6 "Listen to the Whispering Winds" by May + Watkins Design

### Girl with Dog

This bronze sculpture showcases a little girl running alongside her dog.

### Wish You Were Here

This artwork is located on the side of Drapers restaurant in Historic Old Town Fairfax. The goal was to capture the cultural soul of Fairfax City, encourage residents to visit the restaurant, and

### The Dancer

This sculpture features a female dancer figure, created from stainless steel rods measuring 1/4" to 1" thick.

A unique and dynamic experience awaits visitors to Windy Plumes Park in Green Valley Ranch. The concept for "Listen to the Whispering Winds" references native leaf and grass forms and the colors of the high plains. These design elements are combined into a swooping, swirling, environment that forms an attractive sculpture and wayfinding element while also serving as a seating area and a place for people to gather along the Regional Trail.
