Subject: [EXTERNAL] Bike/Ped bridge over Highway 101
Date: Tuesday, July 21, 2020 12:59:22 PM

I strongly favor the Edwards-Elliot alignment. It is the better of the two alignments for connecting the 30 k people who come to the SRJC with Coddington Mall and the SMART station and choose to walk.

- I have attended **all** the public meetings for the project. The first was more than a decade ago.
- I was part of the group that met with Kirstie Moore, Development Manager, Coddington Enterprises to advocate this alignment before Coddington sold the property now occupied by Dick's Sporting Goods.

Please advocate the Edwards/Elliott alignment in your direction to staff.

Willard Richards
