243 Middle Rincon Road Rezoning; File REZ17-003
Public Comments Received by Phone

November 14, 2017

Caller: Rod

Comments: There is a driveway going through the property currently serving two other lots to the west. This access should be maintained. Also, a nearby development at 165 Middle Rincon was approved with too many rooms and not enough parking. The number of bedrooms in the new units at 243 Middle Rincon should be limited to 1 or 2 and adequate parking should be provided on site.
