

ORDINANCE NO. _____

ORDINANCE OF THE COUNCIL OF THE CITY OF SANTA ROSA AMENDING TITLE 20 OF THE SANTA ROSA CITY CODE – ADDING SECTIONS 20-16.060 THROUGH 20-16.090 TO CHAPTER 20-16, RESILIENT CITY DEVELOPMENT MEASURES, TO ADDRESS HOUSING NEEDS AND ECONOMIC DEVELOPMENT WITHIN THE CITY OF SANTA ROSA FOLLOWING THE TUBBS AND NUNS FIRES OF OCTOBER 2017 - FILE NUMBER REZ17-013

WHEREAS, beginning on the evening of October 8, 2017, and continuing for days thereafter, a series of wildfire events, identified as the Tubbs and Nuns Fires (Fires) burned over 90,000 acres in Sonoma County and damaged or destroyed approximately 3,000 homes and 100 commercial structures within the boundaries of the City of Santa Rosa; and

WHEREAS, on October 9, 2017, the City Manager, in his capacity as Director of Emergency Services, proclaimed the existence of a local emergency in the City of Santa Rosa; and

WHEREAS, on October 9, 2017, the Governor of the State of California proclaimed a State of Emergency for Sonoma and other counties; and

WHEREAS, on October 10, 2017, President Donald J. Trump declared the existence of a major disaster in the State of California and ordered Federal aid to supplement State and local recovery efforts in the areas affected by wildfires, beginning on October 8, 2017; and

WHEREAS, on October 13, 2017 the City Council adopted Resolution No. RES-2017-201 ratifying the City Manager’s proclamation of the existence of a local emergency; and

WHEREAS, the Council recognizes the urgent need to rebuild and repopulate those areas affected by the Fires and has identified several measures by which the process could be expedited and facilitated; and

WHEREAS, on October 24, 2017, the City Council adopted Ordinance No. ORD-2017-018, an urgency ordinance amending the Zoning Code to add Section 20-28.100, Resilient City (-RC) Combining District, to facilitate rebuilding and implementation of resiliency initiatives to those parts of the City most severely impacted by the Fires, and adopted Ordinance No. ORD-2017-019, an urgency ordinance adding the -RC Combining District to the base District of those parcels impacted by the Fires; and

WHEREAS, on December 5, 2017, the City Council held a study session to discuss the Resilient City ordinance and how to streamline and expedite housing and other needed uses Citywide; and

WHEREAS, on February 8, 2018, the Planning Commission voted unanimously to recommend that the Council adopt the Zoning Code Text Amendment to add Chapter 20-16, Resilient City Development Measures, with minor changes to the proposed text; and

WHEREAS, on April 3, 2018, the City Council held a public hearing to discuss the proposed Zoning Code Chapter 20-16, Resilient City Development Measures, and continued proposed Sections 20-16.060 (Reduced Review Authority for Certain Uses), 20-16.070 (Modifications to the Design Review Process), and 20-16.080 (Changes to an Approved Residential, Lodging or Childcare Facility Project) to the April 24, 2018 Council meeting, with direction to staff to provide specific criteria for those projects that would receive reduced review authority, to require that Zoning Administrator meetings for affected projects be held in the evening, to include Emergency Shelters in the list of uses for reduced review authority, with the exception of the Open Space zoning districts, and to require monthly reports to the Council on implementation of the ordinance; and

WHEREAS, on April 24, 2018, the City Council continued proposed Sections 20-16.060 (Reduced Review Authority for Certain Uses), 20-16.070 (Modifications to the Design Review Process), and 20-16.080 (Changes to an Approved Residential, Lodging or Childcare Facility Project) to the May 1, 2018 Council meeting; and

WHEREAS, on April 10, 2018, the City Council adopted an ordinance adding Chapter 20-16, Resilient City Development Measures, and specifically Sections 20-16.010 through 20-16.050, related to temporary housing, temporary structures and accessory dwelling units, to address housing needs and economic development within the City following the Tubbs and Nuns fires of October 2017; and

