

Community Wildfire Protection Plan (CWPP) Second Annual Report

City Council Meeting
January 10, 2023

Paul Lowenthal
Fire Marshal, Fire Department

CWPP Purpose

- The purpose of the Community Wildfire Protection Plan (CWPP) is to enhance protection of human life safety and reduce the wildfire threat to community assets such as homes, commercial structures, critical infrastructure, businesses, and natural and historic resources within the City of Santa Rosa.

CWPP History

- First CWPP for Santa Rosa funded through HMGP awarded
- Development of CWPP initiated April 2019
- Final plan approved by Council August 25, 2020
 - Glass Fire September 27, 2020
- Council approved \$5.25 million in 2021
 - 5 years of funding
 - \$250K for new CWPP in 2025
- First annual report end of 2021
- Delayed second annual report for new council
- 5-year plan - 2025

Nine Objectives & Forty-six Actionable Items

Improve Coordination & Tracking

4 Action Items Identified

- Developed a GIS database to track vegetation management activities and keeping it updated.
- Coordinate with property owners, open space management associations and homeowner associations to track large scopes of work
 - Maps of grazing activities
- Provide support to property owners, open space management associations and homeowner associations to assist in treatment design, maintenance and funding sources
 - Alta Vista HOA, OSMA, OVA

Improve Evacuation Routes

6 Action Items Identified

- Investigate use of use of naturally based herbicides
 - Invasive growth
- Address impacts of fire damaged trees on routes
 - Vegetation Management Ordinance
 - Roadside fuels (burned trees) in burn scars (2023)
- Identify property owners and perform fuel reduction
 - Awarded HMGP for Fuel Reduction Along Evacuation Routes – \$2.1 Million (Cost Share of 25%)
 - Phase 1 in progress (opt residents in)
 - Phase 2 in late 2023

Improve Evacuation Routes

6 Action Items Identified

Educating the Public

9 Action Items Identified

- Increased education to residents on defensible space, fire safe landscaping, home hardening, evacuation and preparedness
 - One on one, neighborhood meetings, Wildfire Ready, City Connections
- Redesigned website and keeping it current to better organize everything wildfire ready related.
 - srcity.org/WildfireReady and srcity.org/ReadySR
- Creating new content and materials
 - HCD-MIT-PPS awarded \$500,000
- Evacuation drills and education
 - Spring Lake Villages, OVA, Fountaingrove

Educating the Public

The City of Santa Rosa Fire Department officially declares May 17 as the start of the 2021 wildfire season in Santa Rosa

Find information and resources on this page to learn more about what the City of Santa Rosa is doing AND what you can do to help reduce wildfire risk in Santa Rosa. If you can't find what you're looking for, please contact us for help.

It takes all of us.

Santa Rosa was devastated by the 2017 Northern California wildfires which, in the city alone, took 9 lives and destroyed 3,043 homes. In September 2020, the Glass Fire also impacted Santa Rosa destroying another 34 homes and damaging 23. As the community moves on in recovery from these disasters, the Santa Rosa Fire Department continues to work with residents to help prevent as well as prepare for the threat of other future wildfires. It takes each of us working together to create a more resilient community.

PRESENTED BY THE CITY OF SANTA ROSA

WILDFIRE READY RESOURCE FAIR

Saturday, May 21, 2022
10am - 2pm

Courthouse Square
Santa Rosa

srcity.org/WildfireReadyResourceFair

Fire season is nearly here. Join the City of Santa Rosa and neighboring Sonoma County agencies for a one-day resource fair open to all community members. Come to the event for wildfire preparedness information including:

- ✓ Individual and Family Preparedness
- ✓ Home and Property Preparedness
- ✓ Emergency Alerts and Notifications
- ✓ Evacuation Zones for Santa Rosa Residents
- ✓ Mental Health and Other Wellness Resources
- ✓ Disaster Resources for Neighborhoods

And more!

