APPEAL FORM

Date Received: CITY OF SANTA ROSA CITY CLERK'S OFFICE Fee: \$5,859

City Clerk's Office/Rec'd by: Daisy Gomez, City Clerk

Name of Appellant:

TO THE HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL:

The above named appellant does hereby appeal to your Honorable Body the following:

The decision of the: (List Board/Commission/Dept.) Cannabis Subcommittee

Decision date: November 14, 2018

Decision: (approval, denial, other) Denied/Did not choose Appellant's Application to Move Forward

Name of Applicant/Owner/Developer: Phenotopia

Type of application: (Rezoning, Tentative Map, etc.) Cannabis Use Permit CUP 18-057

Street address of subject property: 443 Dutton Avenue, Suite # 11

The grounds upon which this appeal is filed are: (List all grounds relied upon in making this appeal. Attach additional sheets if more space is needed.)

1.

Please see attached

2.

Text

The specific action which the undersigned wants the City Council to take is: (Attach additional sheets if more space is needed.)

For the reasons listed above and for more, as will be evidenced at hearing on this appeal, Appellant requests that City Council select it as the most qualified applicant in the concentration area and allow it to continue in the cannabis retail application process.

Appeals shall be submitted in writing.....on a City application form within 10 calendar days after the date of the decision. The time limit will extend to the following business day where the last of the specified number of days falls on a day that the City is not open for business.

Padraic Fahey 11/26/2018

Applicant's Signature Date Appellant's Representative is Joe Rogoway of Rogoway Law Group: 115 4th Street, 2nd Floor - Suite B, Santa Rosa, CA 95401

Date: November 26, 2018

Re: Grounds for Appeal – CUP 18-057

TO THE HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL:

Phenotopia (the “Appellant”) applied for a use permit to operate a commercial cannabis retail facility at 443 Dutton Avenue, Suite #11 in Santa Rosa. Due to the existence of another proposed retail facility within 600 feet of Appellant’s proposed facility, the Cannabis Policy Subcommittee (“Subcommittee”) held an overconcentration review hearing on November 14, 2018. At the hearing, Appellant’s project was reviewed as well as the project proposed by Highway Investment Holdings II, Inc. d/b/a Highway 420 (“Highway 420”) (CUP18-078), which would be located at 470 Sebastopol Road.

At the conclusion of the hearing, the Subcommittee voted to deny Appellant’s application and allow Highway 420’s application to move forward in the permitting process. Appellant hereby submits the following grounds upon which the attached appeal form is filed.

1. **Merit Based Score.** In this case, Appellant is the superior applicant, as evidenced by, among other things, Planning staff awarding it significantly more points than Highway 420. Specifically, staff conducted a detailed review of the application materials provided by both applicants that were subject to the hearing. Highway 420’s application materials were described as lacking in a number of areas and only received a score of 65.4 out of 100 – the fourth lowest score of all applicants that were subject to the merit-based review process for retailers in the City of Santa Rosa. (*See Merit Based Review Scoresheet attached hereto*). Alternatively, Appellant’s application scored 92.4 out of 100, more than any other cannabis retail application subject to the merit-based review process in the City of Santa Rosa.

As can be seen in the Merit Based Review Scoresheet, Planning staff ranked Appellant higher in every single evaluation area. For reference, the scores from each evaluation area are provided below:

	Appellant (Phenotopia)	Highway 420
Local and State Compliance	18.7	12.3
Site Management	19	18
Neighborhood Compatibility	27	16.8
Neighborhood Enhancement	27.7	18.3
Total	92.4	65.4

In this case, Appellant is not only the superior applicant, but Appellant’s application materials show the fact that Appellant has the team, time, and resources to engage with the community, carry out exceptional operational plans, and commit to operating a consistently compliant business. Appellant’s team is made up of professionals with extensive experience in the cannabis industry who understand what it takes to not only run a business, but also to comply with both local and state regulations. The time and effort that

Appellant put into its pre-application work and application materials themselves is indicative of the time and effort Appellant will devote to running its retail facility, if permitted.

- Highway 420's History of Non-Compliant Operations.** The applicant selected by the Subcommittee, Highway 420, has made and continues to make significant misrepresentations regarding its operating history. At the Subcommittee hearing, Highway 420 referenced the fact that it operated a cannabis delivery business in the City of Santa Rosa for a couple years but was non-operational this year. Additionally, letters were submitted to the City in support of Highway 420's application. However, many of the letters were not only lacking legible names or identification information for those writing the letters, but they also reference the fact that Highway 420 likely is and has been operating a cannabis delivery business without a state license and therefore in violation of the law.

For example, in a letter dated 8-27-18 from Matt (last name illegible), Matt wrote "I have been a patient of Highway 420 for the past 2 years. They have always been reliable, professional, and generous in their business. Please allow them to continue to practice in Santa Rosa." Similarly, Malcom Beltran wrote "I've been a patient of Highway 420 Collective for almost 2 years. By far the quickest most reliable service I've dealt with in a long time. They are friendly and very low key about their deliveries. [...] Highway 420 deserves to open a storefront and expand their already amazing collective for others to enjoy as well."