WHEREAS, the City Council previously found that the City of Santa Rosa is experiencing a housing crisis, and that, prior to the Fires, there existed a severe lack of rental housing that is affordable to lower and moderate income residents; and

WHEREAS, the housing units destroyed by the Fires increased the rental housing shortage by several orders of magnitude, and also severely reduced the number of owner-occupied housing units, as well as child care and lodging facilities in the City; and

WHEREAS, the Santa Rosa Zoning Code includes provisions for development of new housing, childcare and lodging; however, it does not address streamlining and expedition of such development; and

WHEREAS, the proposed Zoning Code Amendment to add Sections 20-16.060 through 20-16.090 to Chapter 20-16, Resilient City Development Measures, is consistent with the goals and policies of all elements of the General Plan and any applicable specific plan, in that the additional sections will not allow density beyond what is currently provided in the General Plan, and will continue to require consistency with the requirements of the Zoning Code. While the review authority for certain uses would be reduced, those uses that would have the potential for causing impacts to adjacent land uses will continue to require an entitlement permit, which will allow for consideration of compatibility and consistency with surrounding uses; and

WHEREAS, the proposed amendment would not be detrimental to the public interest, health, safety, convenience, or welfare of the City in that it will provide a means by which to

encourage and facilitate the development of new housing, lodging and childcare facilities Citywide following the Fires and the pre-existing housing shortage.

THE PEOPLE OF THE CITY OF SANTA ROSA DO ENACT AS FOLLOWS:

Section 1. The Council finds, based on evidence and records presented, that amending Title 20 (Zoning) of the Santa Rosa City Code, as follows, is required to address housing needs and economic development within the City of Santa Rosa following the Tubbs and Nuns fires of October 2017.

The Council further finds and determines that:

1. The proposed amendment is consistent with the goals and policies of all elements of the General Plan, and any applicable specific plan in that it would not allow density beyond what is currently provided in the General Plan or any applicable specific plan, nor would it allow new uses to be established in areas inconsistent with the General Plan;
2. The proposed amendment would not be detrimental to the public interest, health, safety, convenience, or welfare of the City in that it would amend Chapter 20-16 of the Zoning Code to provide less stringent regulations to help incentivize the development of new housing, child day care facilities and lodging facilities within the City following the Nuns and Tubbs fires of October 2017. While the review authority for certain uses would be reduced, those uses that would have the potential for causing impacts to adjacent land uses would continue to require an entitlement permit (Minor Use Permit), which would allow for consideration of compatibility and consistency with surrounding uses;
3. The proposed project has been reviewed in compliance with the California Environmental Quality Act (CEQA); and
4. The proposed amendment is internally consistent with other applicable provisions of this Zoning Code as it would continue to require consistency with all elements of the Zoning Code.

- A. Application. An applicant shall request desired changes in writing, and shall also furnish appropriate supporting materials and an explanation of the reasons for the request. Changes may be requested either before or after construction or establishment and operation of the approved single or multi-family residential, residential small lot subdivision, lodging or child care facilities.

- B. Planning and Economic Development Director action. The Director of Planning and Economic Development may authorize one or more changes to an approved site plan, architecture, or the nature of the approved single or multi-family residential, residential small lot subdivision, lodging or child care land use where the Director first finds that the changes:
1. Are consistent with all applicable provisions of this Zoning Code;
 2. Do not involve a feature of the project that was a basis for findings in a negative declaration or environmental impact report for the project;
 3. Do not involve a feature of the project that was specifically addressed or was a basis for conditions of approval for the project or that was a specific consideration by the review authority (i.e., the Commission or Council) in the project approval; and
 4. Do not result in an expansion of the single or multi-family residential, residential small lot subdivision, lodging or child care land use and/or activity.

The Director may choose to refer any requested change to the original review authority for review and final action.

