CELEBRATING 20 YEARS

A Reliable, Responsible Recycled Water Delivery Partnership
With Geothermal Operations at The Geysers

SANTA ROSA GEYSERS RECHARGE PROJECT

Santa Rosa Water and Calpine Corporation invite you to celebrate the 20-year anniversary of the Santa Rosa Geysers Recharge Project. Completed in 2003, the \$220 million dollar project took 7 years to plan and design and 3 years to construct. The project now produces enough clean and renewable electricity to power 100,000 homes in the North Bay annually.

YOU'RE INVITED

Friday, November 3, 2023

Please RSVP

Celebration & Refreshments 9 a.m. to 10 a.m.
Tour of Calpine's Geothermal Operations
