5. DISCUSSION ITEMS

5.1 RCPA SONOMA CLIMATE MOBILIZATION STRATEGY

On March 8, 2021, the Regional Climate Protection Authority (RCPA) Board adopted the Sonoma Climate Mobilization Strategy and prioritized strategies for action over the next 12-18 months. RCPA is now working with local jurisdictions and agencies to develop implementation plans for the priority strategies.

5.2 OVERVIEW OF GREENHOUSE GAS INVENTORY

RCPA produces countywide greenhouse gas inventory updates every 2 to 3 years. It published the most recent greenhouse gas inventory (GHG) update in July 2020 for emissions generated in 2018. RCPA's inventory is designed to capture the primary sources of emissions within a jurisdictional boundary that can be reduced through the actions of local governments and regional entities. As part of the Sonoma Climate Mobilization Strategy, RCPA plans to identify additional indicators that could be used to track progress toward our climate goals in between major inventory updates.

5.3 FUTURE TRANSPORTATION PLANS, MEASURE M, AND THE GO SONOMA ACT

In November 2020, more than two-thirds of voters passed the Go Sonoma Act which extends the ¼ cent Measure M sales tax for an additional 20 years. When it goes into effect in 2025, Go Sonoma will more than triple local funding for bike and pedestrian projects and more than double the amount of local money going to bus service. In the meantime, SCTA will be working with local jurisdictions to prepare

projects for funding when funding from the new measure is available.
