

Assembly Bill No. 2533

CHAPTER 834

An act to amend Section 66332 of the Government Code, relating to land use.

[Approved by Governor September 28, 2024. Filed with
Secretary of State September 28, 2024.]

LEGISLATIVE COUNSEL'S DIGEST

AB 2533, Juan Carrillo. Accessory dwelling units: junior accessory dwelling units: unpermitted developments.

Existing law, the Planning and Zoning Law, authorizes a local agency, by ordinance or ministerial approval, to provide for the creation of accessory dwelling units in areas zoned for residential use, as specified. Existing law prohibits a local agency from denying a permit for an unpermitted accessory dwelling unit that was constructed before January 1, 2018, because the accessory dwelling unit is in violation of building standards or state or local standards applicable to accessory dwelling units, unless the local agency makes a finding that correcting the violation is necessary to protect the health and safety of the public or the occupants of the structure. Existing law makes those provisions inapplicable to a substandard building, as specified.

This bill would instead prohibit a local agency from denying a permit for an unpermitted accessory dwelling unit or junior accessory dwelling unit that was constructed before January 1, 2020, for those violations, unless the local agency makes a finding that correcting the violation is necessary to comply with conditions that would otherwise deem a building substandard. The bill would require a local agency to inform the public about the provisions prohibiting denial of a permit for an unpermitted accessory dwelling unit or junior accessory dwelling unit. The bill would require this information to include a checklist of the conditions that deem a building substandard and to inform homeowners that, before submitting a permit application, the homeowner may obtain a confidential third-party code inspection from a licensed contractor. The bill would prohibit a local agency from requiring a homeowner to pay impact fees or connection or capacity charges except under specified circumstances. By imposing additional duties on local agencies, the bill would impose a state-mandated local program. The bill would authorize an inspector from a local agency, upon receiving an application for a permit for a previously unpermitted accessory dwelling unit or junior accessory dwelling unit constructed before January 1, 2020, to inspect the unit for compliance with health and safety standards and provide recommendations to comply with health and safety standards. The bill would prohibit the local agency from penalizing an applicant for having

the unpermitted accessory dwelling unit and would require the local agency to approve necessary permits to correct noncompliance with health and safety standards.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

The people of the State of California do enact as follows:

SECTION 1. Section 66332 of the Government Code is amended to read:

66332. (a) Notwithstanding any other law, and except as otherwise provided in subdivision (b), a local agency shall not deny a permit for an unpermitted accessory dwelling unit or unpermitted junior accessory dwelling unit that was constructed before January 1, 2020, due to either of the following:

(1) The accessory dwelling unit or junior accessory dwelling unit is in violation of building standards pursuant to Article 1 (commencing with Section 17960) of Chapter 5 of Part 1.5 of Division 13 of the Health and Safety Code.

(2) The accessory dwelling unit or junior accessory dwelling unit does not comply with this article or Article 3 (commencing with Section 66333), as applicable, or any local ordinance regulating accessory dwelling units or junior accessory dwelling units.

(b) Notwithstanding subdivision (a), a local agency may deny a permit for an accessory dwelling unit or junior accessory dwelling unit subject to subdivision (a) if the local agency makes a finding that correcting the violation is necessary to comply with the standards specified in Section 17920.3 of the Health and Safety Code.

(c) This section shall not apply to a building that is deemed substandard pursuant to Section 17920.3 of the Health and Safety Code.

(d) A local agency shall inform the public about the provisions of this section through public information resources, including permit checklists and the local agency's internet website, which shall include both of the following:

(1) A checklist of the conditions specified in Section 17920.3 of the Health and Safety Code that would deem a building substandard.

(2) Informing homeowners that, before submitting an application for a permit, the homeowner may obtain a confidential third-party code inspection from a licensed contractor to determine the unit's existing condition or potential scope of building improvements before submitting an application for a permit.

(e) A homeowner applying for a permit for a previously unpermitted accessory dwelling unit or junior accessory dwelling unit constructed before January 1, 2020, shall not be required to pay impact fees or connection or capacity charges except when utility infrastructure is required to comply with Section 17920.3 of the Health and Safety Code and when the fee is authorized by subdivision (e) of Section 66324.

(f) Subject to subdivision (c), upon receiving an application to permit a previously unpermitted accessory dwelling unit or junior accessory dwelling unit constructed before January 1, 2020, an inspector from the local agency may inspect the unit for compliance with health and safety standards and provide recommendations to comply with health and safety standards necessary to obtain a permit. If the inspector finds noncompliance with health and safety standards, the local agency shall not penalize an applicant for having the unpermitted accessory dwelling unit or junior accessory dwelling unit and shall approve necessary permits to correct noncompliance with health and safety standards.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
