EOP Scope

- The EOP is...
 - A high-level document outlining key steps taken by responding departments and agencies in Santa Rosa.
 - A document that outlines who has responsibility for what tasks within the City.
 - An all-hazards document (except for expanded hazard-specific annexes).
- The EOP isn't....
 - Tactical Procedures / Checklists for how specific tasks are accomplished. These are internal to the respective department responsible for those tasks.
 - A document outlining how Cities and the County coordinate, this would be covered in the Sonoma County EOP.
 - A Continuity of Operations Plan (COOP), a Mitigation Plan, or a city General Plan - these are published separately but support the EOP.

- ***Culturally Diverse Communities*** includes, but is not limited to, race and ethnicity, including indigenous peoples, communities of color, and immigrant and refugee communities; gender, including women; age, including the elderly and youth; sexual and gender minorities; people with disabilities; occupation and income level including low-income individuals and the unhoused; education level; people with no or limited English language proficiency; as well as geographic location.
