is required to be available for in-person testing during normal business hours. Given the expected number of applicants, the City deems it sufficient to have office hours one day per week between the hours of 8:00 AM and 5:00 PM. The City of Santa Rosa interviews shall be conducted on Tuesdays. The day of evaluations is expected to remain consistent weekly (i.e. every Tuesday) but additional days may be added or removed in coordination with the consultant when there is increased demand, extenuating circumstances or holidays.

Applicants should be able to schedule an appointment up to two weeks in advance. City would like to ensure that the longest number of days from scheduling to appointment is two weeks and expects the contractor to notify the City if appointment scheduling exceeds the two weeks wait time. If wait time for scheduling exceeds two weeks the Contractor must be able to schedule an additional day for interviews at the City request.

Contractor shall contact each applicant the day before their appointment to remind applicant of the appointment (preferably with a phone call, but a text and/or email should be provided if requested by client). Every effort shall be made by the contractor to accommodate an appointment request within the shortest timeframe possible, based on the existing schedule.

The goals for the eligibility process are to ensure accessibility to the ADA paratransit program for people who need it, to support the use of fixed-route service for persons who are able to use it for some or all of their trips, and to provide a fair and equitable process for recommending ADA eligibility. Paratransit eligibility shall be based on a functional rather than medical model. Persons shall not be qualified or disqualified on the basis of a specific diagnosis or disability alone. An applicant shall be certified as eligible if, and only if, a person is living with functional disability that limits their ability to use a personal automobile and the City's fixed-route service. The age of a person, a language barrier, or the duration of a particular trip on fixed-route services *is not* a basis for paratransit eligibility. The goal of the Contractor shall be to ensure that only applicants who meet the eligibility criteria are enrolled for Paratransit Services.

All new applicants for paratransit services shall be screened through an in-person evaluation interview to determine their ability to use regular fixed route public transit. Applicants shall receive an eligibility level (Conditional or Full) and eligibility terms of either temporary (eligibility granted for six, nine, twelve or eighteen months; in-person interview required to renew), permanent (eligibility granted for three years; in-person interview is required for renewal for Conditional customers and Full customers whose functional condition may improve), or Auto-renewal (Autorenewal eligibility granted for three years).

		ELIGIBILITY TERM as listed in Regional Eligibility Database (RED)				
		Temporary (3,6,9,12 or 18 month terms)	Permanent/ three years (functional condition and device may change within next three years)	Auto-renewal -functional condition unlikely to ever change	Denied	Incomplete
LEVEL as listed in Regional Eligibility Database (RED)	Conditional	n/a	In-person interview to renew	Never schedule for additional in-person interview, unless customer requests a change to Full eligibility	Do not qualify	Waiting more info
	Full	In-person interview to renew	In-person interview to renew	Never schedule for additional in-person interview	Do not qualify	Waiting more info
	Transfers	enter into full or conditional	enter into full or conditional	only if CARE has already interviewed	n/a	n/a

Once an applicant's term is certified they are eligible to use ADA Paratransit for a three-year timeframe (unless they are deemed "temporary") and their registration information is entered into the Metropolitan Transportation Commission's (MTC) Regional Eligibility Database (RED) by the Contractor. Temporary registrants can choose to be reevaluated at the end of the temporary term if they feel they are in further need of ADA paratransit service. All applicants with a term of permanent eligibility must be contacted by the Contractor at the end of their term for a second in-person evaluation interview to determine if their condition has changed. All applicants with a term of auto-renewal will be contacted by the Contractor and automatically re-registered based on the return of a questionnaire or phone call (depending on their disability) to verify that the information on file is still accurate.

The major steps in the process for determining and maintaining an applicant's eligibility are as follows and the Contractor will be responsible for the following steps. The Contractor shall adhere strictly to the paratransit eligibility described below in order to ensure that only applicants who are truly eligible receive paratransit services.