Erik B. also wrote "Every service needs to be like Highway 420. [...] Always has the best selection of products for their patients. Would love to see them grow as a company and what's to come for future Highway 420 patients." Additionally, a person with the initials E.W. (name illegible) wrote "I use their products for medicinal purposes and have developed great relationships with their staff. Having to find an alternative solution to my medicinal needs would be a great physical, mental, and emotional tax to me."

The language within these letters indicates that Highway 420 has been and continues to operate its delivery service. A search of the Bureau of Cannabis Control's licensed non-storefront delivery only retail database and the licensed retailer database yields no results for Highway 420 and therefore, it appears that Highway 420 has been operating without a State license and in violation of State law.

The notion that Highway 420 has been operating without a state license is also supported by an article published by the Sonoma County Gazette earlier this month.¹ (*Article attached hereto for reference*). Within the article, the Gazette provides a list of store front dispensaries and delivery services that those seeking cannabis can contact and either visit or order cannabis products from. Prior to listing the operators, the article states that "all dispensaries have verified their information". Within the delivery services list, Highway 420 is listed as an active delivery service. Specifically, the article lists the following information for Highway 420:

Highway 420 – Santa Rosa

707-971-1811

[*highway420meds@gmail.com*](mailto:highway420meds@gmail.com)

Mon –Thur, 10am – 8pm

Fri, 10am-9pm, Sat, 10am – 3pm

Not-for-profit organization. All proceeds go back into the collective funding research and development. We offer expert consultation. All of our meds come with a 100% no questions asked money back guarantee.

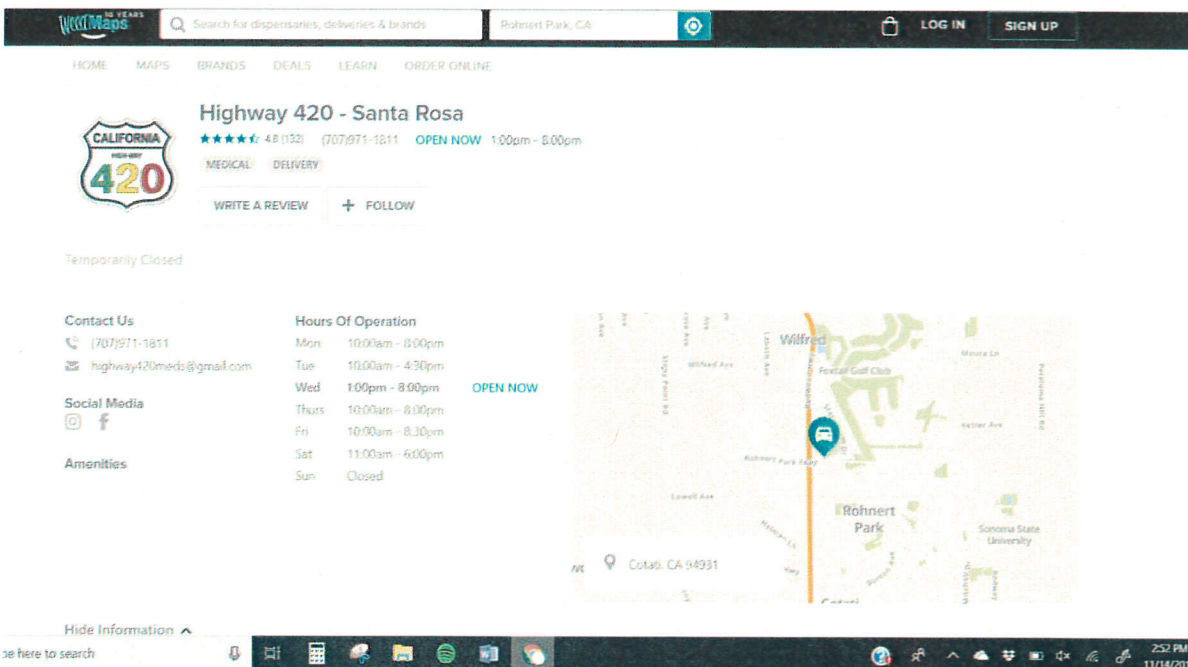

¹ Link to Article: <https://www.sonomacountygazette.com/sonoma-county-news/local-guide-to-cannabis-dispensaries-and-delivery-services>

The article in question was published on November 5, 2018, which means that, per the article, Highway 420 confirmed with the Sonoma County Gazette that it was offering delivery services at the time the article was published. Thus, Highway 420 was and perhaps is currently operating without a local permit or state license.

Illegal operation of a non-storefront retail facility should be considered by the Council when determining whether or not the City should allow an Applicant to move forward in the permitting process. If Highway 420 is willing to operate an illegal commercial cannabis business while engaged in the permit process, who knows what conduct will occur on site if a permit is actually granted to it.