Educating the Public

2022 OUTREACH PLAN: WILDFIRE SEASON PREPAREDNESS

- Declaring start and end of Fire Season
- News Release, Nixle and social media content
- City Connections
- Radio PSA
 - Weed Abatement
 - Wildfire Awareness
 - Emergency Preparedness

Improve Wildfire Preparedness

5 Action Items Identified

- Working to increase the number of City residents active in COPE (Citizens Organized & Prepared for Emergencies)
 - Future opportunities or Neighborhood Fest
- Continuing to foster and maintain relationship with LISTOS/COAD
 - Community Outreach and Emergency Management
 - Spanish NOAA Weather Radios
- Develop a program to address evacuation of vulnerable populations
 - Oakmont (COPE and Map Your Neighborhood)
 - Spring Lake Villages

Increase Structural Hardening

6 Action Items Identified

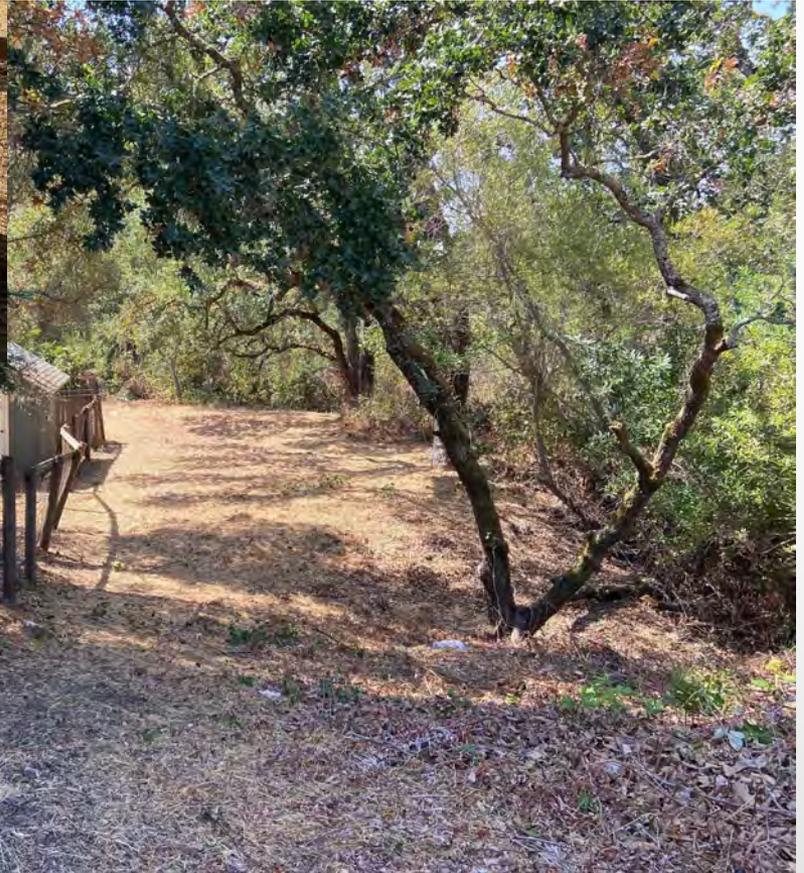

- Ignition Free Zone for new homes permitted after January 1st, 2023 (previous code cycle as well)
 - 3'-5' free of vegetation, organic and combustible groundcover and mulch, etc.
 - Noncombustible materials for gates against homes
- Fire Inspector(s) assigned to conduct voluntary home inspections/assessments for home hardening and defensible space
- Approval of Phase 1 for HMGP for \$2.1 million for a Wildland-Urban Interface Fuel Modification Program
 - Includes retrofits – Vent screens and gutter guards
 - 25% cost share

