

# CITY COUNCIL AND PLANNING COMMISSION STUDY SESSION

The General Plan Update process, known as **Santa Rosa Forward**, provides an important opportunity to **revisit** and **rethink** community planning policies and programs.

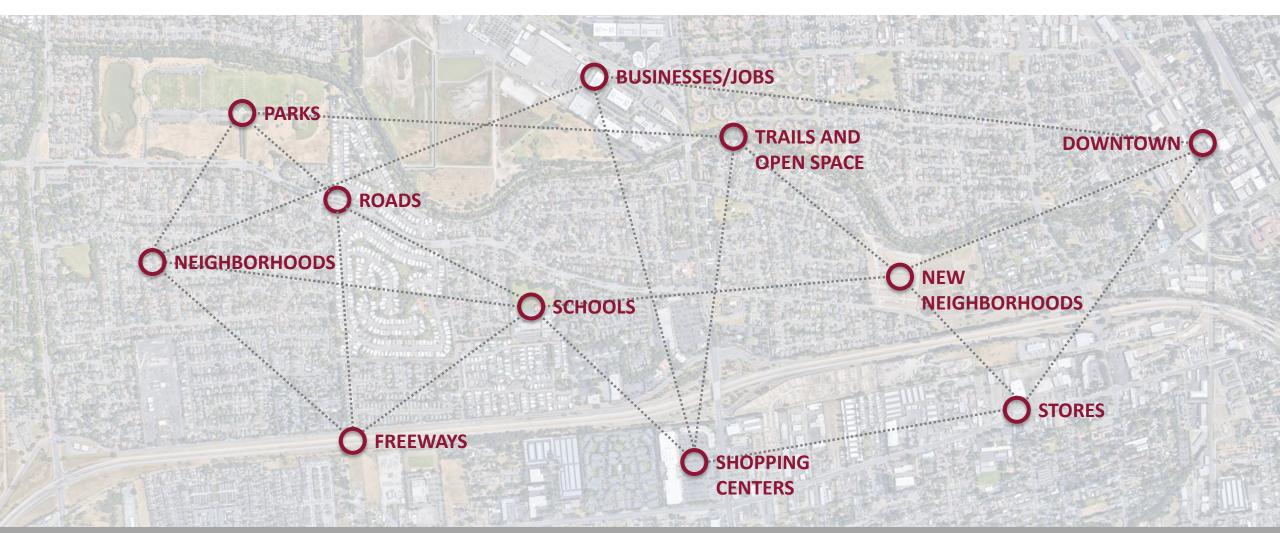

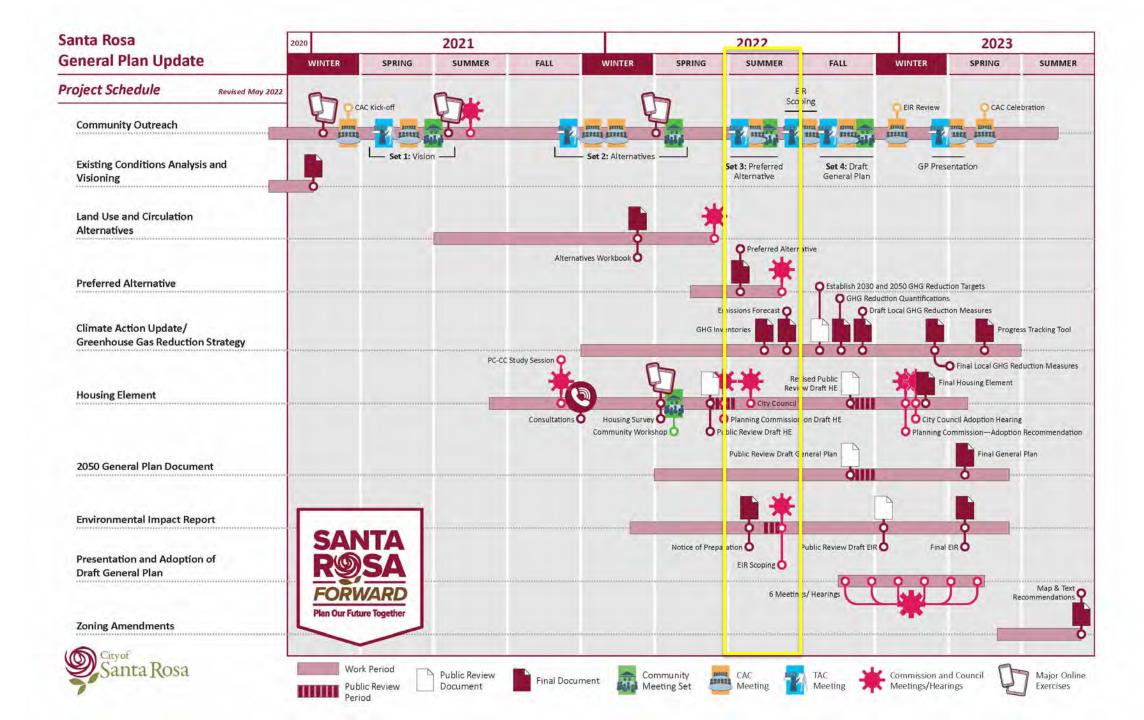

Community is directly engaged to identify opportunities and solutions at regional, citywide, and neighborhood scales.