Similarly, Highway 420's page on WeedMaps (*See Screenshots Below from November 14, 2018 at 2:52 pm*) also indicates that unlicensed operations have occurred this year. Per WeedMaps, Highway 420 Santa Rosa was open for business on November 14, 2018 from 1:00 pm to 8:00 pm and Highway 420 Novato was open from 11:00 am to 11:00 pm. The screenshots below, support the fact that Highway 420 was open as recently as the beginning of this month, and was "still delivering to all returning patients" as noted in its Highway 420 – Novato posting.

WeedMaps was recently in the news for continuing to advertise unlicensed dispensaries and delivery services², so the fact that Highway 420 was able to advertise on the website without a license is not shocking.

First-Time Patients

We are currently not taking any new patients at this time, I know it sucks. For the mean time we are still delivering to all returning patients. Keep an eye on our IG page "@highway420med" new store coming soon!

Similarly, on November 14 and 15, 2018, screenshots were taken of Highway 420's then existing WeedMaps comment page. There were multiple comments from customers that were posted in 2018. As the screenshots below and attached show, customers were posting reviews about Highway 420's delivery service in 2018 as if they had just received orders. If that is in fact true, Highway 420 was delivering to individuals in 2018 without a State license to do so and therefore operating in violation of State and local law.

Disappointed AGAIN

The first time I used this delivery service I ordered a gram of wax and some tree. They sent me the wrong strain but did apologize for it 2 hours later..... I decided to give them another try. I ordered 3 grams of triple 7 extracts and an 1/8 of tree. I was told it would be 60-90min depending on traffic. Two hours go by and nothing. So I txt the number and he says he's checking to see where the driver is. I never heard back but finally got a knock on my door after waiting almost 3 hours. I then open my delivery and the grams of wax are the wrong strain and I open them and they have sharpie/highlighter on them! Me not wanting to smoke that then txted pics to the number and then proceeded to call after getting no answer. The guy on the line then hung the phone up on me after me POLITELY asking the driver to turn around as I wanted a refund for the grams I couldn't smoke. No apology or anything.

How's going, sorry about your experience with us rainy days tend to be the busiest for us, and those grams with marks will be returned to back to the company they came from that shouldn't have happened. As for hanging up on you guys when someone starts yelling and cussing, and there was cussing, at our employees we will hang up there's no need for it we'll fix the issue and continue on with our work.

Bye bye jam-packed dispensary

After Jan 1, my go-to storefront became a chaotic madhouse, so after three miserable "Express" walk-in experiences, I made the switch. Hwy420 are friendly, service-oriented. My experience was professional, and quick. Good product.

After November 15th, it appears that Highway 420's WeedMaps page was removed. However, upon further examination, it actually looks like Highway 420's page was simply renamed "Ranchers Reserve". As the screenshots below from November 25th show, the "Ranchers Reserve" page includes all of Highway 420's contact information, Highway 420's social media page information and Highway420's WeedMaps web address. Additionally, while the page claims that the delivery service is closed, the comments page is full of recent comments about Highway 420's recent deliveries. It appears Highway 420 changed the name on its WeedMaps page in an effort to conceal its identity and thus, contrary to Highway 420's application materials, has operated in 2018 in violation of State law. See below for screenshots of the updated webpage and some of the recent comments (as recent as approximately eighteen days ago). Additional comments are attached hereto.

signup was quick and easy

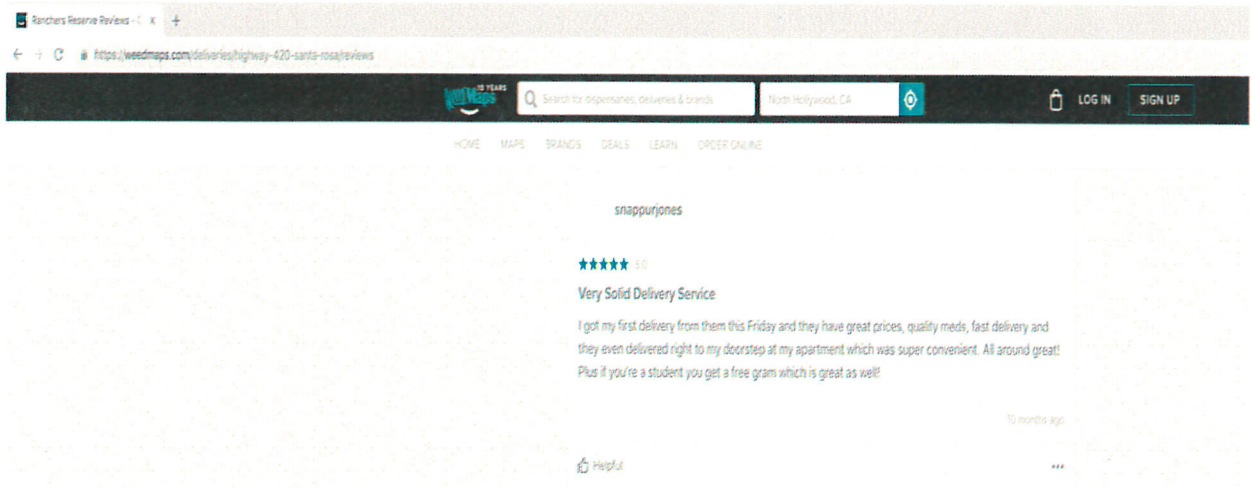

It took just a few minutes to give them my info, verify and I was able to order my meds. I had a certain price range I was looking to spend, and the guy on the phone was able to help me select a quality smoke within that range. No complaints about the delivery time. I would recommend giving this service a try if you are searching for quality service, and smoke.

