#### **a. Civil Rights Act of 1964 (Title VI)**

Title VI of the Civil Rights Act of 1964 (42 USC 2200d *et seq.*; PL 88-352) and regulations pursuant thereto (Title 24 CFR 1) states that no person in the United States shall, on the basis of race, color, or national origin, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity receiving Federal financial assistance extended to Contractor. This assurance shall obligate Contractor, or in the case of any transfer, the transferee, for the period during which the real property and structure(s) are used for a purpose for which financial assistance is extended or for another purpose involving the provision of similar services or benefits.

#### **b. Fair Housing Act of 1968**

The Fair Housing Act (42 USC 3601-3620; PL 90-284) states that it is the policy of the United States to provide, within constitutional limitations, for fair housing throughout the United States and prohibits any person from discriminating in the sale or rental of housing, the financing of housing, or the provision of brokerage services, including in any way making unavailable or denying a dwelling to any person because of race, color, religion, sex, national origin, handicap, or familial status. #### **d. Section 109 of the Housing and Community Development Act of 1974**

e. Executive Order 13166 – Limited English Proficiency

The Limited English Proficiency (LEP) Guidelines, based upon Title VI of the Civil Rights Act of 1964 (24 CFR 1.4 Executive Order 13166) requires recipients of federal funding to provide language translation or interpreter services to its clients and potential clients who are limited in English proficiency.

A person with LEP is a person who does not speak English as their primary language and who has a limited ability to read, write, speak or understand English. Affirmative steps must be taken to communicate with people who need services or information in a language other than English. A policy must be developed to serve applicants, participants, and/or persons eligible for housing assistance and support services.

Contractor must analyze the various kinds of contacts it has with the public, to assess language needs and decide what reasonable steps should be taken. In order to determine the level of access needed by LEP persons, the following four factors must be balanced:

2. The frequency with which LEP persons utilize these programs and services;
3. The nature and importance of the Program, activity, or service provided; and
4. The benefits from providing LEP services, and the resources available and costs to the Contractor for those services.

Balancing these four factors will ensure meaningful access by LEP persons to critical services while not imposing undue burdens on the Contractor. Contractor shall develop and implement a LEP policy consistent with the above guidelines and provide City with copies of its LEP policy.

## EXHIBIT A: SCOPE OF SERVICES

### SAMUEL L. JONES HALL HOMELESS SHELTER SAMUEL L. JONES HALL HOMELESS SHELTER ANNEX (Catholic Charities of the Diocese of Santa Rosa)

The Samuel L. Jones Hall Homeless Shelter (Shelter) is a housing-focused, low-barrier shelter providing up to 213 year-round beds in alignment with the City of Santa Rosa's (City) Housing First Strategy. The overarching goal of the Shelter is to transition persons experiencing homelessness into housing as rapidly as possible in order to reduce the negative impacts of homelessness on the individual and the community. The Shelter provides lifeline support and client engagement as participants pursue housing. In addition to emergency services, clients access programs, including health and public benefits that can assist clients in their efforts to secure and retain stable housing. The total 213-beds are prioritized by the Homeless Outreach Services Team (HOST) with beds designed for medical respite, public safety, and the Homeless Encampment Assistance Program (HEAP) or during emergent situations.

In conjunction with the Shelter, the Samuel L. Jones Hall Shelter Annex (Annex), a separate facility constructed in 2020, provides up to 60 emergency shelter beds and wrap-around services for persons experiencing homelessness. These 60 beds are part of the total 213 year-round beds provided on-site, restoring the shelter bed capacity that was lost due to social-distancing restrictions during the Covid-19 pandemic; and are prioritized for individuals identified through HEAP or during emergent situations. HEAP employs a multi-disciplinary team focused on a compassionate approach to address the health, safety, and shelter needs of persons living in encampments and to ease impacts to surrounding communities. Any open beds after those prioritized for HEAP will default to individuals with the highest vulnerability on the Shelter's waiting list in conjunction with HOST's prioritization.