# Preferred Alternatives Process

### Technical Advisory Committee

TAC includes approximately 75 members of City staff and partner agencies.

Role is to review draft materials and reports, provide technical support and analysis, and support community outreach.

### TAC Member City Departments Represented

City Attorney

Community Engagement

Finance

Fire

Housing and Community Services

Information Technology

Planning & Economic

Development

Police

Recreation & Parks

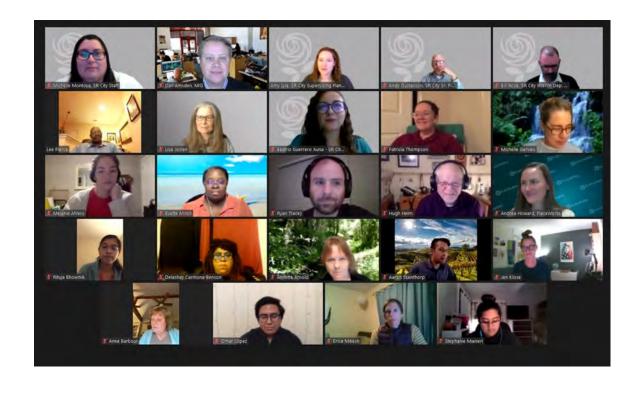

Transportation & Public Works

Water

### Community Advisory Committee

CAC's key role is to act as project liaisons to encourage the wide range of community members to participate in the project.

The CAC is not a decisionmaking body and will not have access to information or take action that differs from the opportunities made available to all outreach participants.

Alternative 2
Neighborhood Main Streets

## Alternative 3 **Distributed Housing**

Santa Rosa General Plan Update

### **Preferred Alternative Summary**

#### **Economics and Housing**

#### **KEY FEATURES** OF THE PREFERRED ALTERNATIVE

Santa Rosa is a city of neighborhoods, each with its own unique character and hub for goods and services, complemented by a full-service Downtown.

New housing is focused in Downtown, around neighborhood shopping centers, and along key corridors.

Most residents have safe access to places that meet their daily needs, including grocery stores, parks, and small office and retail services. These businesses offer more jobs throughout the city.

Downtown Santa Rosa is enhanced and bolstered as a vibrant urban core with amenities that attract visitors and serve residents through implementation of the Downtown Station Area Specific Plan.

Downtown development supports local businesses and attracts well-established companies that serve as economic anchors and cluster knowledge-based businesses and job.

Job and business growth is concentrated in locations with convenient multi-modal access for the local and regional labor force, and industrial districts continue to provide convenient goods movement options for businesses.

As many as 24,000 new homes are built in Santa Rosa by 2050, supporting approximately 650,000 square feet of new community-serving retail, in addition to new dining and personal service businesses.

Regional demand supports up to 2 million square feet of new office and 1 million square feet of new industrial development, primarily in south Santa Rosa, Downtown, and along Highway 101.

Commercial growth potential could support 8,500 new jobs: 1,500 new jobs in both retail and industrial and 5,500 office jobs.

Increased residential density drives resident-serving business growth, including retail, dining, and personal services, in neighborhood centers and along key corridors in all corners of the city.

#### **VISUALIZING** THE CONCEPTS

Mixed Use Downtown

Street Dining/Retail/

Infill Housing

#### NEW GOALS

Continue to distribute housing accessible to low- and very lowincome households across the city.

Facilitate future annexations with a thoughtfully designed and transparent strategy.

Ensure new growth and development is resilient to economic cycles and forces.

#### **Efficient and Sustainable Development**

#### **KEY FEATURES** OF THE PREFERRED ALTERNATIVE

The updated General Plan will include enhancements to the transportation network to manage transportation demand and reduce vehicle miles traveled by improving connectivity and reducing dependence on single-occupant private vehicles, including to access the city's priority development areas (PDAs)-Mendocino Avenue/Santa Rosa Avenue Corridor, North Santa Rosa Station, Downtown Station Area, Sebastopol Road Corridor, Roseland, and Santa Rosa Avenue-SMART stations, and neighborhood shopping centers.

East-west connections for walking and biking and transit are improved, and first/last mile links to SMART Corridor are emphasized.

The transit system expands and operates longer hours, more frequently, and serves more destinations and communities to support travel alternatives for everyone in Santa Rosa.

Evacuation is a priority consideration in all transportation network-related planning (wildfire, earthquake, flood, and other related hazards).

Growth potential accommodated in the land use diagram does not exceed the City's capacity to meet the community's water needs through the General Plan horizon.