The detailed cannabis use permit application process implemented by the City of Santa Rosa shows that the City is serious about only granting permits to operators that will uphold the goals of the City, City regulations, and State law. Highway 420's apparent operation of an illegal non-storefront retail business shows that it cannot be trusted to operate in compliance with either local or State law. Currently, the City of Santa Rosa does not allow for a delivery-only retail business model, and is only permitting retail storefronts with delivery. Highway 420 is therefore apparently operating an unpermitted and un-permittable business. Moreover, as noted, Section 26038 of the California Business and Professions Code³ states that operation of an unlicensed commercial cannabis business is not only a crime in the State of California but could also subject the operators of Highway 420 to civil liability. Such an applicant should not be promoted over another applicant that proposes to operate legally, does not have a history of operating illegally, and has a team that is dedicated to compliant operations.

3. **Criminal Background Considerations.** The criminal backgrounds of Highway 420's owners may make it possible for the State to deny its State license application. Appellant's Owners have no such criminal convictions.
4. **Specious Late Submission Letter from Highway 420.** Counsel for Highway 420 submitted a letter to the Subcommittee the evening before the Subcommittee was scheduled to hear the matter at issue. Within the letter, Counsel made a number of material misrepresentations about Appellant's application, which Appellant did not have enough time to address before or at the hearing. While

³ **Section 26038 of the Business and Professions Code**

(a) A person engaging in commercial cannabis activity without a license required by this division shall be subject to civil penalties of up to three times the amount of the license fee for each violation, and the court may order the destruction of cannabis associated with that violation in accordance with Section 11479 of the Health and Safety Code. [...]

(b) If an action for civil penalties is brought against a person pursuant to this division by the Attorney General on behalf of the people, the penalty collected shall be deposited into the General Fund. If the action is brought by a district attorney or county counsel, the penalty shall first be used to reimburse the district attorney or county counsel for the costs of bringing the action for civil penalties, with the remainder, if any, to be deposited into the General Fund. If the action is brought by a city attorney or city prosecutor, the penalty collected shall first be used to reimburse the city attorney or city prosecutor for the costs of bringing the action for civil penalties, with the remainder, if any, to be deposited into the General Fund.

(c) Notwithstanding subdivision (a), criminal penalties shall continue to apply to an unlicensed person engaging in commercial cannabis activity in violation of this division.

Appellant reserves the right to discuss all aspects of Counsel's letter at the hearing on this appeal, a few of the claims within the letter are addressed below.

Appellant's Local Ownership and Retail Experience

Counsel for Highway 420 claimed that Appellant's team is not local and has no North Bay retail experience. However, Appellant's team members have significant ties to the Santa Rosa area and have many years of medical cannabis storefront operational management experience that they are looking forward to implementing at the City of Santa Rosa location.

Contrary to Highway 420's assertion, the Appellant's team members are locals. First and foremost, although Padraic Fahey, Founder and CEO of Phenotopia was raised in Napa County, he is a long-time resident of the City of Santa Rosa. Padraic currently lives in the City of Santa Rosa with his wife and children and has lived in the City for over ten years. Padraic's children attend school in Santa Rosa and Padraic is a coach for his children's local sports teams. Therefore, to say that Padraic is not a "local" is patently untrue. Additionally, Padraic has worked in the cannabis industry for the last twenty years and has maintained strong familial and business ties through Northern California counties like Sonoma, Mendocino, and Humboldt as well as Southern California.

Similarly, Lizette De Arkos, Appellant's designated Community Liaison, grew up in the Roseland community. She was a key figure in Appellant's pre-application community canvassing effort. Lizette is a community organizer dedicated to accelerating communities through the promotion of socially and environmentally-conscious businesses. Lizette's experience in the cannabis industry began when she developed the first market ready HempCrete Kit, which brought innovative building material to the masses. Lizette has been certified by the County of Sonoma bilingual in Spanish and has been recognized by La Prensa Sonoma for her commitment to promoting health in the Latino community. Due to her ties to the community, ability to translate Spanish to English, and her experience as a community organizer, Lizette is an asset to Appellant's team.

