Subject: questions about Sam Jones and Caritas Village

The questions that I ask are:

- Will the Sam Jones residents need to relocate during construction and *if so, to where?*
- And the families that now reside at the Family Support Center, *where will they live during the construction of the new Caritas Village? Will they be chosen to live in Caritas Village?*
- Where will the Homeless Drop-In *service clients go during this construction? Is it included in Caritas Village?*
- *Where are the competitive construction bids listed for public viewing?*

I am sure I am not the only one asking these questions!!!