#### **VISUALIZING** THE CONCEPTS

Vehicle Lane Reduction

Pedestrian and Bicycle

Transit Routes and Stop

Protected Bicycle Lanes

Cycle Track

#### NEW GOALS

Achieve carbon neutrality by 2030.

Improve infrastructure, linkages, and access to transit and active modes of transportation to better meet daily commuting needs and limit greenhouse gas emissions.

Provide the highest-quality City servicesincluding transit, utilities, infrastructure, parks and recreation, and more-and ensure accessibility to everyone in Santa Rosa.

What does "sustainable" mean for Santa Rosa? Practices and behaviors that meet the needs of the present without compromising the ability of future generations to meet their own needs.

### **Resilience and Safety**

#### **KEY FEATURES** OF THE PREFERRED ALTERNATIVE

Development in the wildland urban interface (WUI) is limited to what is currently allowed and resilience in the WUI improves with time.

East Highway 12 expansion improves evacuation capacity during wildfire and other hazard events. Enhancements to other key roadways in the evacuation network, including enabling wrong-way travel, support increased capacity in emergency scenarios.

Transit system enhancements support the evacuation needs of zero vehicle households.

#### **▶ PROPOSED NEW GOALS**

Fortify the community, especially equity and facilitate recovery from future planning in advance.

from the highest fire risk areas.

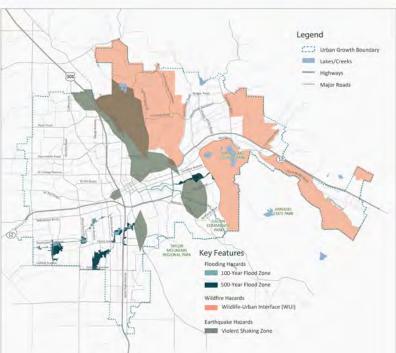

highly vulnerable to hazards, such as

Firesafe Home/Property

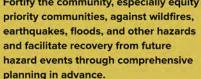

Creek Restoration

Resilience Hub

Support the potential managed retreat

Institute new building standards in areas wildfire and earthquake, to minimize the impact of a hazard event.

### Equity and Health

#### **KEY FEATURES** OF THE PREFERRED ALTERNATIVE

Equity priority communities have safe, comfortable, and convenient walking or wheeling (including bike, stroller, and wheelchair) access to full-service markets and fresh foods, outdoor active and passive recreation, and a robust active transportation network.

New housing for equity priority communities is thoughtfully designed, emphasizes visitability (easy access for seniors and people with disabilities), and is located to avoid exposure to environmental threats. Residential growth is set back a minimum of 500 feet from Highways 101 and 12 to avoid exposure to particulate matter from these roadways.

Gaps in the sidewalks and pedestrian network are eliminated in equity priority communities.

People of all ages and abilities have barrierfree access to essential goods and services, and neighborhoods support aging in place.

#### **VISUALIZING** THE CONCEPTS

Park Amenities

Community Garden

#### **NEW GOALS**

Make lifelong learning opportunities and safe spaces to gather and recreate equitably accessible to everyone.

expand economic opportunity to

Prioritize funding for services,

equity priority communities.

amenities, and infrastructure in

to healthy foods.

Recognize and reconcile historic and existing land-use patterns that perpetuate racial and socioeconomic segregation.

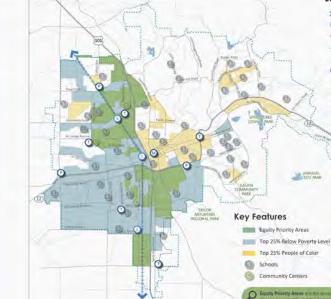

Engage a diverse and wide range of opinions, representative of Santa Rosa residents, in city decision-making.

Celebrate and showcase the community's diversity and promote it as a strength.

Bring art, cultural resources and activities, historic assets, and live music to all neighborhoods, accessible to everyone.

## Draft Preferred Alternative Engagement Activities

- Interactive Online Survey
- Two Bilingual Community Open Houses (October 12<sup>th</sup> and 15<sup>th</sup>)
- Community Organization
   Mini-Workshops

- Youth Engagement Activities
- Planning Commission and City Council Study Session
- Equity Priority Community
   Sessions (interviews, focus groups, meetings, pop-ups, etc.)

### Next Steps

- Finalize the Preferred Alternative, which will be the basis for the 2050 General Plan
- The 2050 General Plan will include detailed goals, policies, actions and implementation programs addressing a full range of topical areas (e.g., land use, housing, mobility, equity, infrastructure, safety, resilience, etc.).
- Community discussions and events on the draft General Plan will be held during Winter 2023

### Recommendation

It is recommended by the Planning & Economic Development Department that the City Council and Planning Commission review and provide input on the draft Preferred Alternative, taking into consideration community feedback, to help guide the preparation of the draft 2050 General Plan.
