ANALYSIS

Pursuant to Chapter 1-30 of the Santa Rosa City Code, a Hearing Officer conducts administrative hearings to determine whether or not violations of the City Code exist on a specific property. Since May 2004, hearings have been scheduled twice a month. Per the procedures, when one or more violations are identified, the responsible party or parties are notified and given a reasonable time to make corrections. If the corrections are not accomplished by a specific date, the party or parties are required to appear before the Administrative Hearing Officer to determine whether or not the violations exist. A penalty is assessed for each violation, and where costs of the enforcement process were incurred and proven at the hearing, such costs are also assessed against the responsible party or parties. At the hearing, the responsible party or parties are advised that if penalty costs remain unpaid, the City retains the option to either place a special assessment lien against the property where violations occurred, or to create a personal obligation against the responsible party.

If the responsible party has not paid the administrative penalty, including administrative costs, in full within 30 days, the Code Enforcement Officer shall request, by placing on the City Council consent agenda, an item to confirm that a special assessment lien be added to the next regular bill levied against the parcel.

The County Auditor and the County Tax Collector require that the City Council act by resolution to create a special assessment lien. The resolution must identify the parcel by address, if available, by its recorded location in the Official Records of Sonoma County, and by the tax assessment parcel number. It must also provide the dollar amount of the lien, and, when the lien amount is in excess of \$2,500, the number of equal annual installment payments but not exceeding five in number. The resolution also authorizes and empowers the officers of the City, including the City Clerk and the Chief Financial Officer, to do all things as may be necessary, including but not limited to notifications to the Sonoma County Auditor and Tax Collector, to carry out the foregoing.

FISCAL IMPACT