1. Respond to all inquiries about ADA eligibility criteria and send information packets to all members of the public who request information about Paratransit services. This includes background material on the ADA provided by the City per their paratransit rider policies and guidelines.
2. Arrange for on-site personal interview and functional assessment for all potential applicants.
3. Conduct *confidential* in-person interview and functional assessment and document all findings and recommendations within contractor maintained secure confidential web hosted database. The interviewer shall ask questions and/or conduct tests to assess an applicant's ability to use fixed-route services and obtain any additional information as needed to determine paratransit eligibility, as well as the eligibility for the applicant to travel with a personal care attendant. In some cases, a third-party care giver may participate with the applicant in the assessment interview and may be required to provide background information to be used in the assessment process.
4. Make recommendation on ADA eligibility and forward to City within twelve business days (12) of the assessment taking place. City staff will notify the Contractor of any changes. The Contractor must be available to consult by phone with the City if clarifications are required between 8:00 A.M. – 5:00 P.M., Monday – Friday.

5. Once eligibility is determined, the client registration information is entered into the Metropolitan Transportation Commission's (MTC) Regional Eligibility Database (RED) by the Contractor.
6. Notify the applicant of eligibility determination within twenty-one (21) days of evaluation interview. Applicants will be notified by e-mail or mail (applicants' preference) after the determination is made. The Contractor will answer all questions from applicants regarding eligibility determinations.
7. Forward ADA identification card along with Paratransit User Guide and public transit background information to all successfully certified applicants. The paratransit service provider shall be notified that the applicant is eligible, and the client's information has been entered in RED.
8. Send denial letter by e-mail or mail (applicants' preference) and provided instructions for appealing the determination. The reasons for denial shall be stated and all information documented during the evaluation process shall be provided. Provided fixed route transit information to applicants who did not meet the minimum requirements for ADA paratransit services.
9. Make arrangements to schedule appeals as necessary.
10. As part of maintaining and updating the City current paratransit ridership, the Contractor shall each month generate a list of clients whose registration is expiring at least two months (60 days) in advance of the client's expiration month, provide this list to the City and ensure that both the Contractor's database and RED database are both consistent and updated. The Contractor will notify all registrants approximately thirty (30) days prior to their month of expiration of re-certification requirements. The Contractor will mail, email, or call the client (calls should be made to clients whose eligibility is related to visual limitations) to either renew eligibility or schedule an in-person interview.

D. REPORTING AND DATA REQUIREMENTS

The Contractor shall immediately notify the City of any complaint involving applicant referrals about which said applicant referral might be intended to contact the City directly.

The monthly activities report shall be submitted within fifteen days (15) of the close of each month along with the invoice. The Contractor must input all the data that summarizes their activity in the given month and the data must be replicable via the contractor database for validation and auditing purposes. The contractor database must be able to generate the following reports:

1. A list of interviews scheduled, conducted and cancelled¹ (by clients) within the month, organized and listed by client name and date, along with the dates that each successful applicant was sent their welcome packet.
2. Tabulations regarding physical and/or cognitive functional test procedures and results.
3. Number of recommendations of each type.
4. A listing of notification letters posted by client name and date mailed.
5. A listing of identification cards produced and posted by client name and date posted.
6. A listing of auto-renewal re-certification identification cards produced and posted by client name and date posted.
7. Total complaints and commendations (phoned and written) involving applicants, including the date, description and names of all parties involved.
8. An average of the number of minutes/hours required per evaluation.

In addition to the above statistical information the Contractor must bring to the City's attention the following (flagged for further discussion):

9. Suggestions for modifying, simplifying or improving the test procedures and results.
10. Observations regarding individual physical and/or cognitive function test procedures and results.

The Contractor may be asked to conduct periodic surveys to evaluate the program. The City will provide the surveys and the Contractor will be required to participate in administering them. Any cost associated with administering, producing or mailing a survey will be borne by the City.

The Contractor shall be responsible for maintaining a web hosted database that is compatible with the system available in the City, of all applicants, both eligible and ineligible. At a minimum, the database shall be capable of running the above reports and contain a tracking number, applicant's electronic photo, name, address, telephone numbers, email, primary

¹ Cancelled interviews will include those cancelled in advance of the interview date and any no-shows on the day of the interview.

language, representative's contact information (if any), date application sent, interview date, all eligibility determination information (e.g., eligible/denied), eligibility term (temporary, permanent or auto-renewal) and eligibility level (conditional or full), personal care attendant status, expiration date, preferred and secondary method of communication (phone, text, or email) and other essential information. *All information shall be kept confidential and in a secure environment. Contractor shall make efforts to engage in communication with clients via email.*

E. MEETINGS

The City shall hold meetings with the Contractor on at least a quarterly basis for Contract Oversight or as-needed basis for the purpose of discussing service problems, proposed solutions, and to maintain open and frequent communications. Unless otherwise notified, the Contractor Project Manager shall attend all meetings.