Johnny Nolen, Project Manager and one of the individuals that will be leading Appellant's staff if Appellant's project is chosen to move forward, is a Santa Rosa resident and has fourteen (14) years of leadership experience in the cannabis industry under his belt. Most recently, Johnny served as Vice President of Operations of the SPARC and Peace in Medicine family of companies, managing, among other things, all retail operations for two of the Bay Area's most successful cannabis dispensaries. Armed with analytics-based insights, he has fearlessly taken cannabis companies from struggling businesses to successful cash-positive enterprises. As a strategist at 421 Group, Johnny has elaborated on his experience by fine tuning his ability to create deliberate cycles of planning, refine operational techniques to ensure business growth, and implement strategic human relations, recruiting and professional development policies in cannabis businesses.

As a member of Appellant's team, Johnny will work with the retail facility to ensure its success in the industry while maintaining an employee-positive workspace and delivering extraordinary customer service. If Appellant is granted a permit, Johnny will be brought on as Appellant's founding Chief Operations Officer. However, because Appellant has not started operating (as it does not have the requisite local authorization or state license to do so) it has not hired any employees.

Appellant works with a number of firms for public affairs, legal and compliance purposes. One of those firms is 421 Group, a boutique consultancy serving innovative cannabis organizations in California. 421 Group's Principal and President, Craig Litwin, was born in Santa Rosa and currently lives in Sonoma County. As a top signature-gatherer for Proposition 215, Craig went on to become a Sebastopol councilman and mayor, co-authoring one of the nation's first dispensary ordinances. Craig's ability to understand, interpret, and implement local regulations makes him a strong advisor

to those operating in the ever-changing cannabis space. While Craig will not be on site, he will continue to advise Appellant and work with Appellant to ensure compliant, community based, sustainable operations. Both Lizette De Arkos and Johnny Nolen currently work at 421 Group and have worked with Appellant in their consultant capacity up to this point. However, as previously noted, if Appellant is granted a permit to operate, it will hire employees and both Lizette and Johnny will continue to work with Appellant in the roles previously described.

Although Highway 420's Counsel made many misleading claims in her letter, she failed to mention the fact that Mr. Miranda is not a resident of Santa Rosa or Sonoma County. Rather it appears he has lived in Marin County for many years. Additionally, Mr. Garcia only recently moved to the Santa Rosa area after living in North Carolina for the majority of his life. If local ownership is in fact an important part of the permitting analysis, it is clear that Appellant's team is much more local than Highway 420's.

Counsel also failed to discuss the fact that her client is a company made up of two individuals that have been involved in the cannabis industry for, at most, a combined three years. Nor did Counsel elaborate on the fact that, unlike Appellant's team, none of Highway 420's team members have experience operating a storefront dispensary. While both applicants have collective model experience, only Appellant's team members have experience working with successful cannabis businesses in the regulated market and in the storefront retail space.

Appellant's local team with an aggregate of over 35 years of experience in the cannabis industry is the more qualified applicant and should have been selected by the Subcommittee.

Appellant's Facility Has Ample Parking

Contrary to Counsel's misleading letter, Appellant's proposed facility has more than adequate parking. Unfortunately, rather than providing any actual proof of parking issues, Highway 420's Counsel instead chose to twist the information provided in Appellant's application and attach photos of only a portion of the parking lot located at 443 Dutton Avenue in order to support her deceptive claim that there will not be enough parking available at Appellant's location if it is permitted to operate a cannabis retail facility there.

Appellant's application states the following:

"The Dutton Plaza parking lot has two-way entrances/exits on both Dutton Avenue and Sebastopol Road. There are 136 customer spaces, including 6 ADA-accessible spots, serving 18 retail stores in the plaza. An additional 17 dedicated employee spaces are located in the rear of the building, along with multiple parallel parking spots along the back of the retail units. Because of the substantial employee and customer parking and the low-volume nature of some of the tenant businesses, the parking lot is more than sufficient."

At no point did Appellant misrepresent the number of parking spaces available in the Dutton Plaza parking lot or state that it was the only business that would be utilizing the Dutton Plaza lot. Rather, Appellant provided the Subcommittee with an accurate reporting of the parking areas surrounding its proposed location, which is, according to Planning staff and the Planning Code, appropriate for the proposed use. As with other strip mall locations, parking at Appellant's proposed location is aggregated under the City's land use zoning principals – which is a factor that was considered by Planning staff when evaluating and scoring the application. Thus, Highway 420's claim that Appellant's application was misleading when it came to parking is and was baseless. Below please find an aerial view of the Dutton Plaza's parking area, which shows that there is ample parking available for Appellant's customers.

Appellant's Community Benefits Plan is Superior

Contrary to Highway 420's assertion, Appellant proactively developed a sustainability plan and a community benefits plan and taken steps to ensure the plans are successful. When it comes to community involvement and benefits, as Appellant stated in its application, it will be working with local organizations such as Community Action Partnership of Sonoma (CAPS) and other groups that support Appellant's mission of supporting educational opportunities and economic mobility for underprivileged youth and their families.

