

Attachment 3 - Draft list of First Phase Projects

First Phase

The Short Term and Long Term Implementation Categories together include nearly 60 linear projects likely to provide a great benefit to walking and bicycling in the Santa Rosa community. Given limited resources compared to this volume of improvements, this Plan Update recommends the City focus on a short list of transformative projects and studies to be implemented first. This list includes 28 projects from both the

Short Term and Long Term categories, and is expected to be reevaluated in the future as projects are completed.

First Phase projects are listed alphabetically by location in Table 6-4 through Table 6-7. This order is not intended to reflect any one project being prioritized above another.

Table 6-4: First Phase – Class I Shared Use Paths

| Type | Location | Cross Street A | Cross Street B |
|-------------------------|-------------------------------------|-----------------------------------|------------------------------------|
| Class I Shared Use Path | Highway 101 Overcrossing | Coddington Mall | Santa Rosa Junior College |
