## **SITE SECTION B-B**

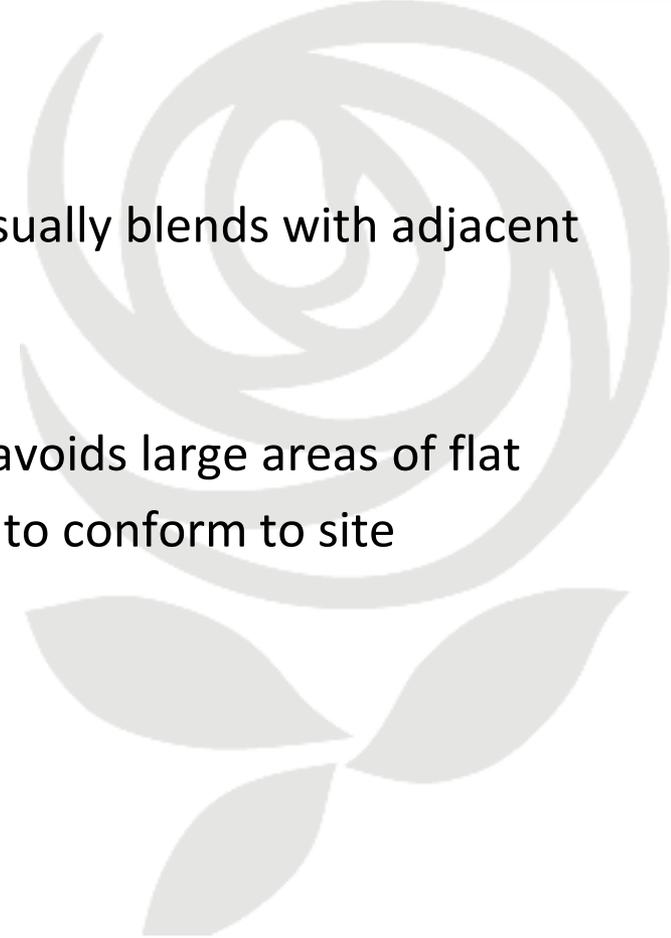

HORIZONTAL SCALE: 1"=10'

VERTICAL SCALE: 1"=10'

# Hillside Development Standards - Applicability

Two key findings required by the Code state:

4. Project grading respects natural features and visually blends with adjacent properties;
5. Building pad location, design, and construction avoids large areas of flat pads, and building forms are instead “stepped” to conform to site topography;

The Planning and Economic Development Department recommends that the Zoning Administrator, by resolution, approve a Hillside Development Permit for a new single-family home, driveway and detached garage in areas of 10% slope or greater, located at 980 Madelyne Ct., File No. HDP22-002.
