# CURRENT

- On March 16, 2021 the City Council approved RES-2021-041
- The resolution authorized the application for the annual allocation of funding of a then estimated amount
- The CA Department of Transportation is requesting a revised resolution to reflect the actual amount of funding available

# RECOMMENDATION

It is recommended by the Transportation and Public Works Department that the Council, by two resolutions: 1) rescind Resolution No. RES-2021-041, which authorized the Director of Transportation and Public Works or designee to request Low Carbon Transit Operations Program funds to assist in purchasing a battery electric bus, execute the certifications and assurances documents; for the Mayor to execute the authorized agent form; and for the Chief Financial Officer to increase appropriations in revenue and expenditures by the approved grant award; and 2) adopt a revised resolution to replace Resolution No. RES-2021-041 that includes all the same operative provisions, but also contains the revised allocation funding amount, as required by the Department of Transportation.