Additionally, Appellant foresees the need to hire ten employees for the location at issue. Appellant is committed to focusing its hiring effort on the Roseland area, bilingual candidates, and candidates who have been negatively impacted by the "war on drugs". Unlike Highway 420, Appellant's business and community benefit plans are not short sighted. Rather, before Highway 420 was even in the picture as a competitive applicant, Appellant put in the work to get to know those in the area around its proposed location, set up neighborhood meetings and provided written materials in both in English and Spanish, and began donating to local charities (*See Attached Email Correspondence from Dr. Susan Cooper, Executive Director of Community Action Partnership – Sonoma County dated April 24, 2018*).

Conversely, Highway 420's entire community benefits plan hinges on the creation of a vague vocational program that the team at Highway 420 is completely unqualified to run. Highway 420's lackluster approach to its community benefits plan is not only reflected in its application preparation as a whole but also in the scores it received from Planning staff. Without a proper plan, ideas are bound to fail. Appellant has not only thoughtfully considered how its project will benefit the community but has already taken steps to ensure its business is not only a good fit for the neighborhood but will also aid the community in its efforts to prosper. Through its local hiring focus,

work with its bilingual Community Liaison, and dedication to supporting local charities, Appellant has shown that it is the superior applicant.

5. **Location.** Appellant's local retail cluster location will help promote the other businesses within the Dutton Plaza shopping center by increasing their visibility to members of the community that may otherwise not visit the shopping center. Thus, if Appellant is granted a permit to operate, it will create more business opportunities for the other businesses in the Plaza. Not only does Appellant's proposed location meet the location requirements set forth in the Zoning Code, but Planning staff also noted that Appellant provided evidence of compliance with and implementation of General Plan Policies in its application. Per Planning staff's merit-based review report, Highway 420 did not identify any General Plan policies within its application or show how its facility and business will further the City's planning goals. While Appellant's location within the Dutton Plaza was wielded as a weapon against Appellant at the Subcommittee hearing, such a characterization was not only inaccurate, but also in direct contradiction to Planning's findings. This is especially true considering the fact that the City of Santa Rosa and other localities around it, such as Cotati, Sonoma County, and Sebastopol, have either allowed retailers located in strip mall locations to move forward in the permitting process or granted permits to such operators.

6. **Subcommittee Vote Was Not Based on Merits.** At the conclusion of the hearing, the Subcommittee did not vote based on the merits of the applications or information provided by the applicants. This is evidenced by the fact that when a vote was discussed at the Subcommittee meeting, the vote was split three ways (for Appellant, against Appellant, and undecided). Given its split, the Subcommittee wanted to send the decision directly to the City Council for a final determination. However, the Subcommittee was informed by staff that such an action was not permitted. As a result, in anticipation of an appeal, two votes were changed in an effort to promote political efficiency and conclude the hearing quickly. Thus, the vote rendered was not based on the notion of fundamental fairness or the application materials and their merits.

Given the extensive and thorough application process that the City created, a vote based on the merits of each applicant should occur. Therefore, the full Council should review the application process and ultimately reverse the Subcommittee's decision.

For the reasons listed above and more, as will be evidenced at the hereby requested hearing on this appeal, Appellant requests that City Council select it as the most qualified applicant in the concentration area and allow it to continue in the cannabis retail application process.

Business Plan that includes day-to-day operations and how cannabis will be monitored to prevent diversion iv. Management plan that prevents and responds to potential nuisance impacts (e.g. loitering, trash, local contact) on adjoining properties, public areas, and the surrounding neighborhoods v. Performance timeline from land use approval to plan check and construction to opening	<ul style="list-style-type: none"> • Demonstrates significant experience in operating a cannabis retail business in the North Bay. • Demonstrates exceptional qualifications and experience of principals. • Application offers general descriptions of operations and adequately describes how cannabis will be monitored to prevent diversion. • Application describes responses to nuisance impacts, but does not address how it seeks to prevent potential nuisance impacts. • General performance timeline provided. 	18
3. Neighborhood Compatibility (30 points max) i. Description of how the use will fit into the stability and quality of the surrounding neighborhood ii. Description of odor control measures to prevent odor from being detectable from adjacent properties or businesses iii. Description of how an enhanced retail experience will be achieved with a well-designed site plan and use of quality materials in interior and exterior finishes iv. Demonstrate a clear and attractive entrance, pedestrian orientation, bike parking, and access to transit.	<ul style="list-style-type: none"> • Project will fit in by addressing parking, noise, lighting, and odor mitigation. • Odor mitigation plan provided. • Project narrative lacks detailed discussion of how the applicant seeks to accomplish an enhanced retail experience through design. Delivery service and bilingual option offered. • Narrative lacks discussion on how the project demonstrates a clear and attractive entrance. Relies on plans. Pedestrian orientation to the street, bike parking, and access to transit are not adequately addressed. 	16.8
4. Neighborhood Enhancement (30 points max) i. Quality and extent of improvements to the site, building, and surrounding neighborhoods ii. Integration of project through attractive façade, setbacks, quality materials and colors, landscaping, safe circulation and location of driveways, and ease of parking iii. Environmental benefits - green business practices related to energy and/or water conservation iv. Community benefits e.g. employment opportunities, community programs and contributions.	<ul style="list-style-type: none"> • Exterior improvements are not discussed. Applicant plans to re-tenant existing commercial space. • Narrative does not discuss integration of the project. Site plan shows ample parking. Narrative vague and lacks detail. • Typical power and water conservation strategies identified. Sonoma Clean Power. • Local hiring plan. Innovative cannabis vocational center with cannabis-oriented job fairs, workshops, and educational activities. 	18.3
TOTAL SCORE (Out of 100)	65.4	

