3 <sup>rd</sup> Street Garage	Hour	First hour free, then \$1.00

**ADDITIONAL PARKING FEE REDUCTIONS**

**1. One free metered parking session with mobile payment**

The City currently offers a mobile payment option for metered parking through Passport Parking. With the COVID-19 pandemic, people may be more interested in utilizing a payment method that does not require them to touch a parking meter. To support use of the Passport Parking smart phone application, the City will offer mobile payment users through Passport Parking, a one-time use per account, free validated metered parking session, up to \$3.15 in value, to parkers who utilize the mobile payment option. This is the equivalent of a 4-hour parking session in the Value Zone and a 2-hour parking session in the Premium Zone, including the \$0.15 convenience fee on a first-come, first-serve basis up to a total amount of \$31,500 in incentives through June 30, 2021 or the date the City reaches the Yellow Tier, as outlined by the State of California in its COVID-19 reopening criteria. The reduced fees will terminate at the earliest date specified above.

**2. Waiver of Meter Reservation Fees (Meter Cover) for Parklets, Outdoor Seating and Retail**

The reinstated Schedule of Parking User Fees charges meter reservation fees of \$12/day per Value Zone metered parking space, and \$15/day per Premium Zone metered parking space (referred to as “Meter Cover”). The City will waive these fees for City encroachment permit holders for the duration of the permit, where the permittee is temporarily using the right of way for parklets, outdoor seating and retail to allow businesses to expand their footprint into adjacent parking spaces to meet physical distancing requirements under the Sonoma County Public Health Order.
