EXECUTIVE SUMMARY

The Public Art Program within the Planning & Economic Development Department requires assessment, conservation, and maintenance services for the Public Art Collection. The First Amendment to the Professional Services Agreement with Preservation Arts, LLC will allow the continuation of these services desired by the Public Art Program over a three-year period with an anticipated annual expenditure of \$50,000.

BACKGROUND

The City of Santa Rosa Public Art Collection consists of approximately 200 artworks commissioned by or otherwise owned by the City. Most of the Collection consists of Public Art located outdoors, however a small Portable Collection of two-dimensional works is also included. Assessment, conservation and maintenance services were originally sought in 2017 through a Request for Proposals (RFP) process to assess the Collection and prioritize artwork maintenance and conservation needs, perform maintenance and conservation on identified artworks in the Collection and, perform ongoing annual maintenance. Preservation Arts, LLC was originally contracted for these services in 2017, selected through the RFP process.
