To whom it may concern-

Our community has not been given an opportunity to provide input on how police accountability needs to happen in Sonoma County with choosing a Police Auditor. Those of us impacted MUST have a say in the selection process; a diverse group of people not just hand picked by the SRPD should be involved in this process. We also require full transparency throughout the selection, which we have not received. We as a people in Sonoma County have made our voice clear through the voting process that we want police accountability and it starts here.

Violence by police and sheriffs officers is still routine at the MADF. We need so much more work done to change and eliminate this reality. Do not downplay, ignore, whitewash this issue. Schedule frequent, well publicized meetings and tell the truth about the complaints and lawsuits.
