I was in contact with the City and the Stonehouse last year about a dead pine tree on our property line. We are behind the Stonehouse property. It is a dead pine tree. I was told by the property representatives for the Stonehouse they looked at the tree and said it was green and not dead. These pictures tell a different story. It is a dead Pine. This is of great concern to us at 124 Massimo Circle as this tree presents a hazard to our property- land and person. I have all the copies of all email correspondence regarding this matter. Please reply with your assessment and plan to prevent a potential disaster. Helgi and Roy Teixeira, property owners behind the StoneHouse. Thank you.