CANNABIS RETAIL MERIT BASED REVIEW – CONCENTRATION AREA – Sebastopol/Dutton

MERIT BASED REVIEW CRITERIA	COMMENTS	SCORE
1. Local and State Compliance (20 points max) i. State regulations ii. County/regional permit requirements iii. Santa Rosa General Plan policies iv. Santa Rosa City Code locational and operational requirements	<ul style="list-style-type: none"> • Demonstrates compliance with State regulations. • Demonstrates compliance with County permit requirements as required. • Provides evidence of compliance with and implementation of General Plan policies. • Compliance with Santa Rosa locational and operational requirements. 	18.7
2. Site Management (20 points max) i. Experience in operating a cannabis retail business in the North Bay area ii. Qualifications and backgrounds of principals iii. Business Plan that includes day-to-day operations and how cannabis will be monitored to prevent diversion iv. Management plan that prevents and responds to potential nuisance impacts (e.g. loitering, trash, local contact) on adjoining properties, public areas, and the surrounding neighborhoods v. Performance timeline from land use approval to plan check and construction to opening	<ul style="list-style-type: none"> • Demonstrates significant staff experience in operating a North Bay cannabis retail business. • Demonstrates exceptional qualifications and experiences of principals. • Offers detailed policies and procedures to guide day-to-day operations and adequately describes how cannabis will be monitored to prevent diversion. • Addresses all potential nuisance impacts and proposes a community liaison for pro-active community engagement. • Provides detailed timeline for taking project from land use approval to plan check, construction and opening. 	19
3. Neighborhood Compatibility (30 points max) i. Description of how the use will fit into the stability and quality of the surrounding neighborhood ii. Description of odor control measures to prevent odor from being detectable from adjacent properties or businesses iii. Description of how an enhanced retail experience will be achieved with a well-designed site plan and use of quality materials in interior and exterior finishes iv. Demonstrate a clear and attractive entrance, pedestrian orientation, bike parking, and access to transit.	<ul style="list-style-type: none"> • Proposed use would help to maintain existing stability and quality of surrounding neighborhood. Pre-application efforts to engage the neighborhood demonstrate the applicant's commitment to the surrounding neighborhood. • Odor mitigation plan provided. • The applicant proposes site and exterior modifications and indicates coordination with shopping center management to create mutually beneficial impacts. • Demonstrates a clear and attractive entrance and presence with finish details. Bike parking and access to transit are addressed. 	27
4. Neighborhood Enhancement (30 points max) i. Quality and extent of improvements to the site, building, and surrounding neighborhoods ii. Integration of project through attractive façade, setbacks, quality materials and colors, landscaping, safe circulation and location of driveways, and ease of parking iii. Environmental benefits - green business practices related to energy and/or water conservation iv. Community benefits e.g. employment opportunities, community programs and contributions.	<ul style="list-style-type: none"> • Building improvements are appropriate to the proposed use. • Demonstrates appropriate integration of project. Safe circulation and location of driveways, and ease of parking is demonstrated. • Provides a sustainability plan that addresses pollution prevention, energy and water conservation, and solid waste reduction management. • Proposes local hiring and employee training program. Charitable donations are specified in both time and monetary considerations. Community outreach proposed. A business partner is identified as a community liaison. 	27.7
TOTAL SCORE (Out of 100)	92.4

LOCAL GUIDE to Cannabis Dispensaries and Delivery Services

Nov 5, 2018

Share:

While we still have to figure out where to grow this product people want - and need - finding it is less challenging than it used to be. Regulations mean people can purchase products that are clean, grown without chemicals, grown by farmers who are responsible stewards of the environment, sold by people who purchase product from environmentally & socially conscious individuals.

The product is being measured, identified and regulated so we know what we're purchasing. When I want a 4% beer I can look at the label. Now you can look at the label of your cannabis product. Do you want THC for the high? You can get 4% or 10% just like beer. You don't want to get high, just want to de-stress, numb pain, sleep...get CBD products defined for the purpose.

We've come a long way. Here's where to get what you asked for when you voted to legalize cannabis.

All dispensaries have verified their information.

Alternatives - A Health Collective

1603 Hampton Way Santa Rosa

(<https://www.google.com/maps/place/Alternatives+Health+Collective/@38.4282625,-122.7404249,17z/data=!3m1!4b1!4m5!3m4!1s0x808437f4f09fbd49:0x11641533f04460f618m:122.7382309>)

Bye bye jam-packed dispensary

After Jan 1, my go-to storefront became a chaotic madhouse, so after three miserable "Express" walk-in experiences, I made the switch. Hwy420 are friendly, service-oriented. My experience was professional, and quick. Good product.