The Shelter staffing model will include the following positions to ensure a housing-focused intervention:

- **Housing Locator**: A real estate professional who is focused on obtaining housing connections and networking with the real estate community to rent to Shelter clients.
- **Housing Navigator**: Case managers who will be singularly focused on obtaining housing for those on their caseloads. Once they help the individual obtain housing, they will then prepare them for a successful transition into housing (furniture, crisis planning, etc.) and transfer the case to a Housing Stabilization Case Manager.
- **Housing Stabilization Case Managers**: Provide case management once an individual is housed. The Housing Stabilization Case Manager will be focused on ensuring that individuals retain housing and will connect them to resources to ensure that the reason they were originally brought into homelessness is addressed.
- **Participant Advocates**: Participant Advocates will be on site 24 hours a day. They will handle all operational needs and will be responsible for having housing-

focused conversations with participants within their first 14 days. Participant Advocates will be responsible for ensuring operational safety as well as updating all housing lists with new ads off Craigslist and other housing ads.

The Shelter will achieve the following planned outputs and indicators.

### **Planned Outputs**

1. Provide year-round shelter for a maximum of 213 individuals per night, or 700 unique individuals per year. Shelter clients will be screened and registered at an offsite central location.
2. Maintain a bed utilization rate at or above 95% for those beds not prioritized for medical respite, public safety, and HEAP.
3. Provide a safe and secure environment for individuals with the goal of moving them into housing as rapidly as possible.
4. Provide services in alignment with the City's Housing First approach to solving homelessness.

### **Planned Indicators**

1. Increase in housing placement rate comparing Fiscal Year 2021/2022 to Fiscal Year 2022/2023.
2. Maintain decreased average length of stay at Shelter comparing Fiscal Year 2021/2022 to Fiscal Year 2022/2023.
3. 20% of participants will be diverted to temporary housing (emergency shelter, transitional housing, staying or living with family or friends, safe haven, hotel/motel paid by voucher, safe parking, etc.).
4. 20% of participants will exit to permanent housing. Of the housed cohort that Contractor can track through agency-specific Homeless Management Information System (HMIS):
  - a. 85% will retain housing, measured at six and twelve months
  - b. 75% will retain or increase income

At a minimum, outcomes should meet or exceed the Sonoma County Continuum of Care (CoC) system performance measures.

WHEREAS, an application was filed with the Department of Community Development requesting the approval of a Conditional Use Permit for the Samuel L. Jones Hall Homeless Shelter expansion, to be located in the northeast corner of 4020 Finley Avenue, also identified as Sonoma County Assessor's Parcel Number(s) 035-141-013; and

WHEREAS, on November 4, 2014 the Council held a duly noticed public hearing on the application at which all those wishing to be heard were allowed to speak or present written comments and other materials; and

WHEREAS, the City Council has considered the application, the staff reports, oral and written, the General Plan and zoning on the subject property, the testimony, written comments, and other materials presented at the public hearing; and

WHEREAS, the project has been found consistent with the requirements of the California Environmental Quality Act and has been determined to qualify for a Class 1 Categorical Exemption under Section 15301, in that the project consists of an expansion of services within an existing structure of a parcel with no significant effects to traffic, noise, air quality, or water quality on a site adequately served by City services. Further, the project has been found to be consistent with the City of Santa Rosa General Plan 2035 EIR and land use provisions meeting the requirements of CEQA Guidelines Section 15183.