Treat Vegetation to Reduce Hazard

6 Action Items Identified

- Utilized balance of 21/22 FY funds from Fire Department Weed Abatement and Vegetation Management Program to accomplish projects.
 - Fountaingrove Parkway
 - Lower Skyhawk Open Space
- Working with HOA on fuel treatment within compartments identified in CWPP and applicable methods in common HOA areas
- First prescribed fire on Old Redwood Highway, 9.8 acres.
- Santa Rosa Junior College, Conservation Corps of the North Bay and SAC

Treat Vegetation to Reduce Hazard

Treat Vegetation to Reduce Hazard

Improve Enforcement of Defensible Space Standards

7 Action Items Identified

- Code adoption priority in 2022, new Vegetation ordinance projected for 2023
 - Burn scar fuels, dead trees, ban on specific mulches, defensible space zones, pile burning, etc.
- Develop fire safe landscape standards
 - Fire Station 7 demo garden
- Developed inspection program
 - Phase 1 – Education and voluntary Assessments
 - In progress with existing staff, full staffing projected early 2023.
 - Phase 2 – Inspection Program (2 years)
 - Phase 3 – Enforcement Program

Increase Staffing to Address Wildfire Mitigation

1 Action Item Identified

- 43% of the community surveyed during the development of the CWPP didn't feel there was enough staffing. 74% supported increase in staffing.
- Restructured Assistant Fire Marshals and added three limited term positions.
- Working to recruit second limited term fire inspector position.
 - 2 limited term Fire Inspector
- Unable to recruit for Building Plans Examiner, changed to Limited Term Community Outreach Specialist

