RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF SANTA ROSA

- A. The proposed amendment is consistent with the goals and policies of all elements of the General Plan, and any applicable specific plan in that the R-1-6 (Single-family Residential) Zoning District is consistent with the General Plan land use designation of Low Density Residential (2-8 units per acre);
- B. The proposed amendment would not be detrimental to the public interest, health, safety, convenience, or welfare of the City in that the area has been designated for residential uses;
- C. The proposed amendment has been reviewed in accordance with the California Environmental Quality Act (CEQA) and has been found, pursuant to CEQA Section 15183, not to require additional environmental because the proposed amendment is consistent with the policies of the 2035 General Plan, which was adopted with a certified General Plan EIR; there is no special circumstance on the project site or vicinity, such as steep slopes or wetlands, that would be adversely affected by the Project; there is no new information regarding the environmental setting not previously evaluated by the General Plan EIR that may be adversely impacted by the Project; uniform application of the City's policies and regulations will ensure environmental effects of the Project, if any, will be avoided or mitigated to a level that is not significant.