NOW, THEREFORE, BE IT RESOLVED, that after consideration of the reports, documents, testimony, and other materials presented, and pursuant to City Code Section 20-52.050 (Conditional Use Permit), the Council of the City of Santa Rosa finds and determines:

- A. The proposed homeless shelter use is allowed within the applicable zoning district in that transitional housing is permitted in all zoning districts subject to Conditional Use Permit approval and the proposed use complies with all other applicable provisions of the Zoning Code and the City Code; and
- B. The proposed use is consistent with the General Plan and any applicable specific plan in that the General Plan Housing Element encourages the distribution of homeless services throughout the City and this site was specifically identified as an appropriate location by the City of Santa Rosa General Plan; and

- C. The design, location, size, and operating characteristics of the proposed activity, as conditioned, would be compatible with the existing and future land uses in the vicinity; and
- D. The site is physically suitable for the type, density, and intensity of use being proposed, including access, utilities, and the absence of physical constraints; and
- E. Granting the permit would not constitute a nuisance or be injurious or detrimental to the public interest, health, safety, convenience, or welfare, or materially injurious to persons, property, or improvements in the vicinity and zoning district in which the property is located.

BE IT FURTHER RESOLVED that this Conditional Use Permit is subject to all applicable provisions of the Zoning Code, including Section 20-54.100 (Permit Revocation or Modification).

BE IT FURTHER RESOLVED that a Conditional Use Permit for the Samuel L. Jones Hall Homeless Shelter Expansion, to be located at 4020 Finely Avenue, is approved subject to all applicable provisions of the Zoning Code, and to each of the following conditions:

## **DEPARTMENT OF COMMUNITY DEVELOPMENT**

### **GENERAL:**

1. The Conditional Use Permit shall allow the expansion of the existing homeless shelter from 120-beds to 138-beds and to further allow the additional use of the facility as a winter shelter during the months of November through March with up to 50 beds, as described in the project description included in the application.
2. Compliance with the latest adopted ordinances, resolutions, policies, and fees adopted by the City Council at the time of building permit review and approval. All fees must be paid prior to issuance of a building permit.
3. All work and occupancy shall be (done) according to the final approved plans dated August 13, 2014.

### **EXPIRATION AND EXTENSION:**

- A. Any permanent night lighting necessary for site safety and building access at Samuel L. Jones Hall shall be down-directed and shielded to reduce glare to adjacent homes; and
  - B. To prevent California Tiger Salamanders from migrating from the adjacent protected habitat area to either parking lot, a barrier will be incorporated into the fence separating the protected habitat area from the developed portion of the property. In addition, a barrier will be placed along the northern and western boundary of the protected habitat area, to prevent salamanders from entering Finley Avenue and South Wright Road from the protected habitat area. Ideally, both barriers will allow entry into the protected habitat area, but not let salamanders re-enter parking lots or the roadway. Migration between the protected area and areas to the south and southwest will not be impeded. Barrier fencing construction and final placement will be as recommended by the U.S. Fish and Wildlife Service.
- 13. Mitigation requirement. The City's approval or permit is valid only if the applicant, its successors, heirs, assigns or transferees, comply with the terms, conditions and mitigations set forth in any clearance, permit, or approval.

  - 15. No building or grading permit of any type shall be issued by the City until a required federal or state, as applicable, clearance or authorization, with or without conditions, has been filed with the City.

A person with Limited English Proficiency (LEP) is a person who does not speak English as their primary language and who has a limited ability to read, write, speak or understand English. Affirmative steps must be taken to communicate with people who need services or information in a language other than English. A policy must be developed to serve applicants, participants, and/or persons eligible for housing assistance and support services.

Contractor must analyze the various kinds of contacts it has with the public, to assess language needs and decide what reasonable steps should be taken. In order to determine the level of access needed by LEP persons, the following four factors must be balanced:

- i. the number or proportion of LEP persons eligible to be served or likely to be applying for program services;
- ii. the frequency with which LEP persons utilize these programs and services;
- iii. the nature and importance of the program, activity, or service provided; and
- iv. the benefits from providing LEP services, and the resources available and costs to the CDC for those services.

Balancing these four factors will ensure meaningful access by LEP persons to critical services while not imposing undue burdens on the Contractor. Contractor shall develop and implement a LEP policy consistent with the above guidelines and provide City with copies of its LEP Policy.

  - ii. The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.