F. STAFF REQUIREMENTS

The Contractor shall be solely responsible for the provision and satisfactory work performance of all employees performing services under this Agreement. The Contractor shall be solely responsible for payment of all employee and/or subcontractor wages and benefits. Without any additional expense to the City, the Contractor shall comply with the requirements of employee liability, equal employment, Workers' Compensation, unemployment insurance, Social Security, income tax and all other applicable laws. Furthermore, the Contractor shall indemnify and hold harmless the City from any alleged violation of such enactments or from any claims or subrogation provided for in such enactments or otherwise noted.

The Contractor is required to have a team of qualified staff who should, collectively, be able to demonstrate knowledge and abilities including but not limited to:

Such staff may include, but not be limited to, certified physical therapists, occupational therapists, rehabilitation specialists, orientation and mobility specialists, and professionals with training in cognitive and psychiatric impairments. Paratransit and fixed route transit knowledge are preferred.

G. FACILITIES AND EQUIPMENT

Applicants will likely have some degree of physical, visual, cognitive and/or mental functional disability. It is therefore essential that all facilities, including parking, approaches, building and equipment used in performing work under this Agreement be fully accessible and meet all requirements of the Americans with Disabilities Act (ADA), its implementing regulations, and State of California Title 24 requirements.

The City Transit Operations building located at 45 Stony Point Road, Santa Rosa, CA 95401 is a fully accessible building from all approaches. This location must be used for all City in-person eligibility interviews. Internet access will be provided to the Contractor's staff.

No applicant shall be denied services based upon inability to access the Contractor's facilities and/or services.

The physical and cognitive functional tests will require physical facilities and equipment adequate for the following:

- A phone to be used by the applicant to test the ability to obtain bus schedule information using either a standard phone or TDD as required.
- Route finding in which applicants will be asked to find their way to a location in another department or building and back again.

- The Contractor may elect to test an applicant's ability to board and alight from a transit vehicle. This testing can be done through "bus representation". The bus representation could be an actual bus. Contractor staff will need to be trained in the operation of the accessible features of this bus. If the Contractor elects to use their own form of bus representation it will need to be deemed acceptable by the City's transit staff before it can be used for testing purposes.

H. EMERGENCY POLICIES AND PROCEDURES

All applicants referred to the Contractor are likely to have some degree of physical, cognitive and/or mental disability. Contractor policies and procedures shall be in place to respond to any emergencies (e.g. cardiopulmonary resuscitation, seizure management, etc.) that may arise. The City will not be responsible for any costs associated with implementation of such policies and procedures above those included in the contracted service price.

I. ACCESSIBLE INFORMATION AND DOCUMENTS

The Contractor shall work with the City to ensure all documents and information are in accessible formats based on applicant and client stated preference. All documents shall be

transmitted by **mail or email**. The Contractor shall establish an email address for the transmission of documents in electronic format.

Contractor shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a US flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. Contractor shall include the requirements of this section in all subcontracts that may involve international air transportation.

Energy Conservation – Applicability – All Contracts except micro-purchases (\$10,000 or less, except for construction contracts over \$2,000) Contractor shall comply with mandatory standards and policies relating to energy efficiency, stated in the state energy conservation plan issued in compliance with the Energy Policy & Conservation Act.

In addition to other penalties that may be applicable, contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submittal, or certification, the US Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act (1986) on contractor to the extent the US Government deems appropriate.

Contractor shall promptly submit its termination claim to the recipient. If contractor is in possession of any of the recipient's property, contractor shall account for same, and dispose of it as the recipient directs.

b. Termination for Default [Breach or Cause] (General Provision) If contractor does not deliver items in accordance with the contract delivery schedule, or, if the contract is for services, and contractor fails to perform in the manner called for in the contract, or if contractor fails to comply with any other provisions of the contract, the recipient may terminate this contract for default. Termination shall be effected by serving a notice of termination to contractor setting forth the manner in which contractor is in default. Contractor shall only be paid the contract price for supplies delivered and accepted, or for services performed in accordance with the manner of performance set forth in the contract. If it is later determined by the recipient that contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of contractor, the recipient, after setting up a new delivery or performance schedule, may allow contractor to continue work, or treat the termination as a termination for convenience.

