Public Assistance

Overview

Public Assistance (PA) is FEMA's largest grant program providing funds to assist communities responding to and recovering from major disasters or emergencies declared by the President. The program provides emergency assistance to save lives and protect property, and assists with permanently restoring community infrastructure affected by a federally declared incident.

The following types of local governments are eligible Applicants:

o Counties and parishes
o Municipalities, cities, towns, boroughs, and townships
o Local public authorities
o School districts
o Intrastate districts
o Councils of governments (regardless of whether incorporated as nonprofit corporations
o under State law)
o Regional and interstate government entities
o Agencies or instrumentalities of local governments
o State-recognized Tribes
o Special districts established under State law

Counties, municipalities and other eligible applicants that incurred damage to infrastructure during the same period may apply to Cal OES and FEMA for reimbursement under the Public Assistance categories.