- C. Notification. At least ten (10) calendar days prior to taking action on any proposed changes to an approved single or multi-family residential, residential small lot subdivision, lodging or child care facility project, the Director of Planning and Economic Development shall notify, by mail, all persons or entities as set forth in Section 20.66.020(C)(1). No public hearing shall be required.

20-16.110 Annual Review.

Notwithstanding any other provisions of the City Code, the City Council will receive an annual report on the implementation of Section 20-16.060, Reduced Review Authority for Certain Uses, Section 20-16.070, Modifications to the Design Review Process, and Section 20-16.080, Changes to an Approved Residential, Lodging or Child Care Facility Project, in order to consider whether any changes are needed.”

Section 3. Add a note to Zoning Code Section 20-22.030, Table 2-2, Section 20-23.030, Table 2-6, Section 20-24.030, Table 2-10, and Section 20-26.030, Table 2-12, related to allowed land uses and permit requirements, to read and provide as follows:

“The land use and permit requirements set forth in this Table shall be waived for all land uses approved under the provisions of Chapter 20-16, Resilient City Development Measures.”

Section 4. Environmental Determination. The Council finds that the adoption and implementation of this ordinance is exempt from the California Environmental Quality Act (CEQA) pursuant to the following exemptions set forth in the Public Resources Code and CEQA Guidelines.

- Adoption of the ordinance is exempt under the “common sense exemption” set forth in CEQA Guidelines Section 15061(b)(3), which provides that CEQA applies only to projects having the potential to cause a significant effect on the environment. “Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.” The proposed project would amend the City’s Zoning Code, adding Sections 20-16.060 through 20-16.090 to Chapter 20-16, Resilient City Development Measures, to provide less stringent regulations to help incentivize the development of new housing, child day care facilities and lodging facilities within the City following the Nuns and Tubbs fires of October 2017. The proposed Zoning Code amendment would not in and of itself allow the development of any new structures or alteration of lands; rather, any future projects utilizing the proposed regulations would require their own entitlement permit and CEQA review process.
- Adoption of the ordinance is exempt under CEQA Guidelines section 15183, which provides that “projects which are consistent with the development density established by existing zoning, community plan or general plan policies for which an EIR was certified shall not require additional environmental review, except as might be necessary to examine whether there are project-specific significant effects which are peculiar to the project or its site.”

The proposed addition of Sections 20-16.060 through 20-16.090 to Chapter 20-16, Resilient City Development Measures, would address housing needs and economic development within the City following the Tubbs and Nuns fires of October 2017. The

proposal would reduce the review authority for certain residential and child care uses, and would reduce the Design Review process for residential, child care and lodging uses.

Each of the proposed measures is consistent with the Santa Rosa General Plan, Zoning Code and any applicable specific plan. The proposal would not allow density beyond what is currently provided in the General Plan, and would continue to require consistency with the requirements of the Zoning Code. While the review authority for certain uses would be reduced, those uses that would have the potential for causing impacts to adjacent land uses would continue to require an entitlement permit (Minor Use Permit), which would allow for consideration of compatibility and consistency with surrounding uses.

- Adoption of the ordinance is exempt under CEQA Guidelines Section 15269(a) regarding maintaining, repairing, restoring, demolishing, or replacing property or facilities damaged or destroyed as a result of a disaster stricken area in which a state of emergency has been proclaimed by the Governor pursuant to the California Emergency Services Act, commencing with Section 8550 of the Government Code, and Section 15269(c) regarding specific actions necessary to prevent or mitigate an emergency. The proposed addition of Sections 20-16.060 through 20-16.090 to Chapter 20-16, Resilient City Development Measures, would address housing needs and economic development within the City following the Tubbs and Nuns fires of October 2017. A state of emergency was proclaimed by the Governor on October 9, 2017. The proposal would reduce the review authority for certain residential and child care uses, and would reduce the Design Review process for residential, child care and lodging uses.

Section 5. Severability. If any section, subsection, sentence, clause, phrase or word of this Ordinance is for any reason held to be invalid and/or unconstitutional by a court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance.
