The City of Santa Rosa ("City") and Santa Rosa City Schools ("District"), are parties to an Agreement regarding development of the Fir Ridge site ("Site"), located in the City of Santa Rosa (APN 173-620-030). Pursuant to the original subdivision approvals, the Site is designated for development of either an elementary school or low and/or moderate-income housing. In 2016, Council approved a Memorandum of Understanding ("MOU") to extend the term of the Agreement to allow the District until June 30, 2020, to commence construction of affordable housing for lower income District employees on the Site or sell the Site to a third party for construction of affordable units. The MOU provides that, in the event the District fails to meet this deadline, the Agreement shall terminate and the District shall transfer title of the Site to the City to enable the City to either develop the Site with affordable housing or sell the Site and use all proceeds to finance construction of low and/or moderate-income units in the City.

In part due to the October 2017 Tubbs and Nuns Fires which significantly damaged the area surrounding the Site, the District has

been unable to commence construction or identify a potential buyer for the Site and has initiated discussions with the City to discuss alternatives to developing the Site with affordable housing. These alternatives include: City and District extending the current MOU to allow the District additional time to fulfill its obligations under the MOU; District transferring title of the Site to the City for City's development or facilitating development of affordable housing; District selling the Site to a third party and using proceeds to develop low and/or moderate income housing for District employees on a different site within the City limits; or District selling the Site and using the proceeds to create a Loan Program to provide down payment assistance for District employees to purchase homes in the City.

Presented by David Guhin, Assistant City Manager/Director Planning and Economic Development.

After the \$15.00 per hour threshold is reached, the state minimum wage will increase annually based on the Consumer Price Index up to 3.5% per year. SB 3 maintains existing exemptions in the State's minimum wage law. Pursuant to a proposal from labor, and community organizations for Santa Rosa to expedite the State timeline, and following similar actions taken by neighboring jurisdictions, this ordinance outlines a \$15.00/hour minimum wage for employers with 26 or more employees and a \$14.00 minimum wage for 25 or fewer employees effective July 1, 2020. On January 1, 2021, the ordinance further outlines the minimum wage for employers with 25 or fewer employees will be \$15.00 per hour and, on this same date and annually thereafter, the minimum wage for all employers regardless of size will increase based on the Consumer Price Index for Urban Wage Earners and Clerical Workers for the San Francisco-Oakland-Hayward Consolidated Metropolitan Statistical Area up to 3.5%.

14.2 REPORT - URGENCY ORDINANCE RESILIENT CITY COMBINING DISTRICT AMENDMENT FOR MOBILE HOME PARK CLOSURES

BACKGROUND: Beginning on the evening of October 8, 2017, and continuing for days thereafter, a series of wildfire events damaged or destroyed thousands of residential and commercial structures within the City of Santa Rosa. On October 13, 2017, the City Council ratified a proclamation of local emergency in the City of Santa Rosa. To facilitate and expedite the reconstruction process, on October 24, 2017, the Council adopted an urgency ordinance establishing the Resilient City (-RC) Combining Zoning District, to be applied to the base zoning of each property most severely impacted by the Fires.