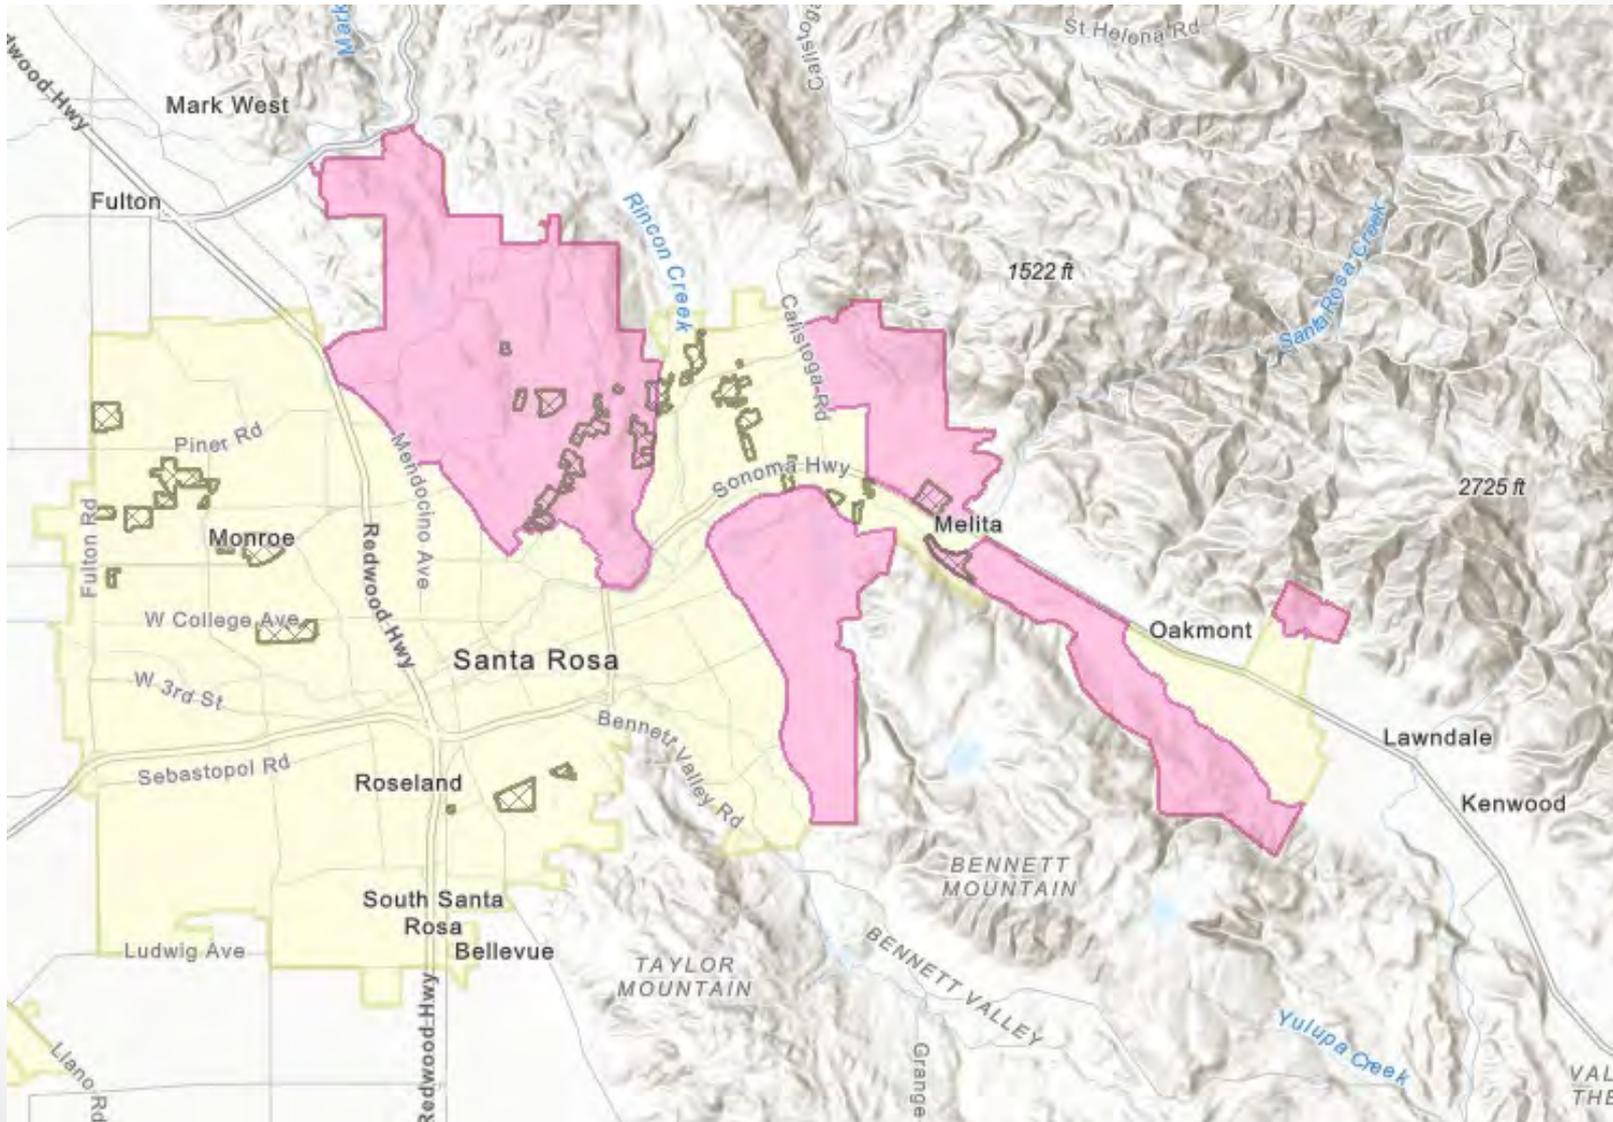

Consider Expanding the WUI

2 Action Items Identified

- Based on feedback of the community, the existing Wildland Urban Interface Fire Area for the City of Santa Rosa was examined.
 - Coffey Park
- Staff determined that the current areas outside of the existing WUI do not meeting the intention of the designation.
 - Unintended consequences
- December 14, 2022, CAL FIRE released new SRA maps of the Fire Hazard Severity Zones
 - Bennett Valley, Kawana Springs Road, Fountaingrove and Oakmont
