

Professional Services Agreement – Fire Related Repairs of Utility Stations

Board of Public Utilities Meeting
October 4, 2018

Dave Montague
Supervising Engineer, Transportation and Public Works

BACKGROUND

- The Tubbs Fire damaged ten (10) water facilities and five (5) sewer lift stations in the Fountaingrove neighborhood. Preliminary damage assessments and FEMA site inspections were performed to scope damages.

ANALYSIS

- The Request for Proposals was released June 20, 2018 to 413 professional firms.
- One (1) proposal was received on July 6, 2018 from HydroScience Engineers, Inc.
- The design contract amount of \$399,564.00 represents approximately 14% of the total construction cost.
- Design completion is anticipated June 2019.

RECOMMENDATION

- It is recommended by the Transportation and Public Works Department that the Board of Public Utilities, by motion, approve the Professional Services Agreement with HydroScience Engineers, Inc., of Berkeley, CA for design services associated with the repair of various water and sewer facilities, which were damaged in the Tubbs Fire.