Finally!

i moved back to petaluma from the east bay a year ago, and wow! i've finally found a delivery up here that has good quality meds in my price range, with bulk discounts!! i seriously signed up just to leave a review. i love being able to text to sign up and order--i have autism & it is difficult for me to be understood/understand people on the phone, so being able to text & receive prompt response is something i really appreciate. delivery estimate was a little inaccurate but stuff happens. as i am disabled, the ounce deals & quantity discounts i really appreciate as well!!! my 100 dollar oz of sour d has a good mix of different sized, dense green nugs. couldnt say the same of the 135 oz i bought from a brick n mortar place... anyway, the white rhino is excellent, an absolute pleasure to vaporise. my free gram of gsc was so sticky and dense it was difficult to pull apart!! so thank you for offering fresh, green meds at a price a disabled person can afford, in an accessible manner! i will definitely be back :)

Very Solid Delivery Service

I got my first delivery from them this Friday and they have great prices, quality meds, fast delivery and they even delivered right to my doorstep at my apartment which was super convenient. All around great! Plus if you're a student you get a free gram which is great as well!

Great service, awesome deals!

Let me start by saying that I am not one for making a review and never take the time to do it but these guys absolutely deserve it so ima take the time to do it. I texted them asking if they are taking new patients and he replys right away with yes we are and please just send me your rec and ID. Few minutes later I'm all cleared and make an order and what a f-ing deal they offer. (not rip offs) then truly 30 mins later drivers at my house with some top notch shatters. Already told a bunch of my friends who will be making orders also. Nothing but good things to say about them and unfortunately I may be seeing less of my other delivery service and a lot more these guys. Keep up the good work all us patients appreciate it.

Very late!!

I was quoted @45 minutes etc. I texted the driver three times, and had 13 minutes in between the final text&the driver actually showing up.. I know Friday's are busy, but I'm one of those stoners who actually operate w/punctuality, I was not too happy 90 minutes later.. I will say the driver was very chill&knocked \$20 off the total- as well

Great service and nice drivers

Gave me all the information I needed about what products were best for me and super nice. The best delivery experience I've had

FAST & GREAT SERVICE, GOOD PRICE RANGE

My friends and I have been ordering from this dispensary and have been very satisfied, not only do they sell products at great prices when compared to other dispensaries - the quality of the product definitely was a reason that made us come back for more. They response quickly and have great deals. They also have some of the friendliest service around which I appreciate. 10/10 recommend.

Delivery was amazing.

Never thought ordering weed by delivery would be so easy. First time patient like me, got a free little gift as well as great customer service when my driver got here. But quality great! Got the indoor lemon meringue and truly knocked my dick into the dirt.

Great Service + Quality

Ordered from multiple places in the area for over a year now and this might be the one I end up sticking with. On a limited budget for medicine (college) and the staff really care and try to recommend what will help my conditions specifically the most. Recommend to anybody looking to find fast, affordable, quality medicine!

Best Delivery around

I've used this place a few times now and I have nothing bad to say! I was late home one day and I thought I'd be home before Highway 420 arrived but I found the driver patiently waiting. I was super apologetic but the guy was just happy that I was happy!

BEST DELIVERY SERVICE AROUND

These guys are super respectful, super helpful with information on their product! I asked a lot of questions about different strains and they gave me no BS answers and helped me find the right flower for me. THEY HOOK IT UP FAAAAAT! Love these guys

Awesome service!

Love the delivery service! Showed up early on my first order. And called before getting to my house as I requested. Thanks guys! :)

Quality Products, Quality Service, Quality People!

Best Delivery service. I have ordered from countless services from many different cities and the price, quality, and professionalism shown by Highway 420 is phenomenal and by far the best! Always coming in clutch when the budget was tight and delivering some fine products! Welcome back officially! You guys are truly Menavers! 🍓

Great service

First time ordering with Highway 420 and it was super easy and fast! Sent them a text at 10am got a response super quick!! Just recently broke my foot and finding a good delivery service has been tough but I finally found a good one!

To: "Phenotopia@gmail.com" <Phenotopia@gmail.com>

Cc: "Johnny Nolen (johnny@421.group)" <johnny@421.group>, Michael Varela <mvarela@capsonoma.org>

Dear Mr. Fahey,

I wanted to take this opportunity to thank you for your most gracious donation to Via Esperanza. I appreciate the opportunity for Via Esperanza to become central to Phenotopia's Community Giving Plan. We would love to have you visit our program and learn about the many ways that Via Esperanza supports the Roseland community. I am excited for you to meet Mike Varela, our program Manager and hear about our plans for incorporating the two-gen approach in our work there.

Please let us know when we can schedule a tour for you there. Many of our programs take place during the school year, so the best time to visit is during May in order to take in the richness of our programming before school ends.

A letter will be coming to you soon acknowledging your donation that can be used for tax purposes, but I wanted to reach out to you personally before then.

Hope to hear from you soon,

Susan
