Subject: Yes! 🍀 ☐ On 1805 Empire Industrial Ct Grow Project

Good Morning Ms Murray,

My name is Katie Turgeon Leinen, I am a 53 year old mother of five, from St Helena. I wanted to express to you the importance and my support of the 1805 Empire Industrial Ct Grow Project. I had never been a Cannabis user until fairly recently. I use to be very against the use of Cannabis and ignorant of it's benefits. Sometimes you have to get hit hard, to see things differently.

I was forced after years of chronic back pain, to have surgery at the age of 50 to fix the defect, or never walk again. Although the surgery was successful, the nerve damage is severe. I feel blessed to be walking, but deal with nerve pain on a daily basis. I still do physical therapy, acupuncture and non force chiropractic therapy in hopes to improve the nerve damage, however for the first year after surgery I was relying on prescriptions for pain relief. Unfortunately, I started dealing with a multitude of side effects from the medications, such as...hormonal dysfunction, decreased brain function, liver damage, an irritated stomach and an overall weakening of my immune system. After trying many different medications from several Doctors, I was frustrated and fed up. I was loosing precious time and over medicated.

I finally had to listen to my own adult children and friends, educate myself on the medicinal benefits of Cannabis.

It has changed my life!!!

Im so grateful that I was able to open my eyes, to admit my ignorance on Cannabis due to my own fears. It would be wonderful to see a project like this close to my community. I have to drive to Oakland and Berkeley to get product, and many times they are out of the product I need, due to THC/CBD demand. We need more positive community grow projects, that provide safe tested Cannabis, so people with many issues can get the help and relief they need. It would also benefit the city of Santa Rosa in many ways, especially after the devastation of the fires. Many of my friends are still out of work. It would provide jobs in a safe and positive environment and generate spending in the local economy. It also offers a great tax revenue for the community of Santa Rosa.

I hope that you and other city officials see the potential benefits of the 1805 Empire Industrial Ct Grow Project, how important and beneficial Cannabis is to the modern social and economic situation in Santa Rosa.

How wonderful that there is a product people actually want to buy, that served them in a positive way, and then that contributed back to the community. A win win!!

Kind Regards,
Katie Turgeon Leinen

Subject: Permit Approval Meeting May 10th

Greetings Susie. My name is Mike Lamborn.

I am writing you today to request your "yes" vote approving a permit for 1805 Empire Industrial Court as a Legal Cannabis facility at the May 10th meeting. I have known David Page the Managing Partner for two decades and have the greatest respect for him as a businessman & a person. Their operation will be yet another asset for the City of Santa Rosa, now and into the future. As a Santa Rosa property owner (Countryside Circle) and Tax Payer I ask for your Yes vote.

Regards,

Mike Lamborn

Subject: Conditional use permit for 1805 empire industrial ct.

To whom it may concern,

I am writing in regards to the conditional use permit for 1805 Empire Industrial Ct. I am a resident of Sonoma County and wanted to state my support for Middle Relief Partners, Inc. I have known and worked closely with their Director of Cultivation and one of the partners for several years and trust that they will operate an ethical and responsible company that will benefit the residents and city of Santa Rosa.

Sincerely,

Todd Cutter

Subject: Pending Legal Permitted Cannabis Facility 1805 Empire Industrial Cy

Hi Susie,

I am writing today in regard to the pending legally permitted cannabis facility at 1805 Empire Industrial Court in Santa Rosa. I understand that the permitting process will come to a conclusion on May 10th. I would just like to take a moment to send you an e-mail expressing that I vote Yes on this legally permitted cannabis facility, which would be coming to our neighborhood.

I am a neighbor eager to see a positive change to a beautiful area which is used to thriving and is currently in the process of rebuilding and in which I would love to see stay strong and prosper. I'm voting yes on the grounds of tax revenues, employment opportunities and local spending in an area that needs it, not to mention safer medicine options for so many people. I really appreciate you taking the time in reading this email and considering my vote in a positive direction on this project. Thank you very much.

Best wishes,

Audrey Warlitner

Subject: Permit for 1805 Empire

Dear Susie Murray, Santa Rosa City Planner,

As a resident of Lake County who shops at existing medical marijuana dispensaries in Santa Rosa, I am writing regarding the hearing scheduled for Thursday April 10 on the permit for 1805 Empire Industrial Ct. The proposed development of 1805 Empire is a major and important project for both the community, and the medical industry. This serves as both a revenue income for the county and businesses (Friedmans, hydro stores, restaurants, convenience stores) that will be used. The City of Santa Rosa will benefit from taxes, and the local contractors and 1805 Empire will be employing Sonoma County residents. This project merits approval, as it has the same level of planning and community involvement as projects of similar size and importance. For years we have been unable to receive quality medicine (untested, pesticides, fungus) supplied by our clubs. This is all changing, quality medicine must be provided to our residents, and this will fill that void. Such a planning process has been a long one, and the necessary steps have been taken. Vote for approval, this is a win-win project.

Thank you,

*John Siegel