c. Opportunity to Cure (General Provision) the recipient in its sole discretion may, in the case of a termination for breach or default, allow contractor an appropriately short period of time in which to cure the defect. In such case, the notice of termination shall state the time period in which cure is permitted and other appropriate conditions. If contractor fails to remedy to the recipient's satisfaction the breach or default or any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by contractor or written notice from the recipient setting forth the nature of said breach or default, the recipient shall have the right to terminate the Contract without any further obligation to contractor. Any such termination for default shall not in any way operate to preclude the recipient from also pursuing all available remedies against contractor and its sureties for said breach or default.

d. Waiver of Remedies for any Breach In the event that the recipient elects to waive its remedies for any breach by contractor of any covenant, term or condition of this Contract, such waiver by the recipient shall not limit its remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

e. Termination for Convenience (Professional or Transit Service Contracts) the recipient, by written notice, may terminate this contract, in whole or in part, when it is in the recipient's interest. If the contract is terminated, the recipient shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.

f. Termination for Default (Supplies and Service) If contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension or if the contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. Contractor shall only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract. If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.

g. Termination for Default (Transportation Services) If contractor fails to pick up the commodities or to perform the services, including delivery services, within the time specified in this contract or any extension or if contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. Contractor shall only be paid the contract price for services performed in accordance with the manner of performance set forth in this contract.

If this contract is terminated while contractor has possession of the recipient goods, contractor shall, as directed by the recipient, protect and preserve the goods until surrendered to the recipient or its agent. Contractor and

the recipient shall agree on payment for the preservation and protection of goods. Failure to agree on an amount shall be resolved under the Dispute clause. If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.

h. Termination for Default (Construction) If contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified, or any extension, or fails to complete the work within this time, or if contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. the recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. In this event, the recipient may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. Contractor and its sureties shall be liable for any damage to the recipient resulting from contractor's refusal or failure to complete the work within specified time, whether or not contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the recipient in completing the work.

Contractor's right to proceed shall not be terminated nor shall contractor be charged with damages under this clause if:

1. Delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of contractor. Examples of such causes include: acts of God, acts of the recipient, acts of another contractor in the performance of a contract with the recipient, epidemics, quarantine restrictions, strikes, freight embargoes; and
2. Contractor, within 10 days from the beginning of any delay, notifies the recipient in writing of the causes of delay. If in the recipient's judgment, delay is excusable, the time for completing the work shall be extended. The recipient's judgment shall be final and conclusive on the parties, but subject to appeal under the Disputes clauses.

If, after termination of contractor's right to proceed, it is determined that contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if termination had been issued for the recipient's convenience.

i. Termination for Convenience or Default (Architect & Engineering) the recipient may terminate this contract in whole or in part, for the recipient's convenience or because of contractor's failure to fulfill contract obligations. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature, extent, and effective date of termination. Upon receipt of the notice, contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the recipient all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process. If termination is for the recipient's convenience, it shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services. If termination is for contractor's failure to fulfill contract obligations, the recipient may complete the work by contract or otherwise and contractor shall be liable for any additional cost incurred by the recipient. If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.

j. Termination for Convenience or Default (Cost-Type Contracts) the recipient may terminate this contract, or any portion of it, by serving a notice of termination on contractor. The notice shall state whether termination is for convenience of the recipient or for default of contractor. If termination is for default, the notice shall state

the manner in which contractor has failed to perform the requirements of the contract. Contractor shall account for any property in its possession paid for from funds received from the recipient, or property supplied to contractor by the recipient. If termination is for default, the recipient may fix the fee, if the contract provides for a fee, to be paid to contractor in proportion to the value, if any, of work performed up to the time of termination. Contractor shall promptly submit its termination claim to the recipient and the parties shall negotiate the termination settlement to be paid to contractor. If termination is for the recipient's convenience, contractor shall be paid its contract close-out costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination. If, after serving a notice of termination for default, the recipient determines that contractor has an excusable reason for not performing, such as strike, fire, flood, events which are not the fault of and are beyond the control of contractor, the recipient, after setting up a new work schedule, may allow contractor to continue work, or treat the termination as a termination for convenience.
