Recycled Water Supply Update

Board of Public Utilities Meeting

Joe Schwall, Dep Dir Regional Water Reuse Operations

May 2, 2019

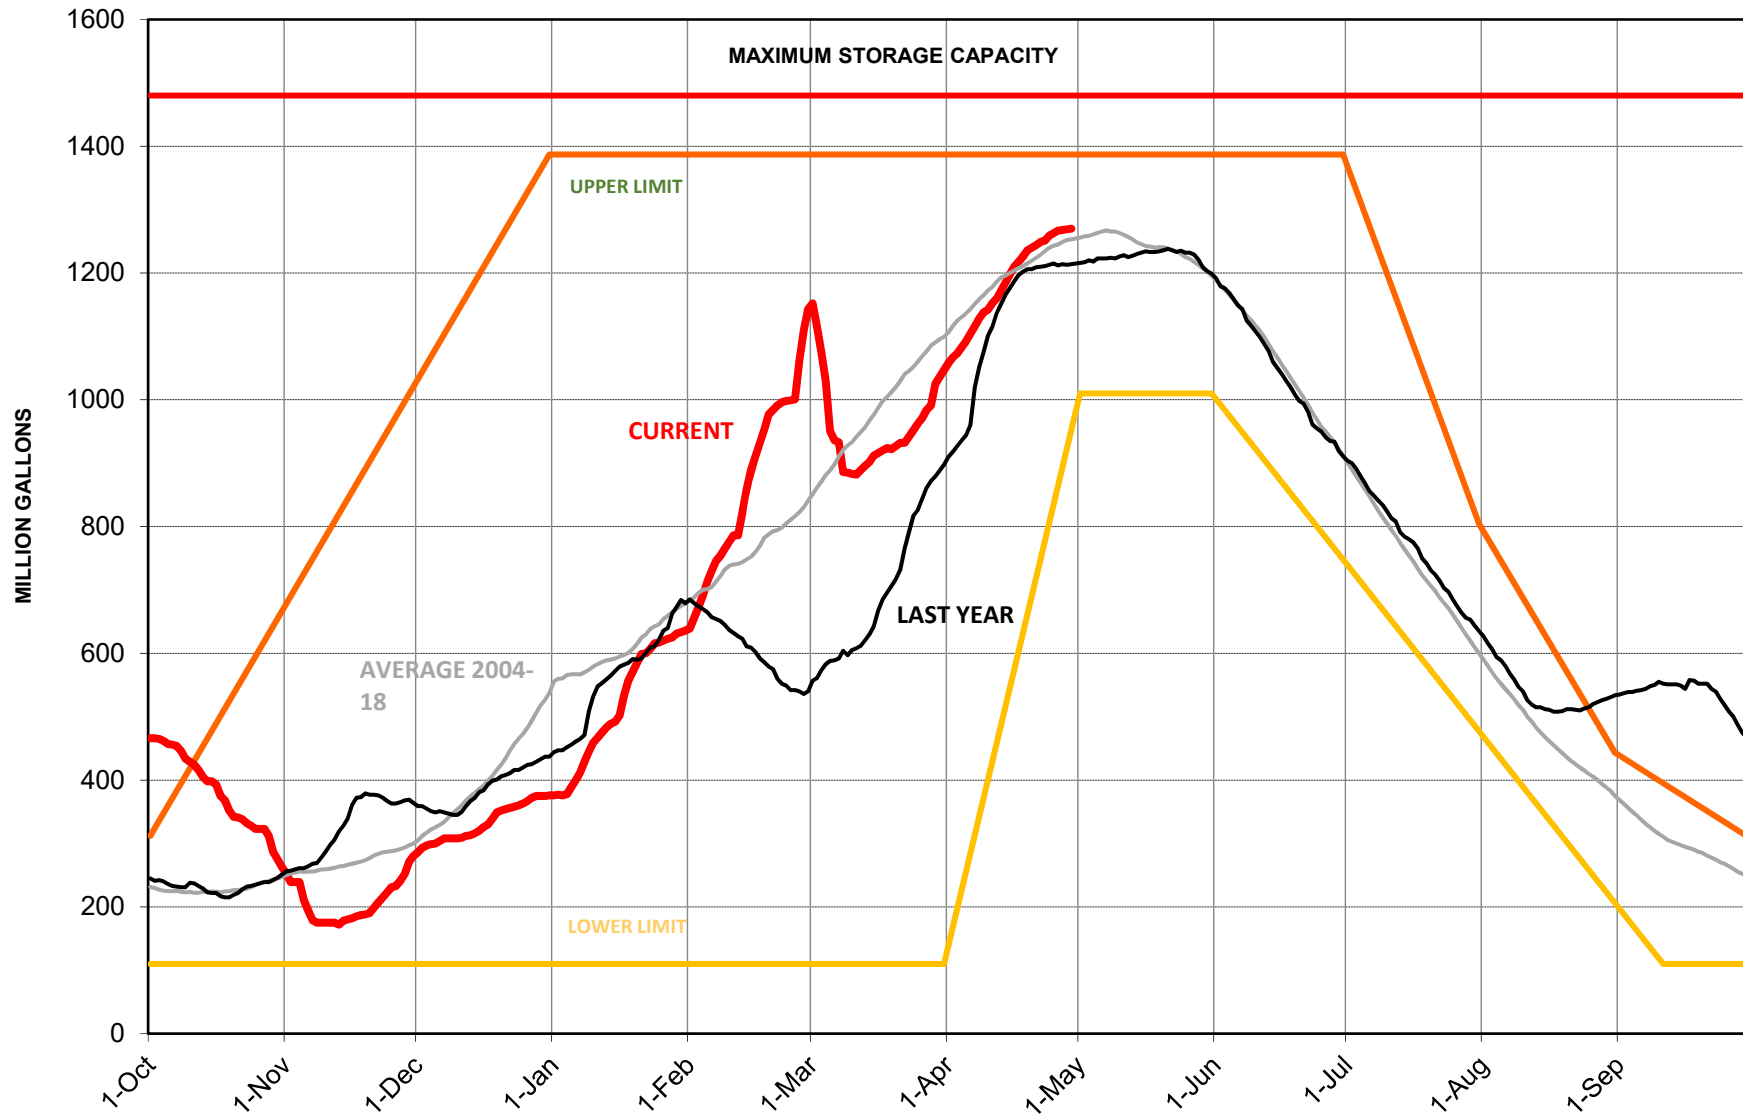

OUR FUTURE IN EVERY DROP

Current conditions

- Current storage volume: 1,270 MG
 - ~200 MG increase since early April
- Received 48 MG from Sonoma Water
 - Assistance was requested due to SW's high storage volumes
- Agricultural irrigation expected to begin soon

Recycled Water Storage
April 29, 2019
1270 MG

Look Ahead

- Drain Ponds C&D by July 1 for levee maintenance
 - Minor impact on irrigation supply is expected
 - Late-season availability will be managed
 - Sonoma Water transfer will supplement
